## Demographics

**Demographics Summary**

**Location:**

Manor Independent School District, categorized as a suburban community district, covers 100 square miles and serves families in the Austin, Manor, and Elgin communities. The district is a blend of urban east Austin and rural Travis County, which features high-tech companies such as Samsung and Applied Materials to miles of undeveloped farmland. Manor ISD currently has two high schools, one alternative high school, three middle schools (one is an in-district charter school), and nine elementary schools. Nine of Manor ISD's campuses are Title I campuses.

**Students:**

Based on the 2024-2025 fall PEIMS Resubmission Report, Manor ISD served 9,961 students, and over the course of the 2024-2025 school year, the district reached a milestone of over 10,000 students. Student enrollment demographics are: 64.78% Hispanic/Latino, 20.85% African American, 6.22% White, 4.75% Asian, 2.88% with two or more races, 0.43% American Indian/Alaskan Native and Hawaiian/Pacific Islander students. Almost 71% of students are coded as Economically Disadvantaged. Of students enrolled in special programs, 10.99% received special education services, 9.72% were Emergent Bilingual, 10.45% were Gifted/Talented, and 68.48% were eligible for free/reduced meals and 196 students were coded as Homeless/Unaccompanied Youth.

**Personnel:**

In 2024-2025, teachers comprised 47% of MISD employees with 8.1 average years of experience. Of all employees, 23.9% are White, 44.6% are Hispanic, 19.9% are Black, and 11.66% identify as Other. Manor ISD has greater diversity among its teaching population than surrounding school districts which allows us to better connect with our diverse student body.

**Demographics Strengths**

Manor has a rich and diverse population, with strong cultural values in a community that is supportive and accepting of diverse opinions and cultures. Our diversity in leadership, in families, and in our students helps us to understand the growing diversity in the United States. Over 50 different languages are represented across our district, and the students and families bring their unique experiences with them to help us all learn and grow together. The top six languages are Arabic, English, Nepali, Spanish, Swahili and Vietnamese.

**Problem Statements Identifying Demographics Needs**

**Problem Statement 1 (Prioritized):** Manor ISD did not have enough special education and bilingual certified teachers to meet the needs of students in the relative programs.
**Root Cause:** Shortage of bilingual and special education certified teachers in Central Texas

**Problem Statement 2 (Prioritized):** According to the 2023-2024 Texas Academic Performance Report (TAPR), the 25% teacher turnover rate was higher than the State average of 19%.
**Root Cause:** Teachers and leadership in the district have fewer years of experience than the state average which may result in the lack of sufficient support and guidance for teachers with 1-5 years of experience. Second, locally certified teachers comprise the largest percentage of the turnover rate.

**Problem Statement 3:** There is a lack of awareness among educators and families of the link between effective family engagement and student achievement.
**Root Cause:** The absence of an evidence-based family engagement model has resulted in varying degrees of school-family partnerships across elementary campuses.

**Problem Statement 4 (Prioritized):** Manor ISD experiences lower-than-desired family participation in educational workshops, volunteer opportunities, and committee involvement. This limits the district's ability to build strong family-school partnerships, which are essential for supporting student learning and fostering a collaborative school community.
**Root Cause:** Families have limited access to structured, learning-connected engagement opportunities each month, and schools may not have consistent systems in place to plan, communicate, and deliver these opportunities effectively.

**Problem Statement 5 (Prioritized):** The percent of students receiving an industry based certification is about 9%.
**Root Cause:** High school campuses have used CTE classes for electives versus pathways. Some certifications were sunsetted but still offered on the high school campuses.

**Problem Statement 6 (Prioritized):** Teen parents in Manor ISD face significant barriers to consistent school attendance and academic success due to challenges related to childcare responsibilities, limited access to parenting resources, and insufficient support systems. These challenges contribute to lower attendance rates, higher dropout rates, and decreased postsecondary readiness among this student population.
**Root Cause:** Teen parents in Manor ISD often lack access to reliable childcare, parenting support, and flexible academic resources, which creates significant challenges in managing school attendance and academic responsibilities. Additionally, the absence of a systematic, proactive attendance monitoring and intervention system results in delayed identification of attendance issues and insufficient support.

**Problem Statement 7:** Family participation in Manor ISD's workshops, volunteer activities, and committees is currently below desired levels, limiting opportunities to build strong home-school connections and community partnerships.
**Root Cause:** Low family participation is driven by accessibility barriers, limited communication, cultural and relational gaps, and competing family priorities, which prevent families from fully engaging in district opportunities.

**Problem Statement 8 (Prioritized):** Manor ISD families face barriers to engagement with schools, limiting their access to resources and supports that promote student behavior, academic success, and attendance. Additionally, the district currently lacks sufficient partnerships with community organizations to provide comprehensive support for students and families. This gap in family and community engagement hampers student outco
**Root Cause:** Limited family engagement and insufficient community partnerships is the absence of a structured, proactive outreach system that effectively connects families with schools and identifies relevant community resources. This includes challenges such as limited staffing capacity, inconsistent communication methods, lack of coordinated efforts across campuses, and insufficient awareness.

**Problem Statement 9:** Families are not consistently participating in learning-connected engagement activities, limiting opportunities for meaningful school-family partnerships and reducing the impact of instructional support at home.
**Root Cause:** Families have limited access to structured, learning-connected engagement opportunities each month, and schools may not have consistent systems in place to plan,

communicate, and deliver these opportunities effectively.

**Student Learning Summary**

## 2025 STAAR Data

State-mandated summative assessments - State of Texas Assessments of Academic Readiness (STAAR) tests - are given annually in reading and math at grades 3-8, science at grades 5 and 8, and social studies at eighth grade, and for five high school courses: Algebra I, Biology, English I, English II, and US History. Students taking Algebra I, Biology, English I, English II, and US History must pass these STAAR End of Course (EOC) tests in order to graduate. There are four performance levels for STAAR 3-8/EOC tests: Did Not Meet Grade Level, Approaches Grade Level, Meets Grade Level, and Masters Grade Level; any score at the Approaches GL level or better is considered "passing." Here are descriptions of each performance level.

## HB 3 Reading, Math, College-Career-Military Ready Goals

Under House Bill 3, passed in 2019, Texas public school districts are required to develop goals to improve literacy and math proficiency as well as college, career, and military readiness (CCMR). Districts must adopt five-year plans with specific, measurable goals.

To track Manor ISD's HB3 early literacy and math goals, the district utilizes third grade STAAR scores and data gathered by using diagnostic screener assessments given three times per year: Beginning of Year (BOY), Middle of Year (MOY), and End of Year (EOY) in both Reading Language Arts and Mathematics. In 2024-25, IStation was used as the literacy screener for elementary RLA, and i-Ready was utilized as the elementary math screener. The Spanish language version of IStation is 'Lectura.'

<u>Academic Strengths</u>

- Districtwide, RLA scores in grades 3 and 7 showed gains from 2024 to 2025, as did mathematics scores in grades 3, 4, 6, 7, and 8. While 8th grade science STAAR scores still need to improve, year over year, the percentage of students scoring Approaches Grade Level or better improved by 17 points.

- Biology and US History are the EOC subjects with the highest scores.

<u>College, Career and Military Readiness Strengths</u>

62% of the class of 2024 met at least one CCMR readiness standard.

**Problem Statements Identifying Student Learning Needs**

**Problem Statement 1:** The majority of MISD students are not meeting grade level standards of mastery in math and reading in grades K-8.
**Root Cause:** Changes in leadership, lack of consistent adherence to an instructional model and inconsistent use of the HQIM.

**Problem Statement 2:** There is a lack of awareness among educators and families of the link between effective family engagement and student achievement.
**Root Cause:** The absence of an evidence-based family engagement model has resulted in varying degrees of school-family partnerships across elementary campuses.

**Problem Statement 3 (Prioritized):** Students identified as experiencing homelessness are not receiving adequate wraparound services to support student academic achievement.
**Root Cause:** Campus leaders were unaware of students experiencing homelessness, their needs and rights.

**Problem Statement 4 (Prioritized):** Manor ISD did not have enough special education and bilingual certified teachers to meet the needs of students in the relative programs.

**Root Cause:** Shortage of bilingual and special education certified teachers in Central Texas

**Problem Statement 5 (Prioritized):** The percent of students receiving an industry based certification is about 9%.
**Root Cause:** High school campuses have used CTE classes for electives versus pathways. Some certifications were sunsetted but still offered on the high school campuses.

**Problem Statement 6:** Manor ISD's last reported College, Career and Military Readiness accountability percentage is below state average.
**Root Cause:** Lack of consistent practices and planning to increase CCMR.

**Problem Statement 7:** There are requirements for professional development.
**Root Cause:** There is a continuous need for professional development to be/remain in compliance with existing and new procedures and laws outlined in Texas Education Code.

# District Processes & Programs

**District Processes & Programs Summary**

<u>**Teacher Recruiting and Retention**</u>

Manor ISD has identified multiple concerns that impact teacher recruiting, but more importantly, retention. Over the course of the last three years, common reasons teachers cite for leaving the district and/or transferring within the district have been compensation, climate, and culture. More recently, 85% of staff participated in a district wide staff climate survey. 85% of respondents reported being satisfied with their jobs. Manor ISD has worked to reduce teacher turnover rate and has seen a reduction from 41% in 2022-2023 to 25% in 2023-2024.

<u>**Financial Systems**</u>

During 2025-2026 the district adopted a balanced budget by reducing operating expenditures by 15%, over the previous year. The planned reductions ranged from personnel costs, contracted services, general supplies district wide travel, and the consolidation of certain classrooms by increasing class size and transportation bus routes. This was also done without increasing the maintenance and operations property tax rate. While the largest percentage of budget cuts were in personnel, the district approved an increase to employee benefits, such the employer health insurance contribution from $471 to $508 and the employer-offered life insurance benefit from $10,000 to $20,000.

Moreover, the passing of HB2 during the summer of 2025, which increased local and state revenues by a net $3.6 million, allowed the district to provide a salary increase to all instructional staff and a 1% increase to all support staff. Additionally, due to the low general operating reserves, the district passed another borrowing resolution during June 2026 in the amount of $30 million to support operations during the period of low revenue inflows between July and November. This short-term note is also projected to be paid off during the spring of 2026, prior to the note's expiration date to save the district in interest cost. Other anticipated sources of general operating revenue from land sales or property value appeals are not included in these projections, but when they are realized, they will help rebuild the general operating reserve and reduce the amount of short-term debt borrowing in the future. For 2026-27, the district anticipates property values to grow by 3 - 5% and ADA to remain at a steady growth.

