Independent Auditor's Report

Members of the School Board Southeast Island School District Thorne Bay, Alaska

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Southeast Island School District (District) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information, as of June 30, 2023, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
 accounting estimates made by management, as well as evaluate the overall presentation of the
 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Schedule of Revenues, Expenditures and changes in Fund Balance Original and Final Budget to Actual - School Operating Fund, the Schedule of the District's Proportionate Share of Net Pension and OPEB Liabilities and Assets, and the District's Schedule of Contributions for the Public Employees' Retirement System and Teachers' Retirement System and notes to the required supplementary information on pages 42-54 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The information listed in the table of contents as "Additional Supplementary Information", which includes Major Governmental Funds: Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual; Other Governmental Funds: Combining Balance Sheet and Combining Statement of Revenues, Expenditures and Changes in Fund Balances; Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual (where applicable), Schedule of Results of Operations of Capital Projects; Schedule of Compliance- AS 14.17.505; Schedule of Expenditures of Federal Awards and notes, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the Schedule of State Financial Assistance and notes, as required by the State of Alaska Audit Guide and Compliance Supplement for State Single Audit, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Members of the School Board Southeast Island School District

The "Additional supplementary Information", as listed above, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the "Additional Supplementary Information" is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

altman, Kogers & Co.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 25, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year Ended June 30, 2023

Net change in fund balances - total governmental funds		\$ 60,720
The change in net position reported for governmental activities in the State of Activities is different because:		
Some expenses reported in the Statement of Activities do not require		
the use of current financial resources and, therefore, are not reported		
as expenditures in governmental funds.		
Change in unfunded net position and OPEB liability and asset:		
PERS	(342,983)	
TRS	(1,232,820)	(1,575,803)
Changes in deferred inflow and outflow of resources are the results of		
timing differences in the actuarial report and adjustments to reflect		
employer and non-employer contributions based on the measurement		
date of the liabilities:		
PERS	1,171,248	
TRS	1,857,578	3,028,826
Proceeds received from long-term accounts receivables that were		
previously recorded as deferred inflows in the governmental funds		
and recognized as general revenues in prior periods in the Statement		
of activities.		(9,632)
Governmental funds report capital outlays as expenditures. However, on		
the Statement of Activities, the costs of those assets are allocated over their		
estimated useful lives. This is the amount by which capital outlay		
exceeded depreciation in the current period:		
Capital outlays	7,211,853	
Depreciation expense	(637,174)	6,574,679
Some expenses reported in the Statement of Activities do not require the use		
of current financial resources and therefore, are not reported as expenditures		
in governmental funds. The net changes in long-term liability balance is the		
increase in accrued leave.		 (9,007)
Change in net position of governmental activities		\$ 8,069,783

Notes to Basic Financial Statements

June 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The financial statements of the Southeast Island School District (hereafter referred to as the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

On July 1, 1976 the Legislature of the State of Alaska established Southeast Island School District (hereafter referred to as the District). At that time assets were turned over to the District by the State of Alaska through direct transfer and use permits. The District has 8 attendance centers. The District is operated under the exclusive oversight management and control of a locally elected five-member School Board. The School Board, pursuant to Alaska Statute Title 29.43.030, has the responsibility of establishing, maintaining, and operating a system of public schools for any community within its boundaries that is not provided for by any other public school district. Therefore, the District constitutes an independent local government reporting entity and has no oversight over any other component unit.

B. Government-Wide and Fund Financial Statements

The Government-Wide Financial Statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of District. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operations or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as *general revenues*.

Deferred inflows of resources are the acquisition of Fund Balance/Net Position by the District that are applicable to a future reporting period. Deferred outflows of resources are the consumption of Fund Balance/Net Position by the District that are applicable to a future reporting period.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the Government-Wide Financial Statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Notes to Basic Financial Statements, Continued

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The Government-Wide Financial Statements are reported using the *economic resources* measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers all revenues available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. There are three categories of funds: governmental, proprietary and fiduciary. The district maintains all three of these types of funds.

The District reports the following major governmental funds:

The *School Operating Fund* is the primary operating fund of the School. It accounts for all financial resources of the District, except those required to be accounted for in another fund.

The Capital Projects Fund accounts for all revenue received and expenditures made for the structural repairs for the Thorne Bay K-12 school, the wood fire boiler, school vehicles, teacher housing, and other major repairs and renovations. Revenue is derived primarily from the state.

Additionally, the District reports a Fiduciary Fund and a Proprietary Fund is used to account for Thorne Bay Restaurant on a for-profit basis.

The *Thorne Bay Enterprise Fund* accounts for a student run café in the Thorne Bay School. The café is currently not in operation by the District and is leased out a third party.

The Student Activity Agency Fund is custodial in nature and does not present results of operations or have a measurement focus. This fund is used to account for assets that the District holds for students in an agency capacity.

The District follows the Uniform Chart of Accounts for School Districts as required by the State of Alaska, Department of Education and Early Development. This manual sets guidelines for financial reporting and requirements for basic accounting systems, which are uniform throughout Alaska.

Notes to Basic Financial Statements, Continued

Summarized below are the major sources of revenue and the applicable recognition policies.

Intergovernmental Revenue

State of Alaska foundation and pupil transportation revenues, and federal aid for the school lunch program are susceptible to accrual and are recorded in the year to which they relate. State of Alaska and Federal government cost reimbursable grants and contracts are recorded to the extent of allowable expenditures in the period in which the expenditures were incurred. On-behalf payments from the State of Alaska are recognized in the year to which they relate.

Local Revenue

Proceeds from the sale of lunches and other miscellaneous revenues are recognized in the year received.

The District's policy is when available, to utilize restricted revenues before unrestricted revenues.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures and expenses during the reporting period. Actual results could differ from those estimates.

Indirect Costs

The State of Alaska, Department of Education and Early Development annually establish an approved indirect rate for each District based on audited financial statements. The rate is based on expenditures recorded per requirements in the Uniform Chart of Accounts for School Districts and as such there is no indirect cost pool. Indirect costs and indirect cost recovery is recorded in the District Administration Support Services function.

