Dear District FOIA Officer:

You have not timely responded to the FOIA request below sent on 9/11/23. Please respond in the next 24 hours.

If your FOIA response is to direct me to your website, please note that websites generally do not state certifications/licensures. Therefore, such a response is inadequate.

NOTE: If your District formally responded and requested more time, please ignore this email.

Dear District FOIA Officer:

If you are not the FOIA officer, please forward this request to the District FOIA Officer or reply to this email with the correct contact information.

Please identify (by employee name and work email address) each and every District employee who is certified as a school librarian (meaning they have the school library licensure and/or endorsement in library media) and who is *currently* working in that capacity in your District's library/libraries/media centers this academic school year.

Please note that a "certified school librarian" may also be called a "District Librarian," "certified media specialist," or an "information specialist." *This request is NOT seeking parent volunteers or support staff members who are non-certified and working in a school library.*

The purpose of the request is to identify the number of **certified/licensed school librarians** working in Illinois Public School Districts.

Please send your response to me electronically. This request is not for commercial purposes.

Please let me know if you have any questions.

Thank you in advance for your assistance in this matter.

Janine,

This is the first time that I received your request at this email address. Please see our FOIA officer at this link:

https://core-docs.s3.us-east-1.amazonaws.com/documents/asset/uploaded_file/845/Pana_CUSD_8/2500424/Freedom_of_Information_Act_updated_8.29.23.pdf

According to Bridgett, she did not receive a request either.

There are 0 certified librarians working in the District.

At this time, I am the acting "Librarian" for the District and attend an annual library certification training in order to be able to do so.

Jason
