

# Glendale & Big Sky Colony Schools

## April Board Report

Submitted by: Rebecca Rappold, Principal

### **SBAC ELA, Mathematics, and Science Testing Completed in March & April**

The Big Sky and Glendale Schools participated in statewide testing for ELA, mathematics, and science during the months of March and April. Students in grades 3rd-8th participated in ELA and mathematics testing and 5th and 8th graders also completed the science assessment. Big Sky and Glendale had 100% completion of statewide assessments during the 21-22 school year.

### **Planning & Purchasing for the 22-23 School Year**

Both schools have submitted purchases for end of year planning, as well as materials ordering for next school year. The teacher teams are also working to establish a master calendar for both schools to ensure adequate planning for next year in regard to staffing needs, curriculum and supply needs, as well as summer professional development opportunities. The Golden Triangle Curriculum Cooperative will be offering learning opportunities for Hutterite Colony school teachers, as well as multigrade classroom teachers during this summer's workshop offerings. Staff at both schools have been offered the opportunity to attend these trainings.