D. Assets, Liabilities and Equity

1. Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. There are no statutory limitations on the type of investment allowed. In addition, the District maintains accounts for specific purposes such as the Student Activity accounts.

2. Receivables and Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet of the Fund Financial Statements and are eliminated in the preparation of the Government-Wide Financial Statements.

Notes to Basic Financial Statements, Continued

3. Inventories and Prepaid Items

Teaching and maintenance supplies are recorded as expenditures when purchased rather than as consumed. Accounting for inventory of heating fuel and food supplies is on the consumption method. The consumption method records the expenditure when consumed rather than when purchased. Inventories are valued at the lesser of cost or market using the first-in, first-out (FIFO) method. Reported inventories are equally offset by a portion of fund balance classified as nonspendable in the Fund Financial Statements, which indicates they do not constitute "available spendable resources" even though they are a component of net current assets.

Payments made to vendors for services that are applicable to future accounting periods are recorded as prepaid items. Prepaid items in governmental funds are based on the consumption method. The prepaid assets recorded in the governmental fund types do not reflect current available resources, and thus, an equivalent portion of fund balance is classified as nonspendable in the Fund Financial Statements.

4. Capital Assets

Capital assets are recorded in the Government-Wide Financial Statements at cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their estimated fair value at the date of donation. Capital assets are capitalized over \$5,000. Maintenance and operational costs are borne by the District. Capital assets in the Government-Wide Financial Statements are depreciated on the straight-line method over useful life of the asset, generally 5 to 30 years for equipment and vehicles and 15 to 30 years for buildings.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized in the Government-Wide Financial Statements and are considered operations and maintenance costs.

5. Unearned Revenue

Unearned revenue in Special Revenue Funds represent amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met.

6. Compensated Absences

It is the District's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. No liability is reported for unpaid accumulated sick leave. Unused vacation leave is accrued utilizing current salary cost as earned by the employee and recorded as a liability in the government-wide financial statement of net position. No accrued leave liability is recorded in the fund financial statements.

Notes to Basic Financial Statements, Continued

7. Pensions/Other Post Employment Benefit (OPEB) Liability (Asset)

For purposes of measuring the net pension/OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the Public Employees' Retirement System (PERS) and the Teachers' Retirement System (TRS) and additions to/from PERS and TRS's fiduciary net position have been determined on the same basis as they are reported by PERS and TRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms, investments are reported at fair value.

8. Net Position

In the Government-Wide Financial Statements, net position is divided into three components:

- Net investment in capital assets consists of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets plus deferred outflows of resources less deferred inflows of resources related to those assets.
- Restricted net position consists of assets that are restricted by the District's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.
- Unrestricted all other net position is reported in this category.

9. Fund Balance

In the fund financial statements, fund balance includes five classifications as follows:

Nonspendable fund balance – amounts that are legally or contractually required to be maintained intact (such as the corpus of an endowment fund) or amounts that are not in a spendable form (such as inventory, prepaid items, supplies, and long-term receivables). Such constraint is binding until the legal or contractual requirement is repealed or the amounts become spendable.

Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors and higher levels of government), through constitutional provisions, or by enabling legislation. Such constraint is binding unless modified or rescinded by external body, laws, or regulation.

Committed fund balance – amounts that can be used only for the specific purposes determined by a formal action of the School Board. Commitments may be changed or lifted by the Board taking the same formal action that imposed the constraint originally.

Notes to Basic Financial Statements, Continued

Assigned fund balance – amounts intended to be used by the District for specific purposes: intent can be expressed by the School Board or Superintendent or designee. Such constraint is binding unless modified or eliminated by the Board or Superintendent. In governmental funds other than the School Operating Fund, assigned fund balance represents the amount that is not restricted or committed.

Unassigned fund balance – amounts not contained in the other classifications and available for any purpose. Positive unassigned amounts will be reported only in the School Operating Fund. If another governmental fund, other than the School Operating Fund, has a fund balance deficit, then it will be reported as a negative amount in the unassigned classification in that fund.

The order of spending, regarding the restricted and unrestricted fund balance when an expenditure is incurred for which both restricted and unrestricted fund balance is available should first reduce restricted fund balance and then unrestricted fund balance. The order of spending regarding unrestricted fund balance is that committed amounts should be reduced first, followed by the assigned amounts, and then the unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

The District Special Revenue Funds are used to account for educational, food service, operations and maintenance programs that are restricted or committed.

10. Fair Value of Financial Instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following financial instruments are recorded at fair value or at amounts that approximate fair value: (1) cash and cash equivalents, (2) receivables, net, (3) certain other current assets, (4) accounts payable, and (5) other current liabilities. The carrying amounts reported in the balance sheet and Statement of Net Position for the above financial instruments closely approximates their fair value due to the short-term nature of these assets and liabilities.

II. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

The District maintains a cash pool that is available for use by all funds. Each fund's portion of this pool is reported on the balance sheet of the fund financial statements as "Cash and cash equivalents" or amounts "Due from/to other funds".

Custodial Credit Risk

Custodial Credit Risk is the risk that in the event of a bank failure, the District's deposits will not be returned to the District.

Any amount in excess of the Federal Depository Insurance (FDIC) with a maximum of \$250,000 is collateralized with securities held by the District's agent in the District's name. All deposits are carried at fair market value plus accrued interest. The School District has a deposit and investment policy.

Notes to Basic Financial Statements, Continued

At June 30, 2023, the District's bank balances totaled \$2,711,368. Deposits in each financial institution are insured by the Federal Deposit Insurance Corporation up to \$250,000. The District's collateralized agreement covers \$2,535,979. As of June 30, 2022, the District's bank balances were fully insured or collateralized.

B. Receivables

Receivables as of June 30, 2023 are as follows:

		School		Capital		Other	
		Operating	I	Projects		Governmental	
	_	Fund		Funds		Funds	 Total
Grants	\$	-		195,340		796,113	991,453
Notes receivable		303,943		-		-	 303,943
Total	\$_	303,943		195,035	_	796,113	1,295,396

Management has determined that all receivables are collectible, therefore no allowance for doubtful accounts has been established.