To adopt a balanced or surplus budget, the district will not exceed the General Fund expenditure budget by more than the new revenue generated by these revenue assumptions. As it relates to the Chapter 49 state recapture, the district does not currently anticipate a recapture payment, unless property values grow significantly and ADA decreases or remains at a level that does not sustain the level of wealth per ADA. For future years, the district anticipates the need for short-term borrowing for operations, at diminished amounts, until the General Funds reserve is rebuilt to a sustainable four and a half (4.5) months.

<u>**Compensation**</u>

Manor ISD has partnered with the Texas Association of School Boards (TASB) to update the district's compensation plan to become more competitive with surrounding school districts. The District continues to make adjustments to pay grades and employee groups as the budget allows.

## Climate and Culture

Manor ISD is addressing climate and culture via leadership and establishing common principles and values. For the past two years, the district has partnered with the Texas Association of School Boards to administer an employee opinion survey to collect information and work with leadership to address concerns and celebrate areas of strength.

## Human Resources

A human resources need is to retain quality and appropriately certified educators. Manor ISD continues to provide pathways for individuals to obtain teacher certification for little to no cost to them, partner with universities for student teachers to join MISD post-graduation, and continue to receive grants for new teacher mentoring through the Mentor Program Allotment and the Hawkins grant with Texas State University.

## College, Career, and Military Readiness Program Summary

The 2016-2026 Regional Labor Market data for Central Texas suggests that Manor ISD provides programming in the areas of Health Science, Manufacturing, Business, and Skill Trades.

## District Safety and Security

In the 2024-2025 academic year, the Manor ISD Police Department will implement comprehensive safety measures to ensure a secure learning environment across all district campuses. Central to this effort is the adoption and thorough training of the Standard Response Protocols (SRP) developed by the I Love You Guys Foundation. These protocols, which cover critical emergency responses such as Lockout, Lockdown, Evacuate, Shelter, and Hold, will be ingrained in both staff and scholars through regular training sessions, drills, and clear communication. By focusing on a standardized approach to emergencies, Manor ISD will ensure that all stakeholders—students, staff, and administrators—are aware of their specific roles and actions required for each situation, minimizing confusion and ensuring quick, effective responses in crisis scenarios.

Additionally, the Manor ISD Police Department will fulfill the requirements outlined in Texas House Bill 3 (HB 3), mandating armed security personnel on every campus by the start of the 2025-2026 school year. The department will deploy trained and certified officers, ensuring that each school is equipped with immediate protective resources. These officers will not only be stationed at campuses but will also receive continuous professional development to enhance their capacity to respond to a variety of security threats, including active shooter situations, criminal activity, or breaches of campus safety. Collaborating closely with school administrators and district officials, the department will develop tailored campus safety plans that incorporate the unique needs of each school while maintaining compliance with state and federal safety guidelines.

These efforts will also be supported by upgraded security technologies, including improved surveillance systems, communication tools like the iNemsoft mass communication system, and secured entry points at all campuses. The Manor ISD Police Department will also work closely with local law enforcement agencies, emergency management teams, and mental health professionals to ensure a holistic approach to safety, addressing not just physical threats but also the wellbeing of students and staff through proactive interventions and

resources. In combination, these initiatives will create a well-prepared and responsive district, aligned with the highest safety standards, providing a secure and supportive environment for learning.

**District Processes & Programs Strengths**

Manor ISD offers a wide variety of programs and pathways for student diversity of choice. These include a full K-12 New Technology pathway and an award-winning Fine Arts pathway.

One particular strength of Manor ISD is found in the equity of our Gifted Identification program. Manor ISD's gifted program continues to grow and strengthen.

Another particular strength of Manor ISD is how we are gradually expanding the Dual Language Two-Way Immersion program in our elementary schools.

Manor ISD CTE programs that were awarded shop or lab certifications in the past two years include: Cosmetology, Automotive, Welding, Construction and Veterinary Sciences. In addition, CTE Health Science, Arts/AV, Agriculture, Business, Early Learning and Culinary courses have expanded student certifications as well.

MISD CCMR results have been increasing after a drop to under 60%. Manor ISD is projecting 70% CCMR after supports and interventions at its high school campuses in the 2024-2025 school year. The district will continue to work to reach 100% by 2028.

**Problem Statements Identifying District Processes & Programs Needs**

**Problem Statement 1 (Prioritized):** Students identified as experiencing homelessness are not receiving adequate wraparound services to support student academic achievement.
**Root Cause:** Campus leaders were unaware of students experiencing homelessness, their needs and rights.

**Problem Statement 2:** Staff hired under the Whole Child are leaving within a year of employment.
**Root Cause:** New hires are unaware of educational setting expectations and trainings needed to support student academic achievement.

**Problem Statement 3:** There is a lack of awareness among educators and families of the link between effective family engagement and student achievement.
**Root Cause:** The absence of an evidence-based family engagement model has resulted in varying degrees of school-family partnerships across elementary campuses.

**Problem Statement 4 (Prioritized):** Manor ISD did not have enough special education and bilingual certified teachers to meet the needs of students in the relative programs.
**Root Cause:** Shortage of bilingual and special education certified teachers in Central Texas

**Problem Statement 5 (Prioritized):** The percent of students receiving an industry based certification is about 9%.
**Root Cause:** High school campuses have used CTE classes for electives versus pathways. Some certifications were sunsetted but still offered on the high school campuses.

**Problem Statement 6:** CTE Pathway requirements have been adjusted at the federal and state level to match high wage, high demand occupations; therefore, adjusting state pathways for student endorsement areas is required.
**Root Cause:** Global economic and job opportunities are rapidly changing.

**Problem Statement 7:** Special education students have not been monitored to ensure they complete the graduation plan.

**Root Cause:** No tracking of students through graduation and beyond.

**Problem Statement 8 (Prioritized):** The 2024 TEA Vulnerability Assessment identified multiple safety, security, and emergency management gaps across district facilities, procedures, and interagency coordination. Current practices and infrastructure do not fully meet the state-recommended safety standards, leaving critical vulnerabilities unaddressed. Without the implementation of a district-wide corrective action response plan, thes

**Problem Statement 9 (Prioritized):** Manor ISD currently lacks a standardized, district-wide system that provides law enforcement with immediate, secure access to school facilities during emergencies. The absence of a uniform emergency access lockbox system creates critical delays in first responder entry during life-threatening situations, such as active threats, fires, medical crises, or other incidents requiring rapid intervention

**Problem Statement 10 (Prioritized):** Manor ISD has identified a critical security gap in its campus infrastructure related to limited visibility at classroom and office entry points. Currently, many interior and exterior doors lack scope viewers (door peepholes), preventing staff from safely identifying individuals on the opposite side before opening the door. This limitation increases vulnerability to unauthorized access, delays in

**Problem Statement 11 (Prioritized):** Manor ISD currently lacks a fully implemented, standardized, and compliant door numbering system across all district facilities. This gap in compliance with state and federal emergency management guidelines hinders the ability of first responders, district police, and campus staff to quickly and accurately identify and communicate specific locations during emergencies. Inconsistent or missing door

**Problem Statement 12 (Prioritized):** Manor ISD currently lacks a coordinated district-wide process to procure, legally review, and install state- and federally mandated firearm prohibition signage at all campuses. Without a unified approach involving campus administrators and facilities management, there is a risk of delayed compliance, inconsistent sign placement, and potential legal vulnerabilities. This gap could result in noncomp

**Problem Statement 13 (Prioritized):** Current signage across Manor ISD campuses does not fully meet state and federal requirements for mandated postings related to safety, legal notices, and public awareness. Inconsistent placement, outdated information, and missing signage create potential compliance risks and may hinder effective communication of critical safety information to students, staff, parents, and visitors. # Perceptions

**Perceptions Summary**

Manor ISD includes schools of choice because every scholar has the right to an equitable, high-quality education that addresses the whole child, empowering them to choose their individual path to success. We deliver future-driven educational programs through an innovative, dynamic, high-impact learning environment, utilizing cutting-edge tools that reach each scholar where they are.

The Manor ISD community fully supports children receiving an equitable education; however, the literacy and numeracy skills of the students show that we lag behind other school districts in central Texas. Community and parental engagement regarding academics is an area of growth for the district. Despite the positive gains in areas of service, structure and leadership, the historical image and perceptions of the district overshadow the areas of growth. Eighty-two percent of employees who took the 2024-2025 Employee Opinion Survey noted they are proud to work for the district; 95% indicated they like the work they do; however, only 68% will recommend the district as a good place to work.

Community based groups, businesses and corporations see the value and potential in Manor ISD by donating time, money and resources to help the district reach new heights.

**Perceptions Strengths**

At Manor ISD, our students, faculty, staff, and community are our number one strength. When Manor ISD hosts events in the community to provide resources for students and families, we average 70+ community organizations and business per event.

Educational Programs include but are not limited to:

- Fine Arts Schools: Decker Elementary, Decker Middle School - A focus on strong arts programming and arts integration into the core content.
- New Technology Schools: Manor New Technology MS, and Manor New Technology HS--A focus on project-based learning through New Tech Network.

Finally, staff perception data collected by TASB shows widespread job satisfaction, but areas of dissatisfaction with campus and district leadership.

**Problem Statements Identifying Perceptions Needs**

**Problem Statement 1 (Prioritized):** Students in Manor ISD face mental health challenges that negatively impact their emotional well-being and academic performance. Currently, access to timely and appropriate mental health services is limited or underutilized, leading to unaddressed needs and poorer outcomes. Without systematic screening and referral processes, students who require support may not receive it, hindering their success.
**Root Cause:** Lack of systematic, proactive screening and referral processes at campuses, resulting in many students with mental health needs going unidentified or unserved. Insufficient awareness or capacity among staff and families to recognize mental health concerns early. Limited coordination between schools, families, and community mental health providers, causing gaps in access or delays in services.

**Problem Statement 2:** There is a lack of awareness among educators and families of the link between effective family engagement and student achievement.
**Root Cause:** The absence of an evidence-based family engagement model has resulted in varying degrees of school-family partnerships across elementary campuses.

**Problem Statement 3:** Manor ISD is challenged by the perception that its schools are of lesser quality, largely due to concerns about academic performance and discipline.
**Root Cause:** A lack of awareness in the community of the successes in Manor ISD schools.

