January 27, 2023

To: Superintendents and Facility POC's

From: Joe Willhoite, Facilities Manager

A handwritten signature in dark ink, appearing to be "JW", written over the printed name "Joe Willhoite".

Subject: Attendance Areas for Space Eligibility

Attached is the department's list of attendance areas compiled in accordance with the provisions of 4 AAC 31.016. This information is also available on the facilities page of the department's web site under the heading *Capital Improvement Projects Application & Support*. Please note that charter schools, and their students, are factored into space eligibility only when they are located in a district/borough facility. If you have a charter school that has transitioned, in either direction, between leased space and district space, please review your school list for accuracy.

Districts have until March 1, 2023, to review the list and request, in writing to the commissioner, an amendment to the list revising or, if you anticipate additional schools for the school year 2023-2024, requesting additional attendance areas. Requests for amendment will be acted on by the commissioner by April 1, 2023.

This list does not include all school buildings assigned to each district's attendance areas. If that information is needed, please contact the department.

If the district has any questions regarding the FY2025 Attendance Area list, please feel free to contact me at your convenience at: joe.willhoite@alaska.gov or 907 465-6569.