C. Capital Assets

Capital asset activity for the year ended June 30, 2023 was as follows:

		Beginning Balance	Ingragas	Decreases	Ending Balance
Governmental activities:	-	Dalatice	Increases	Decreases	Balarice
Assets not being depreciated:					
Land	\$	941,798			941,798
	φ		- 7 152 757	(205.406)	
Construction in progress	_	1,600,592	7,153,757	(205,496)	8,548,853
Total assets not being depreciated	_	2,542,390	7,153,757	(205,496)	9,490,651
Assets being depreciated:					
Buildings		28,399,712	_	-	28,399,712
Machinery and equipment		2,839,612	205,496	-	3,045,108
Vehicles		951,485	58,096	-	1,009,581
Total assets being depreciated	_	32,190,809	263,592		32,454,401
Less accumulated depreciation		(19,663,138)	(637,174)	_	(20,300,312)
Total assets being depreciated, net	-	12,527,671	(373,582)	(205,496)	12,154,089
Total Government Capital Assets Net	-	12,527,071	(010,302)	(200,490)	12,134,009
	φ	15 070 061	222.004	(4 000 607)	24 644 740
of Accumulated Depreciation	\$_	15,070,061	322,994	(1,009,687)	21,644,740
Business-type activities:					
Assets being depreciated - buildings	\$	63,784	-	-	63,784
Accumulated depreciation		(22,323)	(3,189)	-	(25,512)
Total Business-type Capital Assets	_	, -,			
Net of Accumulated Depreciation	\$_	41,461	(3,189)		38,272

Notes to Basic Financial Statements, Continued

Equipment of the District is depreciated using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Machinery and equipment	5-30
Vehicles	5-30
Building	15-30

Depreciation expense was charged to functions of the District as follows:

\$ 18,187
1,127
568,681
1,326
46,265
1,588
\$ 637,174

D. Interfund Receivables and Payables

Interfund receivables and payables are shown as "Due To Other Funds" and "Due From Other Funds" in each of the individual funds. These balances at June 30, 2023, were as follows:

Receivable Fund	Payable Fund	_	Amount
School Operating Fund	Other Governmental Funds		692,809
School Operating Fund	Thorne Bay Enterprise Fund		201,556
Capital Projects Fund	School Operating Fund		1,266,226
Other Governmental Funds	School Operating Fund	_	1,016,561
		\$_	3,177,152

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Transfer Out	Transfer In	_	Amount
School Operating Fund	Other Governmental Funds	\$	108,688
School Operating Fund	Capital Projects Fund		59,114
Total		\$_	167,802

Transfers are used to (a) use unrestricted revenues collected in the School Operating Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations or (b) use unrestricted revenues collected in the School Operating Fund to meet local match requirements on State and Federal grants.

Notes to Basic Financial Statements, Continued

E. Long-term Obligations

Accrued leave of governmental activities are also accounted for by the School District. Leave is generally liquidated by the General Fund. Changes in these obligations for the year ended June 30, 2022 are as follows

	Balance	Net	Balance	Due within
	July 1, 2022	Change	June 30, 2023	One Year
Accrued Leave	\$ 16,709	9,007	25,716	25,716

F. Fund Balances

Fund balances, reported for the major funds and nonmajor funds in the aggregate on the governmental funds balance sheet are subject to the following constraints:

	School	Capital		
	Operating	Projects	Nonmajor	
	Fund	Fund	Funds	Totals
Nonspendable –				
Inventory	\$ 99,275		11,709	110,984
Committed:				
Food service	-	-	68,983	68,983
Pupil transportation	-	-	562,715	562,715
THRIVE program	-	-	2,130	2,130
Teacher housing	-	-	383,590	383,590
RurAL Cap program	-	-	2,934	2,934
Maintenance of buildings	-	_560,841_		560,841
Total committed		560,841	1,020,352	1,581,193
Unassigned	306,474	-	-	306,514
Total Fund Balances	\$ 405,749	560,841	1,032,061	1,998,651

G. Promissory Notes Receivable

Southeast Island School District sold property during the 2022 fiscal year and issued a promissory note for a total of \$319,000. The entity is expected to receive a minimum payment of \$2,287 per month until the October 2023 when a balloon payment is due for the remaining amount of the note plus interest of 6% per annum. The balance as of June 30, 2023 is \$303,943.

III. OTHER INFORMATION

A. Risk Management

The District is exposed to various risks of loss related to worker's compensation, torts, theft of, damage to, and destruction of assets, errors and omissions, and natural disasters. The District mitigates significant risk of loss through the acquisition of commercial insurance policies. With the exception of fire, earthquake and flood insurance the deductibles are minimal. There were no outstanding claims or liabilities at the end of the current period. The District's employee health costs are covered through commercial insurance policies.

Notes to Basic Financial Statements, Continued

The District has elected the reimbursable method of accounting for Employment Security Compensation (ESC). Under this method, the actual costs of ESC are reimbursed to the State of Alaska, Department of Labor. The District records the liability for the accrued unpaid portion of these claims.

B. Contingent Liabilities

Amounts received or receivable from grant or agencies are subject to audit and adjustment by the grantor agencies, principally the federal and State governments. Any disallowed claims, including amounts already collected, may constitute a liability of the School Operating Fund. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the District expects such amounts, if any, to be immaterial.

The District's current share of unfunded OPEB liabilities related to TRS between measurement dates created an OPEB benefit as a result of the decrease to the estimated liability. Due to the change, The District's proportionate share of pension plan expenses is negative for the year. Per GASB 75, the negative proportionate share has been allocated to operating grants and contributions for special education support services – students, district administration, and district administration – support services to report negative program revenues.

C. Employee Retirement Systems and Plans

The District follows *Governmental Accounting Standards Board (GASB) Codification P20*, Accounting for Pensions by State and Local Governmental Employees and *GASB Codification P50*, Accounting and Financial Reporting by Employers for Post-Employment Benefits Other than Pensions. *GASB Codification P20* and *GASB Codification P50* establish uniform standards for the measurement, recognition, and display of pension and other post-employment benefits other than pensions (healthcare) expenditures/expense and related liabilities, assets, note disclosure and applicable required supplementary information in the financial reports of state and local governmental employers.