**Problem Statement 4:** Family participation in Manor ISD's workshops, volunteer activities, and committees is currently below desired levels, limiting opportunities to build strong home-school connections and community partnerships.
**Root Cause:** Low family participation is driven by accessibility barriers, limited communication, cultural and relational gaps, and competing family priorities, which prevent families from fully engaging in district opportunities.

**Problem Statement 5:** Staff expressed concerns with leadership greater than 30% in some departments and campuses.
**Root Cause:** There has not been a systematic approach for developing leaders in Manor ISD.

**Problem Statement 6 (Prioritized):** While the 2024-2025 TASB Employee Opinion Survey noted an overall positive employee experience (over 80%), 74% of survey respondents would recommend their campus or department as a good place to work. Additional comments provided show that an area of growth is stronger district leadership as it relates to customer service, connection to campuses, and communication.
**Root Cause:** Manor ISD Central Office leaders and Principals lack access to centralized pathways to build their capacity for leadership, growth, and management approaches to improve campus and department climate and culture.

**Problem Statement 7 (Prioritized):** Despite the critical role that character, leadership, and life skills play in the development of student-athletes, Manor ISD currently lacks a standardized, district-wide character education program embedded within its athletic framework.
**Root Cause:** A need to implement a unified, impactful sports character education program to ensure that 100% of student-athletes receive structured, values-based instruction.

**Problem Statement 8 (Prioritized):** Seventy-eight percent of survey respondents indicated they receive the training they need to do their jobs effectively.
**Root Cause:** Seventy-six percent of survey respondents indicated their supervisor provides them the support they need. Manor ISD's average years of experience for principals and assistant principals is lower than the State average. Manor ISD 's compensation has historically lagged behind surrounding school districts and the district continues to face workplace perception disadvantages.

**Problem Statement 2**: Manor ISD did not have enough special education and bilingual certified teachers to meet the needs of students in the relative programs.

**Root Cause 2**: Shortage of bilingual and special education certified teachers in Central Texas

**Problem Statement 2 Areas**: Demographics - Student Learning - District Processes & Programs

**Problem Statement 3**: According to the 2023-2024 Texas Academic Performance Report (TAPR), the 25% teacher turnover rate was higher than the State average of 19%.

**Root Cause 3**: Teachers and leadership in the district have fewer years of experience than the state average which may result in the lack of sufficient support and guidance for teachers with 1-5 years of experience. Second, locally certified teachers comprise the largest percentage of the turnover rate.

**Problem Statement 3 Areas**: Demographics

**Problem Statement 4**: The percent of students receiving an industry based certification is about 9%.

**Root Cause 4**: High school campuses have used CTE classes for electives versus pathways. Some certifications were sunsetted but still offered on the high school campuses.

**Problem Statement 4 Areas**: Demographics - Student Learning - District Processes & Programs

**Problem Statement 5**: Despite the critical role that character, leadership, and life skills play in the development of student-athletes, Manor ISD currently lacks a standardized, district-wide character education program embedded within its athletic framework.

**Root Cause 5**: A need to implement a unified, impactful sports character education program to ensure that 100% of student-athletes receive structured, values-based instruction.

**Problem Statement 5 Areas**: Perceptions

**Problem Statement 6**: The 2024 TEA Vulnerability Assessment identified multiple safety, security, and emergency management gaps across district facilities, procedures, and interagency coordination. **Problem Statement 7**: Manor ISD currently lacks a standardized, district-wide system that provides law enforcement with immediate, secure access to school facilities during emergencies. The absence of a uniform emergency access lockbox system creates critical delays in first responder entry during life-threatening situations, such as active threats, fires, medical crises, or other incidents requiring rapid intervention

**Root Cause 7**:

**Problem Statement 7 Areas**: District Processes & Programs

**Problem Statement 8**: Manor ISD has identified a critical security gap in its campus infrastructure related to limited visibility at classroom and office entry points. Currently, many interior and exterior doors lack scope viewers (door peepholes), preventing staff from safely identifying individuals on the opposite side before opening the door. This limitation increases vulnerability to unauthorized access, delays in

**Root Cause 11**:

**Problem Statement 11 Areas**: District Processes & Programs

**Problem Statement 12**: Students in Manor ISD face mental health challenges that negatively impact their emotional well-being and academic performance. Currently, access to timely and appropriate mental health services is limited or underutilized, leading to unaddressed needs and poorer outcomes. Without systematic screening and referral processes, students who require support may not receive it, hindering their success.

**Root Cause 12**: Lack of systematic, proactive screening and referral processes at campuses, resulting in many students with mental health needs going unidentified or unserved. Insufficient awareness or capacity among staff and families to recognize mental health concerns early. Limited coordination between schools, families, and community mental health providers, causing gaps in access or delays in services.

**Problem Statement 12 Areas**: Perceptions

**Problem Statement 13**: Manor ISD families face barriers to engagement with schools, limiting their access to resources and supports that promote student behavior, academic success, and attendance. Additionally, the district currently lacks sufficient partnerships with community organizations to provide comprehensive support for students and families. **Root Cause 13**: Limited family engagement and insufficient community partnerships is the absence of a structured, proactive outreach system that effectively connects families with schools and identifies relevant community resources. This includes challenges such as limited staffing capacity, inconsistent communication methods, lack of coordinated efforts across campuses, and insufficient awareness.

**Problem Statement 13 Areas**: Demographics

**Problem Statement 14**: Manor ISD experiences lower-than-desired family participation in educational workshops, volunteer opportunities, and committee involvement. This limits the district's ability to build strong family-school partnerships, which are essential for supporting student learning and fostering a collaborative school community.

**Root Cause 14**: Families have limited access to structured, learning-connected engagement opportunities each month, and schools may not have consistent systems in place to plan, communicate, and deliver these opportunities effectively.

**Problem Statement 14 Areas**: Demographics

**Problem Statement 15**: Teen parents in Manor ISD face significant barriers to consistent school attendance and academic success due to challenges related to childcare responsibilities, limited access to parenting resources, and insufficient support systems. These challenges contribute to lower attendance rates, higher dropout rates, and decreased postsecondary readiness among this student population.

**Root Cause 15**: Teen parents in Manor ISD often lack access to reliable childcare, parenting support, and flexible academic resources, which creates significant challenges in managing school attendance and academic responsibilities. Additionally, the absence of a systematic, proactive attendance monitoring and intervention system results in delayed identification of attendance issues and insufficient support.

**Problem Statement 15 Areas**: Demographics

**Problem Statement 16**: While the 2024-2025 TASB Employee Opinion Survey noted an overall positive employee experience (over 80%), 74% of survey respondents would recommend their campus or department as a good place to work. Additional comments provided show that an area of growth is stronger district leadership as it relates to customer service, connection to campuses, and communication.

**Root Cause 16**: Manor ISD Central Office leaders and Principals lack access to centralized pathways to build their capacity for leadership, growth, and management approaches to improve campus and department climate and culture.

**Problem Statement 16 Areas**: Perceptions

**Problem Statement 17**: Seventy-eight percent of survey respondents indicated they receive the training they need to do their jobs effectively.

**Goal 4:** By 2026, 100% of Manor ISD scholars, staff, campuses, and school communities will have equitable access to innovative academic, human, financial, capital, technological, and all other necessary resources and supports.

**Performance Objective 2:** Manor ISD will create and implement a Long-Term Financial Plan (LTFP) to achieve financial sustainability.

**Evaluation Data Sources:** Evaluation Data will be a series of presentations of a Long-Term Financial Plan (LTFP) for Manor ISD.

A preliminary LTFP will be presented to the Cabinet in March 2025 in order to receive feedback and suggestions. The revised LTFP will be presented to the Cabinet in April 2025. A proposed LTFP will be presented to the Manor ISD Board of Trustees at their Regular Meeting in May 2026.

This plan will present actual and projected general operating revenues and expenditures, with the net impact to the fund balance, over a period of five (5) years, beginning with Fiscal Year 2023-24 and ending with Fiscal Year 2027-28).

| Strategy 1 Details | Reviews | | | |

| **Strategy 1:** Two-year plan to achieve a balanced or surplus budget by June 2027 and help rebuild the general operating reserve to a sustainable four and a half (4.5) months. | **Formative** | | | **Summative** |
| | **Oct** | **Jan** | **Mar** | **June** |

**Strategy's Expected Result/Impact:** * 2025-2026 Adopted a balanced budget.
* 2026-2027 Adopt a balance or surplus budget.

During 2025-2026 the district adopted a balanced budget by reducing operating expenditures by 15%, over the previous year. The planned reductions ranged from personnel costs, contracted services, general supplies district wide travel, and the consolidation of certain classrooms by increasing class size and transportation bus routes. This was also done without increasing the maintenance and operations property tax rate.

While the largest percentage of budget cuts were in personnel, the district approved an increase to employee benefits, such the employer health insurance contribution from $471 to $508 and the employer-offered life insurance benefit from $10,000 to $20,000.

Moreover, the passing of HB2 during the summer of 2025, which increased local and state revenues by a net $3.6 million, allowed the district to provide a salary increase to all instructional staff and a 1% increase to all support staff.

Additionally, due to the low general operating reserves, the district passed another borrowing resolution during June 2026 in the amount of $30 million to support operations during the period of low revenue inflows between July and November. This short-term note is also projected to be paid off during the spring of 2026, prior to the note's expiration date to save the district in interest cost.

Other anticipated sources of general operating revenue from land sales or property value appeals are not included in these projections, but when they are realized, they will help rebuild the general operating reserve and reduce the amount of short-term debt borrowing in the future.

For 2026-27, the district anticipates property values to grow by 3 - 5% and ADA to remain at a steady growth. To adopt a balanced or surplus budget, the district will not exceed the General Fund expenditure budget by more than the new revenue generated by these revenue assumptions.

As it relates to the Chapter 49 state recapture, the district does not currently anticipate a recapture payment, unless property values grow significantly and ADA decreases or remains at a level that does not sustain the level of wealth per ADA.

