

## BPS Activities Report for July and August

Activities Director report-

For the month of August, there was very little activity to report on. The gym and weight room remained open for student athletes for 2 weeks in August throughout the day and into the evening. Special thanks to Ed Running Rabbit, Jaysen Tall Whiteman, and Corrina Guardipee Hall for opening the BHS Gym and High School Gym during the evenings for our students. Students were able to remain active in a safe place and students were able to play volleyball, lift weights, and play basketball. Some students were also working out on the football field during the evenings.
