EMERGENCY PERMITS

A public school employee must have the appropriate credentials for his or her current assignment unless the appropriate permit has been issued. The credentials appropriate to each assignment are set forth in rules of the State Board for Educator Certification (SBEC) at 19 Administrative Code Chapter 231. 19 TAC 231.1 [See DBA]

A superintendent or designee who cannot secure an appropriately certified and qualified individual to fill a vacant position may activate an emergency permit for an individual who does not have one of the appropriate credentials for the assignment.

The superintendent or designee must:

1. Document the efforts the district has taken to employ a fully certified individual in the position for which an emergency permit is activated;
2. Apply for an emergency permit when a vacant position is filled with an uncertified or inappropriately certified individual who will serve as the teacher of record or will serve in the assignment for more than 30 consecutive instructional days. The application must be submitted to TEA within 45 instructional days of the date of assignment;
3. Verify that the district maintains a support system, has assigned a trained mentor, and will provide release time as needed to assist the individual serving on an emergency permit. However, a district shall not be required to provide a mentor for a degreed, certified teacher assigned on an emergency permit if the teacher has one or more creditable years' experience within the district, as defined at 19 Administrative Code Chapter 153, Subchapter CC; and
4. Verify that the individual for whom the emergency permit is activated has been advised of the SBEC rules regarding permits and permit renewal requirements in 19 Administrative Code Chapter 230, Subchapter F.

An emergency permit is authorized for the district for a specific assignment and is not the property of the individual for whom the emergency permit was activated. If an emergency permit authorized by SBEC is not used, the district shall notify TEA staff by email. *19 TAC 230.71(d)–(e)*

TEMPORARY
VACANCIES

A district is not required to activate an emergency permit if an uncertified individual is assigned for a certified teacher who will be absent for more than 30 consecutive instructional days due to documented health-related reasons and has expressed the intention to return to the assignment. A district must, however, comply with the parent notification requirements below. *19 TAC 230.71(g)*

EDUCATOR
CONSENT

A certified teacher must consent to the activation of an emergency permit and be advised of the conditions of the emergency permit.

A teacher who refuses to consent to activation of an emergency permit may not be terminated or nonrenewed or otherwise retaliated against because of the teacher's refusal to consent to the activation of the emergency permit. However, a teacher's refusal to consent shall not impair a district's right to implement a necessary reduction in force or other personnel actions in accordance with local policy.

19 TAC 230.71(c)

ELIGIBILITY
REQUIREMENTS

An individual for whom an emergency permit is activated must meet the general eligibility criteria listed at 19 Administrative Code 230.75 and the specific eligibility requirements for the assignment listed at 19 Administrative Code 230.77. *19 TAC 230.75, .77*

HARDSHIP

1. Document local conditions requiring the assignment of an individual who does not meet emergency permit requirements;
2. Verify that the deficiencies for the certificate sought do not exceed 36 semester credit hours; and

VALIDITY OF
EMERGENCY
PERMIT

An emergency permit is valid for the remainder of the school year for which it is activated. The emergency permit must be submitted to TEA within 45 instructional days from the date of assignment. The permit is valid for service only in the requesting district and only for the assignments indicated on the emergency permit application.

The employment of an individual on an emergency permit may not exceed three school years in the same assignment. The individual may serve in a specific assignment no more than two additional school years beyond the initial emergency permit. To continue beyond the initial emergency permit year, the individual must comply with the renewal provisions specified in 19 Administrative Code 230.81.

To continue employment in the assignment beyond the validity of the emergency permit, the individual must hold the appropriate certificate. An individual may not serve as a classroom teacher of record in the district for more than three school years without obtaining initial, standard certification.

RENEWAL OF
PERMIT

A superintendent, designee, or authorized representative may renew an emergency permit for the same assignment in the same district for which the initial emergency permit was activated. Renewal procedures are set forth at 19 Administrative Code 230.81(5).

No individual may continue in the same assignment for more than three school years of service on an emergency permit, except that emergency permits used fewer than 90 calendar days may be renewed for one additional year of service. The total of semester credit hours or the equivalent contact hours required to obtain certification appropriate for the assignment shall determine the number of emergency permit renewals for which the individual may be eligible. The schedule for determining eligibility for emergency permit renewal is set forth at 19 Administrative Code 230.81(3).
