

Operational Services

Identity Protection

The collection, storage, use, and disclosure of social security numbers by the School District shall be consistent with State and federal laws. The goals for managing the District's collection, storage, use, and disclosure of social security numbers are to:

1. Limit all activities involving social security numbers to those circumstances that are authorized by State or federal law.
2. Protect each social security number collected or maintained by the District from unauthorized disclosure.

The Superintendent is responsible for ensuring that the District complies with the Identity Protection Act, 5 ILCS 179/. Compliance measures shall include each of the following:

1. All employees having access to social security numbers in the course of performing their duties shall be trained to protect the confidentiality of social security numbers. Training should include instructions on the proper handling of information containing social security numbers from the time of collection through the destruction of the information.
2. Only employees who are required to use or handle information or documents that contain social security numbers shall have access to such information or documents.
3. Social security numbers requested from an individual shall be provided in a manner that makes the social security number easily redacted if the record is required to be released as part of a public records request.
4. When collecting a social security number or upon request by an individual, a statement of the purpose(s) for which the District is collecting and using the social security number shall be provided. The stated reason for collection of the social security number must be relevant to the documented purpose.

This policy shall not be interpreted as a guarantee of the confidentiality of social security numbers and/or other personal information. The District will use best efforts to comply with this policy, but this policy should not be construed to convey any rights to protection of information not otherwise afforded by law.

Treatment of Personally Identifiable Information Under Grant Awards

The Superintendent ensures that the District takes reasonable cybersecurity and other measures to safeguard information including: (1) *protected personally identifiable information*, (2) other types of information that a federal agency, pass-through entity, or State awarding agency designates as sensitive, such as *personally identifiable information* (PII) and (3) information that the District considers to be sensitive consistent with applicable laws regarding privacy and confidentiality (collectively, *sensitive information*), when administering federal grant awards and State grant awards governed by the Grant Accountability and Transparency Act (30 ILCS 708/).

The Superintendent shall establish procedures for the identification, handling, storage, access, disposal and overall confidentiality of sensitive information. The Superintendent shall ensure that employees and contractors responsible for the administration of a federal or State award for the District receive regular training in the safeguarding of sensitive information. Employees mishandling sensitive information are subject to discipline, up to and including dismissal.

Operational Services

Accounting and Audits

The School District's accounting and audit services shall comply with the *Requirements for Accounting, Budgeting, Financial Reporting, and Auditing*, as adopted by the Ill. State Board of Education (ISBE), State and federal laws and regulations, and generally accepted accounting principles. Determination of liabilities and assets, prioritization of expenditures of governmental funds, and provisions for accounting disclosures shall be made in accordance with government accounting standards as directed by the auditor designated by the Board. The Superintendent, in addition to other assigned financial responsibilities, shall report monthly on the District's financial performance, both income and expense, in relation to the financial plan represented in the budget.

Annual Audit

At the close of each fiscal year, the Superintendent shall arrange an audit of the District funds, accounts, statements, and other financial matters. The audit shall be performed by an independent certified public accountant designated by the Board and be conducted in conformance with prescribed standards and legal requirements. A complete and detailed written audit report shall be provided to each Board member and to the Superintendent. The Superintendent shall annually, on or before October 15, submit an original and one copy of the audit to the Regional Superintendent of Schools.

Annual Financial Report

The Superintendent or designee shall annually prepare and submit the Annual Financial Report on a timely basis using the form adopted by the ISBE. The Superintendent shall review and discuss the Annual Financial Report with the Board before it is submitted.

Inventories

The Superintendent or designee is responsible for establishing and maintaining accurate inventory records. The inventory record of supplies and equipment shall include a description of each item, quantity, location, purchase date, and cost or estimated replacement cost, unless the supplies and equipment are acquired by the District pursuant to a federal or State grant award, in which case the inventory record shall also include the information required by 2 C.F.R. §200.313, if applicable. The Superintendent shall establish procedures for the management of property acquired by the District under grant awards that comply with federal and State law.

