Subject

Proposed EFB Local Policy – Library Acquisition

Background Information

In accordance with Texas Education Code § 33.026, enacted by the 89th Texas Legislature, each school district must adopt a local policy governing the acquisition of library materials, including purchases and donations. The legislation requires public transparency, community involvement, grade-level appropriateness reviews, and a formal process for the reconsideration of library materials.

TASB has provided an updated model policy EFB (Local): Library Materials to assist districts in compliance. This policy outlines:

- Criteria for the selection and acquisition of library materials;
- Procedures for accepting and vetting donated materials;
- Requirements for transparency and community review of proposed acquisitions;
- The role of the Local School Library Advisory Council (when applicable);
- A standardized process for challenges and reconsideration of materials, aligned to state law.