All full-time employees and certain permanent part-time employees of the District participate in either the State of Alaska Public Employees' Retirement System (PERS) or the State of Alaska Teacher's Retirement System (TRS). In addition to the pension plan, both systems also administer other post-employment benefit (OPEB) plans.

The system is governed by the Alaska Retirement Management Board. The benefit and contribution provisions are established by State law and may be amended only by the State legislature. The Administrator of the Plan is the Commissioner of Administration or the Commissioner's designee.

Summary of Significant Accounting Policies. The financial statements for PERS and TRS are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. The District's contributions are recognized when due and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. All plan investments are reported at fair value.

Notes to Basic Financial Statements, Continued

PERS and TRS act as the common investment and administrative agencies for the following multiple-employer plans:

Plan Name	Type of Plan
Defined Benefit Pension Plan (DB)	Cost-sharing, Defined Benefit Pension
Defined Contribution Pension Plan (DC)	Defined Contribution Pension
Defined Benefit Other Postemployment	
Benefits (OPEB):	
Occupational Death and Disability Plan	Cost-sharing, Defined Benefit OPEB
Alaska Retiree Healthcare Trust Plan	Cost-sharing, Defined Benefit OPEB
Retiree Medical Plan	Cost-sharing, Defined Benefit OPEB
Defined Contribution Other Postemployment	
Benefits (DC):	
Healthcare Reimbursement Arrangement Plan	Defined Contribution OPEB

Other Postemployment Benefit Plans (OPEB)

Alaska Retiree Healthcare Trust Plan (ARHCT)

Beginning July 1, 2007, the Alaska Retiree Healthcare Trust Plan (ARHCT), a Healthcare Trust Fund of the State, was established. The ARHCT is self-funded and provides major medical coverage to retirees of the System. The System retains the risk of loss of allowable claims for eligible members. The ARHCT began paying member healthcare claims on March 1, 2008. Prior to that, healthcare claims were paid for by the Retiree Health Fund (RHF). For the year ended June 30, 2022, employer contributions were 6.46% for PERS and 6.50% for TRS.

Occupational Death and Disability Plan (ODD)

The Occupational Death and Disability Plan provides death benefits for beneficiaries of plan participants and long-term disability benefits to all active members within the System. For the year ended June 30, 2022, the employer contribution rates were 0.31% for PERS and 0.08% for TRS.

Retiree Medical Plan (RMP)

The retiree medical plan provides major medical coverage to retirees of the DC plan. The plan is self-insured Members are not eligible to use this plan until they have at least 10 years of service and are Medicare age eligible. For the year ended June 30, 2022, employer contributions were 1.07% for PERS and 0.83% for TRS.

Healthcare Reimbursement Arrangement Plan

The Healthcare Reimbursement Arrangement Plan was established to allow medical expenses to be reimbursed from individual savings accounts established for eligible participants. Employer contributions are 3% of the average annual compensation of all employees in the PERS and TRS plans.

Notes to Basic Financial Statements, Continued

Investments

The Board is the investment oversight authority of the system's investments. As the fiduciary, the Board has the statutory authority to invest the assets under the Prudent Investor Rule. Fiduciary responsibility for the Board's invested assets is pursuant to AS 37.10.210.390.

State of Alaska Department of Treasury provides staff for the Board. Treasury has created a pooled environment by which it manages investments of the Board. Additionally, Treasury manages a mix of Pooled Investment Funds and Collective Investment Funds for the DC Participant-directed Pension plans under the Board's fiduciary responsibility.

Rate of Return

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. The annual money-weighted rate of return, net of investment expense, for the year ended June 30, 2022 for PERS and TRS for the DB Pension Plans were 6.00% and 5.91%, the ARHCT Plans were 6.03% and 6.04%, the ODD Plans were 6.30% and 6.21%, and the RMP were 6.28% and 6.21%, respectively.

For additional information on securities lending, interest rates, credit risks, foreign exchange, derivatives, fair value, and counterparty credit risks, see the separately issued report on the Invested Assets of the State of Alaska Retirement and Benefits Plans at:

http://treasury.dor.alaska.gov/armb/Reports-and-Policies/Annual-Audited-Financial-Schedules.aspx.

The long-term expected rate of return on pension and OPEB plan investments was determined using the building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and adding expected inflation. The best estimates of arithmetic real rates of return for each major asset class are summarized below for the PERS and TRS plans (rates shown below exclude an annual inflation component of 2.88%):

	Long-Term Expected
Asset Class	Real Rate of Return
Broad Domestic Equity	6.51%
Global Equity (non-U.S.)	5.70%
Aggregate Bonds	0.31%
Real Assets	3.71%
Private Equity	9.61%
Cash Equivalents	(0.50)%

Notes to Basic Financial Statements, Continued

Discount Rate: The discount rate used to measure the total pension and OPEB liabilities and assets is 7.25%, which represents a decrease of 0.13% since the prior measurement period. The projection of the cash flows used to determine the discount rate assumes that Employer and State contributions will continue to follow the current funding policy, which meets State statutes. Based on those assumptions, the net pension and OPEB plans fiduciary net pension and OPEB liabilities and assets were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension and OPEB plan investments were applied to all periods of projected benefit payments to determine the total pension and OPEB liabilities and assets. In the event benefit payments are not covered by the plan's fiduciary net position, a municipal bond rate would be used to discount the benefits not covered by the plan's fiduciary net position. The S&P Municipal Bond 20-Year High Grade Index rate was 4.09% as of June 30, 2022.

Employer and Other Contribution Rates. There are several contribution rates associated with the pension and healthcare contributions and related liabilities. These amounts are calculated on an annual basis.

Employer Effective Rate: This is the actual employer pay-in rate. Under current legislation, these rates are statutorily capped at 22% for PERS and 12.56% for TRS of eligible wages, subject to the salary floor, and other termination costs as described below. This rate is calculated on all PERS or TRS participating wages, including those wages attributable to employees in the defined benefit plan.

