The purpose of this expo is to help alleviate the stress many of our community members face on a daily basis. This expo will be raising awareness of and providing more direct community access to: mental health resources, insurance information, activities directed towards youth, information for senior citizens, housing information, county resources, health related services, etc. The hope for this event is to be able to offer something for every age group and show all of the great resources our community has to offer!

Thank you,  
Alyssa