For future years, the district anticipates the need for short-term borrowing for operations, at diminished amounts, until the General Funds reserve is rebuilt to a sustainable four and a half (4.5) months.

| Demographics |
|---|
| **Problem Statement 2**: According to the 2023-2024 Texas Academic Performance Report (TAPR), the 25% teacher turnover rate was higher than the State average of 19%. **Root Cause**: Teachers and leadership in the district have fewer years of experience than the state average which may result in the lack of sufficient support and guidance for teachers with 1-5 years of experience. Second, locally certified teachers comprise the largest percentage of the turnover rate. |

# Title I

## Descriptor 6: Services to Homeless Children and Youth

Manor ISD provides homeless children and youth support in enrollment, attendance, and academic success by referring students to wraparound services (mental, medical, dental, housing, financial, and social services) and assisting families in navigating enrollment applications/forms. The homeless liaison keeps close partnerships with local community programs and organizations so that homeless students in the district can be referred and supported. The LEA set aside $25,000 to support Mckinney-Vento students, based on funding requirements, needs assessment, and number of children identified. The program works to remove barriers to students accessing education, like clothing, food, and transportation. The homeless liaison along with district social workers, counselors, and parent liaisons provide students identified as McKinney-Vento with basic needs assistance and case management. [McKinney-Vento Progress Monitoring Spreadsheet](McKinney-Vento Progress Monitoring Spreadsheet)

## Descriptor 7: Parent and Family Engagement Strategy

All Title I campuses provide parents with a parent compact and parent involvement policy.  In addition, each campus has a parent liaison to provide opportunities for families to engage in the school and with the school in the community.

## Descriptor 10: Middle to High School/High School to Postsecondary Transitions

### 10.1: Coordination with institutions of higher education, employers, and other local partners;

Manor ISD has a CCMR team that works to ensure students are aware of their high school options.  Each year we host a showcase for students and parents that highlights pathways to college, career, or military.  Manor ISD has build a K-12 CCMR scope and sequence and will be working towards districtwide implementation over the next 2-years.

### 10.2: Increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills;

Manor ISD has regularly scheduled meetings with Austin Community College.  We are working with them to increase early college access and dual/concurrent enrollment opportunities.  In addition, we are working to add more articulated CTE courses and dual credit CTE courses.  We used data from school counselors and BEABLE.  Beable is a digital software system that helps students learn about themselves, their strengths, and career interests.  Their patented software helps them find careers based on their career and personality.

## Descriptor 12: Coordination and Integration

### 12.1: Academic and career and technical education content through coordinated instructional strategies, that may

**incorporate experiential learning opportunities and promote skills attainment important to in-demand occupations or industries in the State;**

At this time we are using a digital curriculum provided by ICEV, a nationally recognized curriculum provider.  All campus teachers follow the district instructional absolutes.

## 12.2: Work-based learning opportunities that provide students in-depth interaction with industry professionals and, if appropriate, academic credit;

Manor ISD works with capital area workforce solutions and Boys and girls club.  Both partners work to create opportunities for students to have internships or practicum experiences.

SUBCHAPTER C. LAW AND ORDER

        Sec. 37.081.  SCHOOL DISTRICT PEACE OFFICERS, SCHOOL
RESOURCE OFFICERS, AND SECURITY PERSONNEL.  (a)  The board of
trustees of any school district may employ security personnel,
enter into a memorandum of understanding with a local law
enforcement agency for the provision of school resource
officers, and commission peace officers to carry out this
subchapter.  If a board of trustees authorizes a person employed
as security personnel to carry a weapon, the person must be a
commissioned peace officer.  The jurisdiction of a peace
officer, a school resource officer, or security personnel under
this section shall be determined by the board of trustees and
may include all territory in the boundaries of the school
district and all property outside the boundaries of the district
that is owned, leased, or rented by or otherwise under the
control of the school district and the board of trustees that
employ the peace officer or security personnel or that enter
into a memorandum of understanding for the provision of a school
resource officer.
        (b)  In a peace officer's jurisdiction, a peace officer
commissioned under this section:
                (1)  has the powers, privileges, and immunities of
peace officers;
                (2)  may enforce all laws, including municipal
ordinances, county ordinances, and state laws;
                (3)  may, in accordance with Chapter 52, Family Code,
or Article 45.058, Code of Criminal Procedure, take a child into
custody; and
                (4)  may dispose of cases in accordance with Section
52.03 or 52.031, Family Code.
        (c)  A school district peace officer may provide assistance
to another law enforcement agency.  A school district may
contract with a political subdivision for the jurisdiction of a
school district peace officer to include all territory in the
jurisdiction of the political subdivision.

(d)   The board of trustees of the school district shall determine the law enforcement duties of peace officers, school resource officers, and security personnel.  The duties must be included in:

    (1)   the district improvement plan under Section 11.252;

    (2)   the student code of conduct adopted under Section 37.001;

    (3)   any memorandum of understanding providing for a school resource officer; and

    (4)   any other campus or district document describing the role of peace officers, school resource officers, or security personnel in the district.

(d-1)   A school district peace officer, a school resource officer, and security personnel shall perform law enforcement duties for the school district that must include protecting:

    (1)   the safety and welfare of any person in the jurisdiction of the peace officer, resource officer, or security personnel; and

    (2)   the property of the school district.

(d-2)   A school district may not assign or require as duties of a school district peace officer, a school resource officer, or security personnel:

    (1)   routine student discipline or school administrative tasks; or

    (2)   contact with students unrelated to the law enforcement duties of the peace officer, resource officer, or security personnel.

(d-3)   This section does not prohibit a school district peace officer, a school resource officer, or security personnel from informal contact with a student unrelated to:

    (1)   the assigned duties of the officer or security personnel; or

    (2)   an incident involving student behavior or law enforcement.

(d-4)  In determining the law enforcement duties under Subsection (d), the board of trustees of the school district shall coordinate with district campus behavior coordinators and other district employees to ensure that school district peace officers, school resource officers, and security personnel are tasked only with duties related to law enforcement intervention and not tasked with behavioral or administrative duties better addressed by other district employees.

(e)  The board of trustees of the district shall determine the scope of the on-duty and off-duty law enforcement activities of school district peace officers.  A school district must authorize in writing any off-duty law enforcement activities performed by a school district peace officer.

(f)  The chief of police of the school district police department shall be accountable to the superintendent and shall report to the superintendent.  School district police officers shall be supervised by the chief of police of the school district or the chief of police's designee and shall be licensed by the Texas Commission on Law Enforcement.

(g)  A school district police department and the law enforcement agencies with which it has overlapping jurisdiction shall enter into a memorandum of understanding that outlines reasonable communication and coordination efforts between the department and the agencies.

(h)  A peace officer assigned to duty and commissioned under this section shall take and file the oath required of peace officers and shall execute and file a bond in the sum of $1,000, payable to the board of trustees, with two or more sureties, conditioned that the peace officer will fairly, impartially, and faithfully perform all the duties that may be required of the peace officer by law.  The bond may be sued on in the name of any person injured until the whole amount of the bond is recovered.  Any peace officer commissioned under this section must meet all minimum standards for peace officers established by the Texas Commission on Law Enforcement.

## Student Code of Conduct

### 2025-2026

This Student Code of Conduct provides information regarding expectations for student behavior and consequences for misconduct. Please read and review the information in the Student Code of Conduct with your student so that you have a clear understanding of its content. Once you and your student have reviewed the Student Code of Conduct, please sign and date receipt. Your signature, in the manner required by the school district, acknowledges your understanding and agreement to the terms listed below.

I have read and understand the Manor Independent School District's Student Code of Conduct for the 2025-2026 school year. I understand that _____ (student name) will be held accountable for the behavior expectations and disciplinary consequences outlined in the Student Code of Conduct. I understand that the Student Code of Conduct governs all behavior at school, at school-sponsored and school-related activities, during online or other remote instruction, during school-related travel, or while traveling in a vehicle owned or operated by the District. I also understand the Student Code of Conduct governs some designated behaviors occurring within 300 feet of school property, some designated behaviors occurring completely off-campus, including certain electronic communications and postings, conduct that threatens the safety of other students or staff members, and any school-related misconduct, regardless of time or location. I understand that a referral for criminal prosecution is possible for certain violations of the law.

# Table of Contents

# General Overview

| | |
|---|---|
| **Purpose** | The Board of Trustees adopted this Student Code of Conduct (SCC) to promote a safe, secure, and optimal learning environment for all students. Inside you will find information regarding:<br><br>• The District-wide discipline management plan,<br><br>• A description of prohibited conduct,<br><br>• The disciplinary options, methods, and consequences for preventing and addressing student misconduct, and<br><br>• The process the District will follow when administering disciplinary consequences.<br><br>If there is a conflict between the SCC and the Student Handbook, the terms of the SCC will control. If there is a conflict between the SCC and local District policy, the more recently adopted item will control. |
| **Additional Rules** | Students may be subject to campus, classroom, transportation, extracurricular, and/or organization rules in addition to those found in the SCC. Students may face consequences under these additional rules as well as possible disciplinary action under the SCC. Further, to the extent a student engages in misconduct that is not specifically addressed in the SCC, the student may still be disciplined if the misconduct threatens students or staff or disrupts or interferes with the educational process, learning environment, or school safety. |
| **General Standards of Student Conduct** | In order to promote a positive educational experience for all students, the District expects students to adhere to seven basic standards of conduct: (1) exercise self-control, self-respect, and self-discipline, (2) demonstrate a positive attitude, (3) respect the rights and feelings of others, (4) respect school property and the property of others, (5) support the learning process, (6) adhere to rules, and (7) promote a safe environment that does not threaten school safety. Because of significant variations in student conduct, it is not always possible for the SCC to address each and every act of student misbehavior. To that end, the District retains discretion to address student misconduct that is inconsistent with these seven standards even though the conduct may not be specifically included in the SCC. |
| **Notice of Disciplinary Action** | Teachers and administrators strive to notify parents/guardians of student conduct concerns as they occur. If a student is placed in in-school or out-of-school suspension, placed in a disciplinary alternative education program, expelled from school, assigned to a juvenile justice alternative education program, or taken into custody by a law enforcement officer, the campus behavior coordinator will promptly contact the parent/guardian by phone or in person and will also make a good faith effort to provide the student with written notice of the disciplinary action to be delivered to the parent/guardian on the same day the consequence is assigned or recommended. If the parent/guardian is not reached by phone or in person by 5:00 p.m. on the first business day after the disciplinary consequence is assigned or recommended, written notice will be sent to the parent's/guardian's last known address. Another campus administrator may provide notice of disciplinary action if the campus behavior coordinator is not able or available to provide notice. Failure to send any notice within this time period or as noted elsewhere in the SCC does not preclude imposing a discipline consequence. A school district that receives a bomb threat or terroristic threat relating to a campus or other district facility at which students are present shall provide notification of the threat as soon as possible to the parent(s), guardian(s), or other person(s) standing in parental relation to each student who is assigned to the campus or who regularly uses the facility. |
| **Anti-Discrimination** | The District does not discriminate against students on the basis of race, sex, national origin, disability, religion, age, color, or ethnicity when enforcing the provisions of the SCC. |