ARM Board Adopted Rate: This is the rate formally adopted by the Alaska Retirement Management Board. This rate is actuarially determined and used to calculate annual Plan funding requirements, without regard to the statutory rate cap or the GASB accounting rate. Prior to July 1, 2015, there were no constraints or restrictions on the actuarial cost method or other assumptions used in the ARM Board valuation. Effective July 1, 2015, the Legislature requires the ARM Board to adopt employer contribution rates for past service liabilities using a level percent of pay method over a closed 25 year term which ends in 2039. This will result in lower ARM Board Rates in future years.

On-behalf Contribution Rate: This is the rate paid in by the State as an on-behalf payment as mandated under current statute. Under state law, subject to annual appropriation, the state will contribute an on-behalf payment into the plan in an amount equal to the difference between the ARM Board Rate and the Employer Effective Rate. On-behalf contribution amounts have been recognized in these financial statements as both revenue and expenditures.

GASB Rate: This is the rate used to determine the long-term pension and healthcare liability for plan accounting purposes. Certain actuarial methods and assumptions for this rate calculation are mandated by the *Governmental Accounting Standards Board* (GASB). Medicare Part D subsidies are not reflected in this rate. The rate uses a 7.25% discount rate.

Notes to Basic Financial Statements, Continued

Employer Contribution rates for the plan year ended 2022 (measurement period) are as follows:

	ARM		
	Employer	Board	State
	Effective	Adopted	Contribution
	Rate	Rate	Rate
PERS:			
Pension	22.00%	24.79%	2.79%
OPEB	0.00%	0.00%	0.00%
Total PERS contribution rates	22.00%	24.79%	2.79%
TRS:			
Pension	12.56%	24.62%	12.06%
OPEB	0.00%	0.00%	0.00%
Total TRS contribution rates	12.56%	24.62%	12.06%

Termination Costs: If the District decides to terminate coverage for a department, group, or other classification of members, even if that termination results from the decision to divest of a particular District function, all affected employees in that department, group, or other classification of members become immediately vested in the plan. The District must pay to have a termination study completed. The purpose of the study is to calculate the District's one-time termination costs. The costs represent the amount necessary to fully fund the costs of plan members who become vested through this process and for other changes in actuarial assumptions, such as, earlier than expected retirement, that arise from the act of termination of coverage. The District must pay a lump sum within 60 days of termination or arrange a payment plan that is acceptable to the PERS and TRS Administrator. For the plan year ended June 30, 2022 (measurement period) the past service rate for PERS and TRS is 16.01%.

Actuarial Assumptions: The total pension and OPEB liabilities on June 30, 2022 (latest available) were determined by an actuarial valuation as of June 30, 2021 which was rolled forward to the measurement date June 30, 2022. These actuarial assumptions were based on the results of an actuarial experience study for the period from July 1, 2013 to June 30, 2017.

Inflation	2.50% per year.
Salary Increases	Increases range from 2.85% to 7.00% based on service.
Investment return / discount rate	7.25%, net of expenses based on average inflation of 2.50% and a real return of 4.75%.
Mortality	Based upon 2017 - 2021 actual experience study and applicable tables contained in Pub-210, projected with MP-2021 generational improvement.
Healthcare cost trend rates	Pre-65 medical: 7.0% grading down to 4.5% Post-65 medical: 5.5% grading down to 4.5% Rx/EGWP: 7.5% grading down to 4.5%. Ultimate trend rates reached in FY2050.

Notes to Basic Financial Statements, Continued

The actuarial assumptions used in the June 30, 2021 actuarial valuation are the same as those used in the June 30, 2020 valuation with the following exceptions related to the ARHCT plan:

- 1. Per capita claims costs were updated to reflect recent experience.
- 2. Normal cost for administrative expenses were updated to reflect recent two years of actual administrative expenses paid from plan assets.

The changes of assumptions from the latest experience study significantly reduced deferred inflows of resources attributable to the District, as well as a net OPEB benefit recognized by the District for the State's proportionate share of OPEB plan expense attributable to the District. In some instances, the reduction of revenues and expenses reported for the State's proportionate share of OPEB plan expense attributable to the District creates a net negative Pension/OPEB expense (net pension/OPEB benefit) which results in negative operating grants and contributions for certain functions reported on the Statement of Activities.

Alaska Public Employees' Retirement System (PERS) - Defined Benefit Plan (DB)

Plan Description. The District participates in the Alaska Public Employees' Retirement System (PERS), a cost sharing multiple employer defined benefit pension plan. PERS provides retirement benefits, disability and death benefits, and post-employment healthcare to plan members and beneficiaries. The Plan was established and is administered by the State of Alaska, Department of Administration. The Public Employee's Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for PERS. This report may be obtained from the system at Pouch C, Juneau, Alaska 99811 or online at: http://doa.alaska.gov/drb/pers.

Pension Benefits. All tier employee benefits vest with five years of credited service. There are three tiers of employees based on entry date. Tier I employees enrolled prior to July 1, 1986, with five or more years of credited service are entitled to annual pension benefits beginning at normal retirement age 55 or early retirement age 50. For Tier II and III employees enrolled after June 30, 1986, but before July 1, 2006, the normal and early retirement ages are 60 and 55, respectively. All tier employees with 30 or more years of credited service may retire at any age and receive a normal benefit.

The PERS defined benefit plan is closed to new hires enrolled on or after July 1, 2006. New hires after this date participate in the PERS defined contribution plan (DC) described later in these notes.

Currently there are 150 employers participating in PERS defined benefit plan and 151 participating in PERS defined contribution and OPEB plans.

Retirement benefits are calculated by multiplying the average monthly compensation (AMC) times credited PERS service times the percentage multiplier. The AMC is determined by averaging the salaries earned during the five highest (three highest for peace officers/firefighters members or members hired prior to July 1, 1996) consecutive payroll years. Members must earn at least 115 days of credit in the last year worked to include it in the AMC calculation. The PERS pays a minimum benefit of \$25 per month for each year of service when the calculated benefit is less.