Capitalization Threshold

To be considered a capital asset for financial reporting purposes, a capital item must be at or above a capitalization threshold of \$10,000 and have an estimated useful life greater than one year.

Disposition of District Property

The Superintendent or designee shall notify the Board, as necessary, of the following so that the Board may consider its disposition: (1) District personal property (property other than buildings and land) that is no longer needed for school purposes, and (2) school site, building, or other real estate that is unnecessary, unsuitable, or inconvenient. Notwithstanding the above, the Superintendent or designee may unilaterally dispose of personal property of a diminutive value. The Superintendent shall establish procedures for the disposition and, when permitted by the terms and conditions of the award, the retention of property acquired by the District under grant awards that comply with federal and State law.

Taxable Fringe Benefits

The Superintendent or designee shall: (1) require that all use of District property or equipment by employees is for the District's convenience and best interests unless it is a Board-approved fringe benefit, and (2) ensure compliance with the Internal Revenue Service regulations regarding when to report an employee's personal use of District property or equipment as taxable compensation.

Controls for Revolving Funds and Petty Cash

Revolving funds and the petty cash system are established in Board policy 4:50, *Payment Procedures*. The Superintendent shall: (1) designate a custodian for each revolving fund and petty cash fund, (2) obtain a bond for each fund custodian, and (3) maintain the funds in compliance with this policy, State law, and ISBE rules. A check for the petty cash fund may be drawn payable to the designated petty cash custodian. Bank accounts for revolving funds are limited to a maximum balance of \$1,000. All expenditures from these bank accounts must be directly related to the purpose for which the account was established and supported with documentation, including signed invoices or receipts. All deposits into these bank accounts must be accompanied with a clear description of their intended purpose. The Superintendent or designee shall include checks written to reimburse revolving funds on the Board's monthly listing of bills indicating the recipient and including an explanation.

Control Requirements for Checks

The Board must approve all bank accounts opened or established in the District's or a District school's name or with the District's Federal Employer Identification Number. All checks issued by the School District must be signed by either the Treasurer or Board President, except that checks from accounts containing student activity funds or fiduciary funds and checks from revolving accounts may be signed by their respective account custodians.

Internal Controls

The Superintendent is primarily responsible for establishing and implementing a system of internal controls for safeguarding the District's financial condition; the Board, however, will oversee these safeguards. The control objectives are to ensure efficient business and financial practices, reliable financial reporting, and compliance with State law and Board policies, and to prevent losses from fraud, waste, and abuse, as well as employee error, misrepresentation by third parties, or other imprudent employee action.

The Superintendent or designee shall annually audit the District's financial and business operations for compliance with established internal controls and provide the results to the Board. The Board may from time-to-time engage a third party to audit internal controls in addition to the annual audit.

Operational Services

Food Services

Good nutrition shall be promoted in the District's meal programs and in other food and beverages that are sold to students during the school day. The Superintendent shall manage a food service program that complies with this policy and is in alignment with School Board policy 6:50, *School Wellness*.

Food or beverage items sold to students as part of a reimbursable meal under federal law must follow the nutrition standards specified in the U.S. Dept. of Agriculture rules that implement the National School Lunch and Child Nutrition Acts. Schools being reimbursed for meals under these laws are *participating schools*.

The food service program in participating schools shall comply with the nutrition standards specified in the U.S. Dept. of Agriculture's *Smart Snacks rules* when it offers competitive foods to students on the school campus during the school day. *Competitive foods* are all food and beverages that are offered by any person, organization or entity for sale to students on the school campus during the school day that are not reimbursed under programs authorized by federal law. The food service programs in participating schools shall also comply with any applicable mandates in the Illinois State Board of Education's School Food Service rules implementing these federal laws and the Ill. School Breakfast and Lunch Program Act.

All revenue from the sale of any food or beverages sold in competition with the School Breakfast Program or National School Lunch Program to students in food service areas during the meal period shall accrue to the nonprofit school lunch program account.