| | |
|---|---|
| **Discipline of Students with Special Needs** | This Code of Conduct applies to all students. However, when enforcing its Code of Conduct, the District will comply with federal and state laws pertaining to students with disabilities. For more information about those specific procedures, please contact Rick Bean, Executive Director of Special Programs |
| **Discipline Appeals** | Appeals of disciplinary measures should be directed to the student's teacher or campus administrator, as described in local District policies FNG, FOC, or FOD as appropriate. Depending on the disciplinary consequence assigned, different complaint procedures may apply. A copy of the appropriate policy is available at the campus or central administration office or online at https://pol.tasb.org/PolicyOnline/PolicyDetails?key=1150&code=FNG#localTabContent   Please note that the email address and dedicated phone number of the campus behavior coordinator or campus administrator responsible for student discipline is listed on the campus homepage. Timelines for filing appeals stated in the policy will be enforced. Disciplinary consequences will not be delayed or deferred pending the outcome of an appeal. |
| | The Board of Trustees, through adoption of the Student Code of Conduct, has determined that an appeal of an in-school suspension, out-of-school suspension, or DAEP placement decision shall end at their appointed designee. Through the adoption of this Student Code of Conduct, the Board has designated the Chief Schools Officer as the Board's designee for this purpose. |
| **Effect of Student Withdrawal** | Withdrawal from school after a student has been accused of a violation of the SCC will not prevent the District from investigating the alleged violation and, if it is determined that a violation did occur, assessing the appropriate disciplinary consequence and enforcing that consequence should the student re-enroll in the District, and/or forwarding any order of a disciplinary consequence to a future school in which a student enrolls. |

## Scope of the District's Disciplinary Authority

| | |
|---|---|
| **General Authority** | In addition to the disciplinary authority established for certain types of offenses as described within the SCC, the District has general disciplinary authority over a student at the following times: |

- At any time during the school day.

- While traveling on District owned or operated transportation or during school-related travel.

- While attending any school-sponsored or school-related activity, regardless of time or location.

- As provided in extracurricular or organization handbooks, by-laws, constitutions, or other guidelines.

- During lunch periods, including those in which a student leaves the campus.

- While on school property.

- For any school-related misconduct, regardless of time or location.

- During online or other types of remote instruction.

- Other off campus conduct as authorized and defined by Chapter 37 of the Texas Education Code, including cyberbullying.

- For certain offenses against other students and school employees, regardless of time or location.

- For certain offenses committed within 300 feet of school property as measured from any point on the school's real property boundary line.

- For certain criminal offenses, regardless of time or location

- If the student is a registered sex offender.

- Conduct that threatens the safety of other students or staff members, regardless of the location

**Searches**

A student's clothing, personal property, electronic equipment, or method of transportation may be searched when there is reasonable cause to believe the search will reveal articles or materials prohibited by the District or other violations of school rules. School property used by the student, such as lockers, desks, or school-owned electronic equipment, may be searched when deemed necessary by the campus administration. Students are responsible for ensuring that any personal property, method of transportation, or school property used by the student does not contain prohibited items. Students may be disciplined for possession of prohibited items discovered during a search. For more information about searches, please review the District's Student Handbook and policy FNF (Local).

**Criminal Conduct**

School administrators will report crimes as required by law and may contact local law enforcement regarding suspected criminal activity. Certain acts of misconduct may constitute criminal offenses in addition to violations of the SCC. Because school discipline is independent of criminal proceedings, disciplinary consequences will not be postponed pending the outcome of any criminal proceeding or affected by the outcome of any criminal proceeding.

Finally, as the District expects its students to adhere to certain standards of conduct, the District also expects that parents of our students and other visitors will comply with similar standards of conduct and civility expected of our students. Accordingly, a school administrator, resource officer, or school district peace officer may refuse to allow a person to enter or may eject a person from any property under the control of the school district if the person refuses to leave peaceably upon request, and 1) the person poses a substantial risk of harm to themselves or others, or 2) is behaving in a way that is inappropriate for a school setting. A person behaving inappropriately for a school setting may be removed if, prior to the person being removed from District property, 1) the school employee issued a verbal warning that the behavior was inappropriate and could lead to the person's removal of the individual and 2) the person persisted in the behavior. Any person removed from District property may appeal such removal under Board policy FNG (Local) or (GF) (Local) and shall be permitted to address the Board in person within 90 days of filing the initial complaint, unless the complaint is resolved before the Board considers it.

## Discipline Considerations & Techniques

**Discipline Considerations**

Using their professional judgment, campus behavior coordinators or other appropriate administrators will consider a variety of factors when administering disciplinary consequences and determining the duration of the consequence, including but not limited to:

- the degree of severity and risk of danger.

- the effect of the misconduct.

- the age and grade level of the student.

- legal requirements.

- the frequency of the misconduct.

- the student's demeanor.

- the possibility of disruption of the school environment.

- whether the conduct was motivated by antisemitism **(see definitions)**

When deciding to order a student to out-of-school suspension, DAEP placement, expulsion, or placement in JJAEP the District will consider, in addition to the factors above: (1) self-defense **(see definitions)**, (2) the student's intent **(see definitions)** or lack of intent at the time of the misconduct, (3) the student's disciplinary history, (4) a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct to the extent required by state and federal law, (5) a student's status in the conservatorship of the Department of Family and Protective Services and (6) a student's status as homeless. These factors will be taken into consideration regardless of whether it is a discretionary or mandatory disciplinary consequence.

A student who, upon investigation, is found to be subject to bullying **(see definitions)** will not be disciplined on the basis of using reasonable self-defense **(see definitions)** in response to the bullying, as determined by the campus administration.

The District will also establish a "threat assessment and safe and supportive school team" to serve at each campus of the district and will adopt policies and procedures for the teams. The team is responsible for developing and implementing the safe and supportive school program, as well as conducting threat assessments. These will include assessing and reporting individuals who make threats of violence or exhibit harmful, threatening, or violent behavior, gathering and analyzing data to determine the level of risk and appropriate intervention (including referring a student for mental health assessment and implementing an escalation procedure, if appropriate based on the team's assessment), and providing guidance to students and school employees on recognizing harmful, threatening, or violent behavior that may pose a threat to the community, school, or individual.

Before a team may conduct a threat assessment of a student, the team must notify the parent of or person standing in parental relation to the student of the assessment. The student will be informed of the reason for suspension or revocation of transportation privileges and will be given the opportunity to respond before the administrator's decision is final. Suspension of transportation privileges does not excuse a student from attending school. It is the responsibility of the parent/guardian and/or student to make alternate transportation arrangements to and from school. |

## Removal from Classroom by Teacher

| | |
|---|---|
| **Ordinary Teacher Removal** | A teacher may send a student to the campus behavior coordinator's office to maintain discipline in the classroom or when the student engages in behavior that violates the SCC. For these informal removals, the behavior coordinator will use one or more discipline management techniques to address and improve the student's behavior before returning the student to the classroom. If the student's behavior does not improve, the behavior coordinator will employ other discipline techniques or progressive interventions to improve the student's conduct. |
| **Formal Teacher Removal** | A teacher may remove a student from class when:

• The student repeatedly interferes with the teacher's communication or student learning

• The student demonstrates behavior that is unruly, disruptive or abusive toward the teacher, another adult, or another student

• The student engages in conduct that constitutes bullying as defined by law

A teacher may remove a student from class based on a single incident of behavior described above. A teacher may document any conduct by a student that does not conform to the Student Code of Conduct and may submit that documentation to the principal. A teacher must remove a student from class if the student engages in conduct that requires or permits DAEP placement or expulsion under the Texas Education Code, in which case the procedures for DAEP placement or expulsion will apply. |
| **Placement During Removal** | When a teacher utilizes a formal removal of the student from the classroom, the administrator may place the student in: (1) another appropriate classroom, (2) in-school suspension, (3) out-of-school suspension, or (4) DAEP. |
| **Procedures for Teacher Removal** | No later than three school days after a teacher has formally removed a student from class, an administrator will schedule a conference with the campus behavior coordinator or other administrator, the student's parent/guardian, the student, and the teacher. At the conference, the student will be provided an explanation of the basis for removal and be given an opportunity to respond, the teacher must also be given an opportunity to participate, and a return to class plan must be discussed. After the conference, the campus behavior coordinator or designee will |

render a discipline decision and inform the student and parent/guardian of the consequences.

A student who is sent to the campus behavior coordinator's or other administrator's office through an ordinary or a formal teacher removal from class is not considered to have been removed from the classroom for the purposes of reporting data through the Public Education Information Management System (PEIMS) or other similar reports required by state or federal law.

| | |
|---|---|
| **Return to the Classroom** | The principal may not return the student to the teacher's class without the teacher's written consent unless the Placement Review Committee determines that such placement is the best or only alternative available, a conference is held within three school days of the removal in which the teacher has been provided an opportunity to participate, and a return to class plan has been prepared for that student. The return to class plan must be created before or during the conference and discussed at the conference. At the conference, the principal or other appropriate administrator must notify the student and parent of the right to appeal the removal. The terms of the removal may prohibit the student from attending or participating in school-sponsored or school-related activities.<br><br>A student may appeal the student's removal from class under this section to the placement review committee or to the campus's threat assessment and safe and supportive school team established in accordance with state law, as determined by board policy.<br><br>If the teacher removed the student from class because the student engaged in assault resulting in bodily injury, aggravated assault, sexual assault, or aggravated sexual assault against the teacher, the student may not be returned to the teacher's class without the teacher's consent. |

