Grade Level Teams: Grade level teams met weekly throughout the school year to discuss a variety of agenda items that were provided by the team or Zueck. The meetings were very beneficial and will continue for the 2016-2017 school years.

PBIS Committee: PBIS committee members met monthly during the 2015-2016 school years. A variety of data was discussed at each committee meeting: attendance-unexcused absences-tardies-majors-minors-homework as well as the quarterly events for points gained based on appropriate behavior. This committee will continue to meet during the 2016-2017 school years. Thanks to all committee members in a job well done!

School Improvement Committee: met quarterly throughout the year to assist with input from staff members in the decision making at Lincoln Elementary School. A representative also serves on both PBIS and handbook committees for consistency and suggestions during the school year. I thank all committee members with the committee continuing during the 2016-17 school years.

Lincoln Handbook Committee met on May 11, 2015 to review-revise the Lincoln School Handbook for 2015-2016. Prior to the meeting, all members were provided a copy of the handbook to review for possible changes-updates and revision. I thank all committee members for a job well done.