Notes to Basic Financial Statements, Continued

The percentage multipliers for peace officers/firefighters are 2% for the first ten years of service and 2.5% for all service over 10 years. The percentage multipliers for all other participants are 2% for the first ten years, 2.25% for the next ten years, and 2.5% for all remaining service earned on or after July 1, 1986. All service before that date is calculated at 2%.

Post-employment healthcare benefits are provided without cost to all members first enrolled before July 1, 1986. Members first enrolled after June 30, 1986, but before July 1, 2006, and who have not reached age 60 may elect to pay for major medical benefits.

Post Retirement Pension Adjustments. The plan has two types of postretirement pension adjustments (PRPA). The automatic PRPA is issued annually to all eligible benefit recipients, when the cost of living increases in the previous calendar year. The discretionary PRPA may be granted to eligible recipients by the DB Plan's administrator if the funding ratio of the DB Plan meets or exceeds 105%. If both an automatic and discretionary PRPA are granted, the retiree is eligible for both adjustments, the one that provides the retiree with the greatest benefit will be paid.

Funding Policy. In April 2008 the Alaska Legislature passed legislation which statutorily capped the employer contribution, established a state funded "on-behalf" contribution, and required that employer contributions be calculated against all PERS eligible wages, including wages paid to participants of the PERS Tier IV defined contribution plan (DC) described later in these footnotes. The state legislature capped the rate at 22%, with the State contributing an on-behalf payment for the difference between the actuarial contribution and the cap.

Salary Floor. During the 25th legislation session, Senate Bill 125 passed, which established a June 30, 2008 salary floor under AS 39.35.255(a)(2). The salary floor is the total base salaries paid by an employer to active employees of the system as of the fiscal year ending June 30, 2008. The statute requires the Division of Retirement and Benefits (Division) to collect employer contributions at a minimum based on FY 2008 base salaries.

Employee Contribution Rate. PERS active members are required to contribute 6.75%, 7.5% for peace officers and firefighters, and 9.6% for certain school district employees.

Employer contributions for the year ended June 30, 2023, were:

Pensions	Other Post-Employment	
(DB)	Benefits (DB)	Total
\$ 122.154	12.963	135.117

Public Employees' Retirement Plans

For the year ended June 30, 2023 the State of Alaska contributed \$28,875 (100% pension cost) on-behalf of the District, which has been recorded in the fund financial statements under the modified-accrual basis of accounting. In the government-wide financial statements the on-behalf contribution has been adjusted as of the measurement date June 30, 2023 to a total of (\$23,856) to represent the pension/OPEB expense attributable to the State under the full accrual basis of accounting.

Notes to Basic Financial Statements, Continued

Pension and OPEB Liabilities and Assets, Pension and OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions and OPEB: At June 30, 2023, the District reported liabilities and assets that reflected a reduction for State pension and OPEB support provided to the District. The amount recognized by the District as its proportionate share of net pension and OPEB liabilities (assets), the related State support, and the total portion of the net pension and OPEB liabilities (assets) that were associated with the District were as follows:

Defined Benefit:	_	Pension
District's proportionate share of the net pension liability	\$	1,219,838
State's proportionate share of the net pension liability	_	338,655
Total	\$_	1,558,493
		OPEB
District's proportionate share of the ARHCT OPEB liability (asset)	\$	(469,231)
State's proportionate share of the ARHCT OPEB liability (asset)		(135,355)
Total	\$	(604,586)
District's proportionate share of the ODD OPEB liability (asset)	\$_	(17,877)
District's proportionate share of the RMP OPEB liability (asset)	\$_	(16,670)
Total District's share of net pension and OPEB liabilities		
and assets	\$_	716,060

The net pension and OPEB liabilities and assets were determined by an actuarial valuation as of June 30, 2021, rolled forward to the measurement date of June 30, 2022 and adjusted to reflect updated assumptions. The District's proportion of the net pension and OPEB liabilities and assets were based on the present value of contributions for FY2024 through FY2039, as determined by projections based on the June 30, 2021 valuation.

The District's proportionate share and changes in the pension and OPEB liabilities and assets were as follows:

	June 30, 2022	June 30, 2021	
	Measurement	Measurement	Change
Pension	.02393%	.03696%	(.01303)%
OPEB:			
ARHCT	.02385%	.03720%	(.01335)%
ODD	.04078%	.03828%	.00250%
RMP	.04800%	.04507%	.00293%

Notes to Basic Financial Statements, Continued

Based on the measurement date of June 30, 2022, the District recognized pension and OPEB expense of (\$635,352) and \$(\$81,561), respectively, for the year ended June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions and OPEB from the following sources:

Alaska Public Employees' Retirement System (PERS) - Defined Contribution Plan (DC)

Plan Description and Funding Requirements. Districts and Public Employers in the State of Alaska have a defined contribution retirement plan (PERS Tier IV) for new hires first enrolled on or after July 1, 2006. This Plan is administered by the State of Alaska, Department of Administration in conjunction with the defined benefit plan noted above. The Administrator of the Plan is the Commissioner of Administration or the Commissioner's designee. Plan members make mandatory contributions of 6.75% of gross eligible compensation. This amount goes directly to the individual's account. State statutes require the employer to contribute 5% of employees' eligible compensation. Additionally, employers are required to contribute to OPEB (DB): 1.07% for the retiree medical plan (DB), 0.31% for occupational and death and disability benefits (DB) and 3.00% of employers' average annual employee compensation to the health reimbursement arrangement (HRA DC). The effective employer contribution is capped at 22% with anything in excess of the previously listed rates being contributed to the Defined Benefit Unfunded Liability (DBUL).

Plan members are 100% vested with their contributions.

Members become vested in employers' contributions as follows:

```
2 years of service – 25%
3 years of service – 50%
4 years of service – 75%
5 years of service – 100%
```

The District contributed \$99,891 for the year ended June 30, 2023, which included forfeitures of \$18,056 which have been applied as employer contributions.