## In-School Suspension (ISS)

| | |
|---|---|
| **Reasons for ISS** | Students may be placed in ISS for any misconduct listed in any category of the SCC. ISS assignments are not subject to any time limit.<br><br>A student who possesses or uses an e-cigarette **(see definitions)** and who is not placed in a disciplinary alternative education program for the first-time offense, must be placed in in-school suspension for a period of at least 10 school days. |
| **Procedure for ISS** | The student will be informed of the reason for placement in ISS and be given an opportunity to respond. While in ISS the student will complete assignments from his or her teacher, and the campus administrator may place restrictions on the student's participation in school-sponsored or school-related activities.<br><br>A school's principal or other appropriate administrator shall review the in-school suspension of a student at least once every 10 school days after the date the ISS placement begins in order to evaluate the educational progress of the student and to determine if continued ISS is appropriate. If the principal or other appropriate administrator determines that continued ISS is appropriate, he or she shall document the determination. |
| **Notice for ISS** | On the day the consequence is assigned, the campus behavior coordinator or other appropriate administrator will contact the parent/guardian by phone or in person and will also make a good faith effort to provide the student with written notice of the disciplinary action to be delivered to the parent/guardian that same day. If the parent/guardian is not reached by phone or in person by 5:00 p.m. on that day, written notice will be sent to the parent's/guardian's last known address, via mail or electronically. Failure to send any notice within this time period or as noted elsewhere in the SCC does not preclude imposing the ISS discipline consequence. |

# Out-of-School Suspension (OSS)

| | |
|---|---|
| **Reasons for OSS** | Students may be suspended from school for any misconduct listed in any category of the SCC. |
| **Procedure for OSS** | The student will be informed of the reason for out-of-school suspension and be given an opportunity to respond before the administrator's decision is final. While the student is suspended, the administrator may place restrictions on the student's participation in school-sponsored or school-related activities. Students may be suspended for a maximum of three school days at a time. |
| **Notice for OSS** | On the day the consequence is assigned, the campus behavior coordinator or other appropriate administrator will contact the parent/guardian by phone or in person and will also make a good faith effort to provide the student with written notice of the disciplinary action to be delivered to the parent/guardian that same day. If the parent/guardian is not reached by phone or in person by 5:00 p.m. on that day, written notice will be sent to the parent's/guardian's last known address, via mail or electronically. Failure to send any notice within this time period or as noted elsewhere in the SCC does not preclude imposing the OSS consequence.

Upon receiving a written request from a student's parent or guardian, the principal or other appropriate administrator may, at his or her sole discretion, reassign a student placed in out-of-school suspension to ISS if the student's parent or guardian demonstrates through supporting information and documentation that they are unable to provide suitable supervision for the student during school hours during the period of the suspension. If the administrator decides on ISS instead, the alternative placement may be used only in extenuating circumstances and may not be used as a routine replacement for out-of-school suspension. The school district shall maintain documentation of each such reassignment, including the parent's request, the reason for the parent's unavailability, and all supporting information and documentation. |
| **Assignments During ISS and OSS** | The student will be required to complete all class assignments, homework, tests, and other academic work covered during the suspension. The student will have the opportunity to receive full credit for completed academic work when submitted in a timely manner and in accordance with the teacher or administrator's instructions. The student will be provided during the period of suspension, whether in-school or out-of-school, an alternative means of receiving all course work provided in the classes in the foundation curriculum that the student misses as a result of the suspension, including at least one option for receiving the course work that does not require the use of the Internet.

The District will provide a student placed in ISS with appropriate behavioral support services and comparable educational services as the student would receive in the classroom. If the student receives special education services, the student must continue to receive special education and related services specified in the student's individualized education program and continue to have an opportunity to progress in the general curriculum. |
| **Grade Level and Other Restrictions on Suspension** | A student who is in second grade or younger cannot receive an out-of-school suspension unless, while at school or at a school-sponsored activity, the student engages in conduct that contains the elements of an offense related to weapons, engages in conduct that threatens the immediate health and safety of other students in the classroom, engages in documented conduct that results in repeated or significant disruption to the classroom, or engages in selling, giving, or delivering to another person or possessing, using, or being under the influence of marijuana or a controlled substance, a dangerous drug, or an alcoholic beverage.

A student who is homeless, as that term is defined in federal law for homeless children and youth, cannot receive an out-of-school suspension, unless the student engages in conduct that contains the elements of an offense related to weapons, engages in conduct that threatens the immediate health and safety of other students in the classroom, engages in documented conduct that results in reapeated or significant disruption to the classroom, or engages in selling, giving, or delivering to another person or possessing, using, or being under the influence |

of marijuana or a controlled substance, a dangerous drug, or an alcoholic beverage.

## Disciplinary Alternative Education Program (DAEP)

| Reasons for Mandatory DAEP Placement | **School-Related.** Subject to the requirements of Texas Education Code, Section 37.009 (a), a student must be placed in DAEP for any of the following misconduct if committed while on school property, within 300 feet of school property as measured from any point on the school's real property boundary line, or while attending a school-sponsored or school-related activity on or off school property: |
|---|---|

- Engages in conduct punishable as a felony.

- Commits an assault **(see definitions)** resulting in bodily injury **(see definitions)** against another.

- Sells, gives, delivers, possesses, uses, or is under the influence of a controlled substance **(see definitions)** or a dangerous drug **(see definitions)**, in any amount not punishable as a felony.

- Sells, gives, or delivers to another person an e-cigarette **(see definitions)**.

- Sells, gives, delivers, possesses, uses, is under the influence of an alcoholic beverage or commits a serious act or offense while under the influence of an alcoholic beverage.

- Possesses, uses, sells, gives, or delivers to another person an e-cigarette **(see definitions)**.

- Possesses or uses an e-cigarette **(see definitions)** other than a first-time offense.

- Engages in an offense relating to abusable volatile chemicals **(see definitions)**.

- Engages in conduct that contains the elements of the offense of harassment under specific provisions of the Texas Penal Code **(see definitions)**, against an employee of the school district.

- Engages in public lewdness **(see definitions)**.

- Engages in indecent exposure **(see definitions)**.

- Possesses, other than on his or her person, or uses a firearm **(see definitions)** as defined by state law. Note: Possession of a firearm as defined by federal law is an expellable offense.

- Possesses, other than on his or her person, or uses a knife with a blade over 5½".

- Engages in expellable conduct if the student is between six and nine years of age.

- Engages in a federal firearm offense if the student is six years of age or younger.

**Off-Campus.** A student must be placed in DAEP for engaging in a Title 5 **(see definitions)** felony offense, aggravated robbery, deadly conduct, disorderly conduct involving a firearm, or unlawfully carrying weapons as defined by the Penal Code **(see definitions)** while off-campus and not in attendance at a school-sponsored or school-related activity if:

- The student receives deferred prosecution,

- A court or jury finds the student engaged in delinquent conduct, or

| | • The Superintendent or Superintendent's designee has a reasonable belief that the student has engaged in conduct defined as either a Title 5 felony offense or aggravated robbery (as defined in the Penal Code).<br><br>**Regardless of Location.** A student must be placed in DAEP if the student engages in the following misconduct, regardless of whether the conduct occurred on or off campus:<br><br>• Issues a false alarm or report **(see definitions)** or a terroristic threat **(see definitions)** involving a public school.<br><br>• Engages in the criminal offense of harassment as defined by law **(see definitions)** against any school employee or volunteer.<br><br>• Engages in the criminal offense of retaliation as defined by law **(see definitions)** against any school employee or volunteer.<br><br>• Is a registered sex offender **(see definitions)** under court supervision, probation, community supervision, or parole.<br><br>Students who are: (1) convicted of continuous sexual abuse of a young child or children; or (2) convicted, receive deferred adjudication or deferred prosecution, been found to have engaged in delinquent conduct or conduct in need of supervision, or been placed on probation for either sexual assault or aggravated sexual assault against another student assigned to the same campus at the time the offense occurred will be placed in DAEP (or JJAEP as appropriate) on the request of the victim's parents if the victim student does not wish to transfer, and there is only one campus serving that grade level. Placement in this circumstance may be for any length of time considered necessary. |
| **Reasons for Discretionary DAEP Placement** | **School-Related.** A student may be placed in DAEP for any of the following misconduct if committed while on school property, or while attending a school-sponsored or school-related activity on or off school property:<br><br>Possessing or using an e-cigarette **(see definitions)** for a first-time offense<br><br>• Committing any offense included in the list of "General Types of Prohibited Misconduct" in this SCC.<br><br>• Engaging in persistent **(see definitions)** misbehavior that violates this SCC.<br><br>• Engaging in criminal mischief if the damage is less than $2500.<br><br>• Engaging in conduct that contains the elements of the offense of disruptive activities as defined by law **(see definitions)**<br><br>• Engaging in conduct that contains the elements of the offense of disruption of classes as defined by law **(see definitions)** unless the student is younger than 12 years of age at the time of the offense.<br><br>**Off-Campus.** A student may be placed in DAEP for engaging in the following misconduct while off-campus and not in attendance at a school-sponsored or school-related activity:<br><br>• The administrator has a reasonable belief that the student engaged in conduct punishable as a felony (other than aggravated robbery or a Title 5 felony), and the student's continued presence in the regular classroom is a threat to the safety of others or is detrimental to the educational process. |

- Off-campus conduct for which DAEP placement is required by state law when the administrator does not learn of the conduct until more than a year passes after the conduct occurred.

**Regardless of Location.** A student may be placed in DAEP if the student engages in the following misconduct, regardless of whether the conduct occurred on or off campus:

- A student who is a registered sex offender **(see definitions)** and who is not under any form of court supervision may be placed in DAEP at the discretion of the District. A student who is a registered sex offender and who is not under any form of court supervision, may be placed in regular classes if the student is not a threat to the safety of others, is not detrimental to the educational process, and if such placement is not contrary to the best interests of the District's students.

- Engages in bullying **(see definitions)** that encourages a student to commit or attempt to commit suicide.

- Incites violence against a student through group bullying.

- Releases or threatens to release intimate visual material of a minor or a student who is 18 years of age or older without the student's consent.

- Is involved with a public school fraternity, sorority, secret society, or gang **(see definitions)**, including participating as a member or pledge, or soliciting another person to become a member or pledge.

