TO: Dr. Andy Barrett
FROM: Tim Wyller
RE: Kane County Grant

Date: 9/16/2024

Dr. Barrett,

In accordance with Policy 8:80- Gifts, Grants, and Bequests having a value of more than \$500.00 shall be accepted by the Board of Education.

Mill Creek Elementary School has been selected as a recipient of the H2O On the Go grant, presented by Delta Dental of Illinois Foundation and Illinois Children's Healthcare Foundation. One water cooler will be sent the school and installed by a trained professional under the direction and cooperation of CUSD 304 guidance.

We are so thankful for the support of the H2O On the Go grant and Delta Dental of Illinois Foundation and Illinois Children's Healthcare Foundation. This contribution is greatly appreciated by our entire community and will have a significant positive impact on the health and well-being of our students. The new water fountain will provide our students with easy access to clean and safe drinking water, promoting better hydration and overall health. This is especially important in encouraging healthy habits and ensuring that our students stay focused and energized throughout the school day.

I am requesting approval from the Board of Education, at their next regularly scheduled meeting, to accept the grant and installation of the water fountain to Mill Creek Elementary School.

Sincerely,

Tim Wyller
Principal, Mill Creek Elementary School