Alaska Teachers' Retirement System (TRS) - Defined Benefit Plan (DB)

Plan Description. The District participates in the Alaska Teachers' Retirement System (TRS), a cost sharing multiple-employer defined benefit plan. Currently, there are 56 employers participating in TRS, including 52 school districts. TRS provides retirement benefits, disability and death benefits, and post-employment healthcare to plan members and beneficiaries. The system is governed by the Alaska Retirement Board. The Administrator of the Plan is the Commissioner of Administration or the Commissioner's designee. The benefit and contribution provisions are established by State law and may be amended only by the State legislature. The Teachers' Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for TRS. This report may be obtained from the system at Pouch C, Juneau, Alaska 99811 or online at http://doa.alaska.gov/drb/trs.

Notes to Basic Financial Statements, Continued

Pension Benefits. Employees hired prior to July 1, 1990, are entitled to annual pension benefits beginning at normal retirement age 55, or early retirement age 50. For employees hired after June 30, 1990 but before July 1, 2006, the normal and early retirement ages are 60 and 55, respectively. Employees may also retire at any age and receive a normal benefit when they accumulate the required credited service. The benefit related to all years of credited service prior to July 1, 1990 and for years of service through a total of 20 years is equal to 2% of their highest three-year average annual compensation for each year of service. The benefit for each year over 20 years of service subsequent to June 30, 1990, is equal to 2.5% of their highest three-year average annual compensation for each year of service. Employees may elect to receive their pension benefits in the form of a joint or survivor annuity. Effective January 1, 1987, a married member who retires must receive his or her benefit in the form of a joint and survivor annuity unless the member's spouse consents to another form of benefit.

Minimum benefits for employees eligible for retirement are \$25 per month for each year of credited service.

Post Retirement Pension Adjustments. Effective in fiscal year 1991, automatic post retirement pension adjustment (PRPA) was granted to all current and future retirees. The PRPA amount may not exceed the lesser of (a) the actual cost of living increase (percentage) from the date of retirement until the effective date of the PRPA; or (b) 4.00% of the base benefits for each full year that the member has been retired and a prorated percentage for each partial year. However, the PRPA percentage is offset by the percentage of all prior PRPAs that have been granted. TRS members receiving a retirement, disability or survivor benefit, who remain in Alaska, are eligible for an additional allowance equal to 10.00% of the base benefit.

Employee Contribution Rate. The District's active TRS members are required to contribute 8.65% of their annual covered salary.

Employer contributions for the year ended June 30, 2023, were:

Pensions	Other Post-Employment	
(DB)	(DB) Benefits (DB)	
\$ 101,003	12,464	113,467

Teachers' Retirement Plans

For the year ended June 30, 2023 the State of Alaska contributed \$216,195 (100% pension cost) on-behalf of the District, which has been recorded in the fund financial statements under the modified-accrual basis of accounting. In the government-wide financial statements the on-behalf contribution has been adjusted as of the measurement date June 30, 2023 to a total of (\$81,279) to represent the pension/OPEB expense attributable to the State under the full accrual basis of accounting.

Notes to Basic Financial Statements, Continued

Pension and OPEB Liabilities and Assets, Pension and OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions and OPEB: At June 30, 2023, the District reported liabilities and assets that reflected a reduction for State pension and OPEB support provided to the District. The amount recognized by the District as its proportionate share of net pension and OPEB liabilities (assets), the related State support, and the total portion of the net pension and OPEB liabilities (assets) that were associated with the District were as follows:

Defined Benefit:		Pension
District's proportionate share of the net pension liability	\$	1,347,278
State's proportionate share of the net pension liability	_	1,795,656
Total	\$_	3,142,934
	_	
		OPEB
District's proportionate share of the ARHCT OPEB liability (asset)	\$	(727,183)
State's proportionate share of the ARHCT OPEB liability (asset)	_	(929,893)
Total	\$	(1,657,076)
	_	
District's proportionate share of the ODD OPEB liability (asset)	\$_	(16,114)
	_	
District's proportionate share of the RMP OPEB liability (asset)	\$_	(51,564)
	_	
Total District's share of net pension and OPEB liabilities		
and assets	\$_	552,417
	_	

The net pension and OPEB liabilities and assets were determined by an actuarial valuation as of June 30, 2021, rolled forward to the measurement date of June 30, 2022 and adjusted to reflect updated assumptions. The District's proportion of the net pension and OPEB liabilities and assets were based on the present value of contributions for FY2024 through FY2039, as determined by projections based on the June 30, 2021 valuation.

The District's proportionate share and changes in the pension and OPEB liabilities and assets were as follows:

	June 30, 2022	June 30, 2021	
	Measurement	Measurement	Change
Pension	.08083%	.14481%	(.06398)%

measurement date	_	11,414			
Total	\$	34,158	(34,286)		

\$101,003 and \$12,464 are reported as deferred outflows of resources related to pension and OPEB resulting from District contributions subsequent to the measurement date and will be recognized as a reduction of the net pension and OPEB liabilities and as an increase to the net pension and OPEB assets in the year ended June 30, 2023 (plan year), respectively. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension and OPEB will be recognized in pension and OPEB expense as follows:

Year Ended			OPEB	OPEB	OPEB
June 30,	_	Pension	ARHCT	ODD	RMP
2023	\$	(104,077)	83,729	50	(2,304)
2024		(22,231)	(11,677)	24	(2,551)
2025		(51,627)	(27,046)	(51)	(3,279)
2026		142,410	81,621	538	2,648
2027		-	-	41	(2,371)
Thereafter				309	(3,685)
Total	\$	(35,525)	126,627	911	(11,542)

For the year ended June 30, 2023, the District recognized (\$712,424) and \$268,935 of pension and OPEB amortization of the net deferred outflows and inflows of resources, respectively.

