

In a supportive community and through a systematic, accelerated college-preparatory education in the classical tradition, Nova Classical Academy challenges its students to develop intellect, to attain the habits of learning and mastery, and to live a virtuous life of duty and ideals.

Nova Classical Academy, a Minnesota charter school dedicated to high, academic achievement and the classical model of education, seeks to hire a talented and energetic .2 ECSE Special Education teacher with expertise and/or interest in Classical Education. Our dual aim for students, the refinement of the intellect and the perfection of moral character, is what we call our teachers to strive for professionally and personally. We also seek those who value commitment to student clubs or sports, or other active involvement in the Nova community.

The ideal candidate would have experience teaching students with a variety of identified learning needs and the flexibility to adapt the general education curricula to meet the specific learning needs of students. A high importance is placed on effective partnering with general education teachers, parents, and the administration.

A minimum of a Bachelor's Degree in a relevant field is required and an advanced degree is preferred. All candidates must possess valid MN teaching licensure to be considered. We invite potential candidate to look though the Academics portion of our website (www.novaclassical.org) to introduce themselves to what expectations are of Nova students. All new teachers are required to complete successfully the Classical Education Certification program which meets bi-monthly in the evenings for their first year.

Please fill out an online application at <http://www.novaclassical.org/employment-application/>, including a cover letter, resume, and information for three professional references.