- Is involved in criminal street gang activity (see definition).

| | |
|---|---|
| **Emergency DAEP Placement** | An administrator may order an emergency DAEP placement if the student has been so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to teach the class, the learning of other students, or the operation of a school-related or a school-sponsored activity. The reason for emergency placement must also be a reason for which DAEP placement could be ordered on a non-emergency basis. At the time of the emergency placement, the student will be told the reason for the action. |
| | No later than the tenth day after the date of emergency DAEP placement, the student will be given a conference as required for regular placement in DAEP; see below. |
| **Procedure for DAEP Placement** | **Conference.** No later than three school days after the student is removed from class, a campus administrator will schedule a conference with the campus behavior coordinator or other appropriate administrator, the student's parent/guardian, and the student. At the conference, the administrator will explain the allegations against the student, inform the student of the basis for the proposed DAEP placement, and give the student an opportunity to explain his or her version of the incident. The District may conduct the conference and make a discipline decision regardless of whether the student or the student's parent/guardian attends if the District made reasonable attempts to have them attend. |
| | On placement of a student in a disciplinary alternative education program, the school district shall provide information to the student's parent or person standing in parental relation to the student regarding the process for requesting a full individual and initial evaluation of the student under the Texas Education Code, Section 29.004. |
| | If during the term of DAEP placement the student engages in additional misconduct, additional conferences may be conducted and additional discipline may be imposed. |

| | |
|---|---|
| | **Interim Placement.** Until a placement conference can be held, the student may be placed in another appropriate classroom, in- school suspension, or out-of-school suspension. The student may not be returned to the regular classroom pending the placement conference. |
| | **DAEP Placement Order.** If the outcome of the conference is to place the student in DAEP, the campus behavior coordinator or designee will issue a DAEP placement order. If the length of placement differs from the guidelines included in the SCC, the DAEP placement order will give notice of the inconsistency. |
| | A copy of the DAEP placement order will be sent to the student and the student's parent/guardian. For those students placed in DAEP for a reason identified in the Texas Education Code, the District will also send the juvenile court a copy of the DAEP placement order no later than the second business day after the placement conference. A copy of the DAEP placement order will be included with any records sent to a school where the student seeks to enroll. The enrolling school district has discretion to enforce the DAEP placement order. |
| **Length of DAEP Placement** | The length of a student's placement in DAEP will be determined on a case-by-case basis using the criteria identified in the "Discipline Considerations" section of this SCC. All DAEP placements will result in placement for up to 60 school days. |
| | If the DAEP is at capacity at the time a DAEP placement decision is made for a student who engaged in conduct related to marijuana, a vape, alcohol, or an abusable chemical, the student shall be: |
| | • (1) placed in in-school suspension; and |
| | • (2) if a position becomes available in the DAEP program before the expiration of the placement period, transferred back to the DAEP for the remainder of the placement order. |
| | If the DAEP is at capacity at the time a DAEP decision is made for a student who engaged in conduct described under Section 37.007 that constitutes violent conduct, as defined by commissioner rule or administrator discretion in the absence of commissioner rule, a student who has been placed in the program for conduct related to marijuana, a vape, alcohol, or an abusable chemical: |
| | • (1) may be removed from the DAEP and placed in in-school suspension to make space in the DAEP available for the student who engaged in violent conduct; and |
| | • (2) if removed from the DAEP for this reason, shall be returned to the DAEP if space becomes available prior to the end of the placement period. |
| | Successful completion of school days will be determined at the discretion of the District. The length of DAEP placement may not exceed one year unless, after review, the District determines that the student is a threat to the safety of other students or District employees. |
| | Students placed in DAEP at the end of one school year may be required to complete the assigned term at the beginning of the next school year. For DAEP placement to extend beyond the end of the school year, the administrator must determine that: (1) the student's presence in the regular classroom or campus presents a danger of physical harm to the student or others; or (2) the student engaged in serious or persistent misbehavior that violates the SCC. For purposes of this paragraph only, "serious or persistent misbehavior" means any misconduct identified as being punishable with placement in DAEP or expulsion or three or more violations of the SCC or repeated occurrences of the same violation. |
| | If the DAEP placement extends beyond 60 days or the end of the next grading period, whichever is sooner, the student or the student's parent/guardian may participate in a proceeding before |

the Board or Board's designee as provided in policy FNG (LOCAL). Any decision of the Board is final and may not be appealed.

## Particular Rules for Registered Sex Offenders

The general SCC rules for DAEP placement apply to registered student sex offenders **(see definitions)** except as modified in this section.

**Placement.** Registered sex offenders will be placed in a Juvenile Justice Alternative Education Program (JJAEP) in lieu of DAEP if: (1) ordered to attend JJAEP by a court, or (2) if permitted by agreement between the District and the JJAEP.

**Length of Placement.** Registered sex offenders under court supervision will be placed in DAEP for a minimum of of one semester. Registered sex offenders who are not under any form of court supervision but who are assigned to DAEP must serve a length of placement to be determined by the Campus Behavior Coordinator or other appropriate administrator.

**Transfers.** Registered sex offenders under court supervision that transfer into the District will be required to complete the DAEP assignment assessed by the previous school district, but will receive credit for any time already spent in DAEP.

Registered sex offenders who are not under court supervision that transfer into the District will be required to complete the DAEP assignment assessed by the previous school district, but will receive credit for any time already spent in DAEP.

**Periodic Review for Registered Sex Offenders.** At the end of the first semester of DAEP placement, a review committee will determine by majority vote and recommend to the appropriate administrator whether the student should remain in DAEP or be returned to the regular classroom. The appropriate administrator will follow the committee's decision to return the student to the regular classroom unless the student's presence in the regular classroom is a threat to the safety of others, is detrimental to the educational process, or is not in the best interests of the District's students. Conversely, the appropriate administrator will follow the committee's decision to continue the student's placement in DAEP unless the student's presence in the regular classroom is not a threat to the safety of others, is not detrimental to the educational process, or is not contrary to the best interests of the District's students

If the student remains in DAEP, the review committee will re-consider the student's placement before the beginning of the next school year.

**Appeals for Registered Sex Offenders.** DAEP placement may be appealed as described in District policy FNG or FOC. However, the appeal is limited to the factual question of whether the student is required to register as a sex offender under the law. A decision of the District's Board of Trustees is final and may not be appealed.

## Other DAEP Issues

**Grade Levels.** Elementary students in kindergarten through grade 5 will not be placed in DAEP with secondary students in grade 6 through grade 12.

**No Participation in Extracurricular Activities While in DAEP.** Students placed in DAEP for any mandatory or discretionary reasons are not allowed to attend or participate in school-sponsored or school-related extracurricular or co-curricular activities during the period of DAEP placement. This restriction applies until the student fulfills the DAEP assignment at this or another school district.

**Impact on Graduation.** For graduating seniors who are in DAEP during the last week of school, the DAEP placement will continue through the last instructional day. The student will be allowed to participate in commencement exercises and related graduation activities unless otherwise specified in the DAEP placement order.

**Transportation.** The District will provide transportation to and from DAEP. This transportation privilege may be revoked if the student does not follow the transportation rules, refuses to cooperate with the driver or other District personnel involved in providing transportation or violates any provision of the SCC during transport.

**Periodic Review.** The District will review a student's DAEP placement and academic status every 120 calendar days. In the case of a high school student, the student's progress toward graduation will be reviewed and a graduation plan will be established. At the review, the student or the parent/guardian will have an opportunity to present reasons for the student's return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without that teacher's consent.

**Coursework Opportunity.** Students placed in DAEP will have an opportunity to complete coursework required for graduation, at no cost to the student, before the beginning of the next school year.

**Transition from DAEP.** As soon as practicable after the DAEP administrator determines the date a student will be released from the program, the administrator will provide written notice of the date to the student's parent/guardian and to the administrator of the campus to which the student will return. The DAEP will also provide the campus administrator an assessment of the student's academic growth while attending the alternative education program and the results of any assessment instruments administered to the student. Not later than five instructional days after the date of release from the DAEP, the campus administrator will coordinate the student's transition to a regular classroom, which must include assistance and recommendations from school counselors, school district peace officers, school resource officers, licensed clinical social workers, campus behavior coordinators, classroom teachers who are or may be responsible for implementing the student's personalized transition plan, and any other appropriate school district personnel.

**Transition Plan.** Each student must be provided a personalized transition plan developed by the campus administrator. The transition plan must include recommendations for the best educational placement of the student and the provision of information to the student's parent or person standing in parental relationship to the student about the process to request a full individual and initial evaluation of the student for purposes of special education services under Texas Education Code, Section 29.004. The transition plan may include recommendations for counseling, behavioral management, or academic assistance for the student with a concentration on the student's academic or career goals; recommendations for assistance for obtaining access to mental health services provided by the district or school, a local mental health authority, or another private or public entity; and a regular review of the student's progress toward the student's academic or career goals. If practicable, the campus administrator or designee will meet with the student's parent/guardian to coordinate plans for the student's transition.

**Effect of Student Withdrawal.** When a student withdraws from school before a DAEP placement order is completed, the District may complete the proceedings and issue a DAEP placement order. If the student re-enrolls in the District during the same or subsequent school year, the District may enforce the DAEP placement order at that time, minus any portion of the placement that was served by the student during enrollment in another district.

If the administrator does not issue a DAEP placement order after the student withdraws, the next district in which the student enrolls may complete the proceedings and issue a DAEP placement order.

**Student Transfers.** Students assigned to DAEP in another Texas district, a Texas open-enrollment charter school, or an out-of-state school district at the time of enrollment into the District will be placed into the District's DAEP to complete the term of their DAEP placement. In order to continue an out-of-state DAEP placement, the basis for the DAEP placement must also be a

reason for DAEP placement in the enrolling district. If the out-of-state DAEP placement period exceeds one year, the District will reduce the period of placement so that the total placement does not exceed one year unless the District determines that the student is a threat to the safety of others or extended placement is in the best interests of the student.

**Summer School.** Students in DAEP during summer programs will be served alongside other students not assigned to DAEP.

**Summer Activities.** Students whose DAEP placement continues past the end of the school year and into the next school year will not be permitted to participate in school-related activities occurring during summer months, including team camps, clinics, practices, and workouts.

**Criminal Proceedings.** The review and appeal process described below is limited to retaliation or off-campus misconduct. It does not apply if the student was placed in DAEP as required by law for conduct occurring on or within 300 feet of school property, at a school-sponsored or school-related activity, or for a false alarm or report or terroristic threat involving a public school.

If the District receives notice that prosecution of a student's case was refused and no formal proceedings, deferred adjudication, or deferred prosecution will be initiated or a court or jury found the student not guilty or that the student did not engage in delinquent conduct or conduct indicating a need for supervision and dismissed the student's case with prejudice, the District will review the student's DAEP placement and will schedule a review with the student's parent/guardian no later than the third day after receiving notice. The student will not be returned to the regular classroom before the review. After reviewing the notice and receiving information from the student's parent/guardian, the administrator may only continue the student's DAEP placement if the administration has reason to believe the student's presence in the regular classroom threatens the safety of others.

