Elementary Principal’s Report

The ‘First Six Weeks of School’

Elementary teaching staff have been helping our students begin their courses of instruction and learning for the year. We are really excited to build on the increasing achievement results coming into this year and build to our highest level likely this year in the spring in recent years. At the same time, we have been working to

establish good routines, friendships and our SOAR like an Eagle Expectations.

Many experts in education have noted the importance of

establishing a great foundation during the first 6 weeks of school - and our teacheres are certainly doing that right now. The year is shaping up to be first class!

Beginning of the Year Assessments

Literacy Checks, Fountas and Pinnell Benchmarking, STAR assessments have all been completed and students in need of help have begun their additional academic interventions. We have been training on more detailed phonics based assessments as well. We have a number of students excelling this year and are meeting regards providing increased acceleration and challenge opportunities for these students.

Beginning of the Year Fun!

Even with all the studies and work. Kids are still having fun! Pumpkin contest is starting soon, 4K field trip, Grade 1 Field Trip and many Friday funs!!
