Ethics for School Trustees

Is it okay to accept gifts during school board appreciation month? Should you intervene on behalf of a friend to ensure that they get an interview for a position in the district? Board decisions can lead to ethical dilemmas. What are some of these dilemmas and how would your leadership team (board and superintendent) handle them? In this session, participants will examine scenarios of some school board situations to determine the best course of action, discuss the ethical principle demonstrated, possible consequences from the actions, and suggestions for better ways to handle the situations.