The administrator's decision may be appealed to the Board. In the event of an appeal, at the next scheduled meeting the Board will: (1) review the notice, (2) hear statements from the student, the student's parent/guardian, and the administrator, and (3) confirm or reverse the decision of the administrator.

If the Board confirms the decision of the administrator, the student and the student's parent/guardian have the right to appeal to the Commissioner of Education. The student may not be returned to the regular classroom while the appeal is pending.

| | |
|---|---|
| **Policy for Parental Involvement in School Disciplinary Placements** | The principal, campus behavior coordinator, or other appropriate administrator shall notify the parent or legal guardian of a student who has been placed in DAEP or expelled of the parent's right to request that a behavioral agreement be developed, specifying the responsibilities of the parent and student. If such a behavioral agreement is developed and the student and the parent comply with the terms of the agreement, the campus will offer a reduction in the period of the disciplinary placement imposed on the student. If the period of a disciplinary placement is reduced as a result of the agreement, such agreement does not entitle the student to a different disciplinary placement. Any reduction in the period of a disciplinary placement is at the sole discretion of the principal, campus behavior coordinator, or other appropriate administrator and may be revoked or amended at any time if the student or the parent fails to comply with the terms of the behavioral agreement. A behavioral agreement developed under this policy must include, in writing, the specific reduction in the period of the student's disciplinary placement with which the student will be credited if the student and the parent comply with the terms of the behavioral agreement. When developing a behavioral agreement, the school district shall consider the model behavioral agreement created by the Texas Commissioner of Education. |

**While in DAEP.** A student may be expelled for engaging in documented serious misbehavior as defined by law **(see definitions)** while the student is placed in DAEP and on the DAEP site/campus despite documented behavioral interventions.

**School-Related.** A student may be expelled for any of the following offenses that occur on school property, within 300 feet of school property as measured from any point on the District's real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:

**Three Hundred Feet.** Additionally, a student may be expelled for any of the following offenses that occur within 300 feet of school property as measured from any point on the District's real property boundary line:

- Possesses a firearm, as defined by federal law **(see definitions)**.

* Firearm note: So long as the firearm is not brought on school property, a student will not be expelled solely for using, exhibiting, or possessing a firearm at an off-campus approved target range facility while participating in or preparing for a school-sponsored shooting sports competition or while participating in or preparing for a shooting sports educational activity sponsored or supported by the Texas Parks and Wildlife Department or an organization working with the Department.

**Regardless of Location.** A student may be expelled if the student engages in the following misconduct, regardless of whether the conduct occurred on or off campus:

- Engages in felony criminal mischief.

- Engages in breach of computer security by accessing a computer, computer network or computer system owned by or operated on behalf of a school district without consent and knowingly alters, damages, or deletes school district property or information or breaches any other computer, computer network, or computer system.

- Issues a false alarm or report **(see definitions)** or a terroristic threat **(see definitions)** involving a public school.

**Title 5 Felonies Regardless of Location.** In addition to the expellable conduct listed above, a student may also be expelled and placed in Juvenile Justice Alternative Education Program if the student:

- is arrested for a Title 5 felony offense **(see definitions)**,

- has been referred to a juvenile court for delinquent conduct based on a Title 5 felony offense or aggravated robbery, or

- was convicted of a Title 5 felony offense or aggravated robbery;

A student may be expelled to an alternative setting for the offenses listed above when the appropriate administrator determines the student's presence in the regular classroom either threatens the safety of other students or teachers, is detrimental to the educational process, or is not in the best interests of the District's students.

In this circumstance, expulsion to an alternative setting may be ordered regardless of: (1) the date on which the conduct occurred, (2) the location at which the conduct occurred, (3) whether the student was enrolled in the District at the time the conduct occurred, or (4) whether the student successfully completed any court disposition requirements regarding the conduct.

A student may be subject to an expulsion under this circumstance until: (1) the student graduates from high school, (2) the charges are dismissed or reduced to a misdemeanor, (3) the student completes the term of the placement, or (4) the District assigns the student to another program. The student will be entitled to the same periodic review afforded to other students in alternate settings. An expulsion ordered in this case is final and may not be appealed beyond the Board of Trustees.

**Emergency Expulsion**

An administrator may order the immediate expulsion of a student if the administrator reasonably believes the emergency expulsion is necessary to protect persons or property from imminent harm. The reason for the emergency expulsion must also be a reason for which expulsion could be ordered on a non-emergency basis. At the time of the emergency expulsion, the student will be told the reason for the action. No later than the tenth day after the date of emergency expulsion, the student will be given a hearing as required for a regular expulsion; see below.

**Procedure for Expulsion**

**Hearing.** Students alleged to have committed an expellable offense will receive a hearing before the Chief Schools Officer within a reasonable time following the alleged misconduct. The student's parent/guardian will be informed of the basis for the proposed expulsion and will be invited in writing to attend the hearing. After making an effort to inform the student and parent/guardian of the hearing, the District may hold the hearing regardless of whether the student or the student's parent/guardian attends. At the hearing, the student is entitled to:

- Representation by an adult, including the student's parent/guardian, who can provide guidance to the student and who is not an employee of the District; and

- An opportunity to testify and to review and present evidence and witnesses in the student's defense.

Additional proceedings may be conducted and additional discipline may be imposed if the student engages in additional misconduct while the student is already expelled.

**Interim Placement.** Until an expulsion hearing can be held, the student may be placed in another appropriate classroom, in-school suspension, out-of-school suspension, or DAEP.

**Expulsion Order.** If the outcome of the expulsion hearing is that the student will be expelled, the appropriate administrator will issue an expulsion order and provide a copy to the student and the student's parent/guardian. If the duration of the expulsion differs from the guidelines in the SCC, the expulsion order will give notice of the inconsistency.

The District will send a copy of the expulsion order to the juvenile court no later than the second business day after the expulsion hearing. A copy of the expulsion order will be included with any records sent to a school where the student seeks to enroll. The enrolling school district has discretion to enforce the expulsion order.

## Length of Expulsion

The duration of the expulsion will be determined on a case-by-case basis using the criteria identified in the "Discipline Considerations" section of this SCC. Both mandatory and discretionary expulsions will result in expulsion for up to 150 school days.

School days counted towards completion of the expulsion term will be determined at the discretion of the District. Students who bring a firearm (as defined by federal law) to school will be expelled from the regular classroom for at least one calendar year except as modified by the administrator on a case-by-case basis.

An expulsion will not exceed one calendar year unless, after review, the District determines that: (1) the student is a threat to the safety of other students or to District employees; or (2) extended expulsion is in the best interest of the student.

Students expelled at the end of one school year may be required to complete the term of their expulsion at the beginning of the next school year.

## Other Expulsion Issues

**Academic Impact.** Students will not receive academic credit for work missed during the period of expulsion unless the student is enrolled in a Juvenile Justice Alternative Education Program (JJAEP) or other District-approved program or as necessary to provide a free appropriate public education under IDEA.

**Participation in Activities.** Expelled students are prohibited from being on school grounds or attending or participating in school-sponsored or school-related activities while expelled.

**Age Restrictions.** Students under the age of ten who engage in expellable behavior will not be expelled, but will be placed in DAEP.

**Effect of Student Withdrawal.** If a student withdraws from the District before the expulsion hearing is conducted, the District may proceed with conducting the hearing after sending written notice to the parent/guardian and student. If the student re-enrolls during the same or subsequent school year the District may enforce the expulsion order at that time; students will be credited for any expulsion period that was served by the student while enrolled in another district.

If the administrator does not issue an expulsion order after the student withdraws, the next district in which the student enrolls may complete the proceedings and issue an expulsion order.

**Student Transfers.** The District will continue the expulsion of students expelled from either another Texas school district or from an out-of-state school district for behavior that is also a reason for expulsion in the enrolling district, until the term of expulsion has been served. If the out-of-state expulsion exceeds one year, the District will reduce the period of the expulsion so that the total expulsion does not exceed one year unless the District determines that the student is a threat to the safety of others or extended placement is in the best interest of the

| **Expulsion Appeals** | An expelled student may appeal the expulsion decision to the Board of Trustees as provided by policy. The student or student's parent/guardian must submit a written appeal to the Superintendent within 10 days after receipt of the expulsion order or decision. The Superintendent will give the student or the student's parent/guardian written notice of the date, time, and location of the meeting at which the Board will review the decision. Consequences will not be delayed pending the outcome of the appeal. |
| **Virtual Expulsion Program** | The principal or other appropriate administrator may place a student who has been expelled under Texas Education Code, Sections 37.007 or 37.0081 into a virtual expulsion program established by the district and provide virtual instruction and instructional materials for remote learning to the student only if: |

(1) the school district is located in a county that operates a JJAEP program or the school district contracts with the juvenile board of another county for the provision of a JJAEP, and the JJAEP rejects admission of the student or returns the student before the expiration of the discipline assignment; or

(2) the school district is not located in a county that operates a JJAEP and does not contract with the juvenile board of another county for the provision of a JJAEP.

If the principal or other appropriate administrator places a student in a virtual expulsion program under this section, the District shall ensure that the student has suitable computer equipment and Internet access and provide the computer equipment and Internet access if necessary.

A school district must ensure that, to the extent practicable in a virtual setting, the district's virtual expulsion program complies with the requirements for a DAEP under Section 37.008.

The principal or other appropriate administrator shall review the placement of a student in a virtual expulsion program under this section at least once every 45 school days after the date the placement begins, in order to determine if continued placement in the program is appropriate. The review must consider whether a position for the grade level in which the student is enrolled has become available in an in-person setting. If the principal or other appropriate administrator determines that such a position has become available, the school district shall plan for the student's transition to an in-person setting as soon as practicable. If the principal or other appropriate administrator determines that continued placement is appropriate, the principal or other appropriate administrator shall document the determination.

A student placed in a virtual expulsion program shall be counted toward the District's average daily attendance for purposes of receipt of state funds under the Foundation School Program if the District can confirm the student's daily attendance in the virtual expulsion program.

A school district may not require a teacher who provides virtual instruction to students in a virtual expulsion program to provide virtual instruction and in-class instruction for a course during the same class period. A teacher may not provide instruction for a virtual expulsion program course unless the teacher has completed a professional development course on virtual instruction. The District shall take attendance for students placed in a virtual expulsion program in accordance with rules adopted by the Commissioner.
