Re: Buffalo Community Middle School Ballfield Improvements

Dear John,

On Thursday, April 19th, bids were received for the Buffalo Community Middle School Ballfield Improvements project. The low bidder for the project was Land Pride Construction with a base bid amount of \$173,887.35.

Following the bid opening, I spoke with Troy Soine at Land Pride Construction to confirm his understanding of the project. Troy stated he was comfortable his bid and that Land Pride Construction is ready to accomplish the work. After receiving a list of references from Land Pride, we spoke with the engineer who has worked with the company as a past project; he stated that Land Pride Construction did a very good job, were easy to work with and that he would use them again on future projects.

Per my discussion with Troy, review of the project, and his assurance of Land Pride Construction's ability to complete the project in a timely manner and on budget, we see no reason for concern and recommend accepting Land Pride Construction for the Buffalo Community Middle School Ballfield Improvements project.

A copy of the bid tabulation is attached for your files. If you have any questions regarding the above please do not hesitate to contact our office.

Sincerely,
Anderson-Johnson Associates, Inc.
