DISCUSSION ITEM: Selection of Construction Managers-at-Risk for Wylie Campus and the Technical Training Center

DISCUSSION: At its meeting on May 23, 2017, the Board of Trustees approved the Designated Delivery Method for Construction of the Wylie Campus and the Technical Training Center. This approval allowed the selection of Construction Managers-at-Risk using the two-step method as described by the Texas Government Code. This discussion will describe the approach taken to determine the best value Construction Managers for each project.

A flash drive will be provided to the Board of Trustees with information on the selection of Architects, Construction Managers-at-Risk, and the AIA Contracts.