Sensitivity of the Net Pension and OPEB Liabilities and Assets to Changes in the Discount Rate: The following presents the net pension and OPEB liabilities and assets of the plan calculated using the discount rate of 7.25%, as well as what the Plans' net pension and OPEB liabilities and assets would be if they were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Rate (7.25%)	1% Increase (8.25%)
Net pension liability (asset)	\$ 2,015,135	1,347,278	783,891
Net OPEB ARHCT liability (asset)	\$ (474,470)	(727,183)	(937,952)
Net OPEB ODD liability (asset)	\$ (16,165)	(16,114)	(16,087)
Net OPEB RMP liability (asset)	\$ (18,204)	(51,564)	(76,630)

Notes to Basic Financial Statements, Continued

Sensitivity of the District's Proportionate Share of the Net OPEB Liability and Assets to Changes in the Healthcare Cost Trend Rates. The following present the District's proportionate share of the net OPEB liability (asset), as well as what the District's proportionate share of the net OPEB liability (asset) would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Current Rate	1% Increase
Net OPEB ARHCT liability (asset)	\$ (962,008)	(727,183)	(444,916)
Net OPEB ODD liability (asset)	\$ N/A	(16,114)	N/A
Net OPEB RMP liability (asset)	\$ (79,780)	(51,564)	(13,103)

Alaska Teachers' Retirement System (TRS) – Defined Contribution Plan (DC)

Plan Description and Funding Requirements. Districts and Public Employers in the State of Alaska have a defined contribution retirement plan for new hires first enrolled on or after July 1, 2006. The Administrator of the Plan is the Commissioner of Administration or the Commissioner's designee. Plan members make mandatory contributions of 8.65% of their base salaries. State statutes require the employer to contribute 7.00% of employees' eligible compensation. Additionally, employers are required to contribute to other post-employment benefits (DB): 0.83% for the retiree medical plan, 0.08% for occupational death and disability, and 3.00% of employers' average annual employee compensation to the health reimbursement arrangement (HRA DC). The employer effective contribution rate is 12.56%. Additionally, there is a defined benefit unfunded liability (DBUL) amount levied against the DC plan and allocated to the DB Plan's pension and OPEB contribution.

Plan members are 100% vested with their contributions.

Members become vested in employers' contributions as follows:

```
2 years of service - 25%
```

3 years of service - 50%

4 years of service - 75%

5 years of service - 100%

The District contributed \$129,733 for the year ended June 30, 2023, which included forfeitures of \$11,907 which have been applied as employer contributions.

E. Subsequent Accounting Pronouncements

The Governmental Accounting Standards Board has passed several new accounting standards with upcoming implementation dates covering several topics as follows:

- GASB 100 Accounting Changes and Error Corrections—an amendment of GASB
 Statement No. 62. Effective for fiscal years beginning after June 15, 2023.

 Multiple effective dates.
- GASB 101 Compensated Absences. Effective for fiscal years beginning after December 15, 2023.

Notes to Basic Financial Statements, Continued

GASB Statement No. 100 will improve the clarity of the accounting and financial reporting requirements for accounting changes and error corrections, which will result in greater consistency in application in practice. In turn, more understandable, reliable, relevant, consistent, and comparable information will be provided to financial statement users for making decisions or assessing accountability. In addition, the display and note disclosure requirements will result in more consistent, decision useful, understandable, and comprehensive information for users about accounting changes and error corrections.

GASB Statement No. 101 unified recognition and measurement model in this Statement will result in a liability for compensated absences that more appropriately reflects when a government incurs an obligation. In addition, the model can be applied consistently to any type of compensated absence and will eliminate potential comparability issues between governments that offer different types of leave.

The model also will result in a more robust estimate of the amount of compensated absences that a government will pay or settle, which will enhance the relevance and reliability of information about the liability for compensated absences.

Notes to Required Supplementary Information

June 30, 2023

1. General Fund Schedule of Revenues, Expenditures, and Changes in Fund Balance

Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds except Capital Project Funds. The Capital Project Funds adopt project-length budgets. Budgets are prepared on the modified accrual accounting basis. All annual appropriations lapse at fiscal yearend. Unexpended balances of grants from the state and federal governments for the Special Revenue Funds lapse at June 30 with the exception of those funds established to account for certain direct federal grants which lapse on September 30.

District policy in establishing budgetary data reflected in the financial statements is as follows:

An annual budget for the School Operating Fund is adopted by the School Board for all revenues, expenditures, and interfund transfers. The adopted School Operating Fund budget is submitted to the State of Alaska, Department of Education and Early Development for review to determine compliance with Alaska statutes and Department regulations.

The School Board authorizes formal budget revisions several times each year to adjust the revenues and expenditures to available resources and program needs. The original adopted budget and the final revised and approved budget are presented in these financial statements. Expenditure authority for the School Operating Fund is limited to the total approved budget and functional and/or departmental areas of expenditures are not to be overspent.

Annual budgets of the various other Special Revenue Funds are prepared in connection with the application for the special programs' award and are reviewed and approved by the School Board. The District's Special Revenue Funds are used to account for educational programs and operations and maintenance programs that are restricted or committed. Expenditure authority for Special Revenue Fund programs is limited to the actual combined revenues, available fund balance and transfers from other funds.

Project budgets are adopted for the various construction funds based on the lives of the construction projects. Expenditure authority is limited to the actual combined revenues, available fund balance and transfers from other funds.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the School Operating Fund and Special Revenue Funds. Encumbrances, if any, outstanding at year end are reported in assigned fund balances in the fund financial statements since they do not constitute expenditures or liabilities. The amount of encumbrances, if significant, is disclosed in the Notes to the Basic Financial Statements as commitments.

Notes to Required Supplementary Information, Continued

The following functions had expenditures in excess of appropriation in the School Operating Fund:

	Amount in Excess of
	<u>Appropriations</u>
Instruction	\$ 132,732
School administration	9,323
School administration support services	736
District administration	81,911
District administration – support services	20,266

Excess of expenditures over appropriation in the School Operating Fund were fund through available fund balances.

2. Public Employees' Retirement System

Schedule of District's Proportionate Share of Net Pension and OPEB Liability (Asset)

The table is presented based on the Plan measurement date which one year prior to fiscal year end for all years presented.

Changes in Actuarial Assumptions, Methods, and Benefits Since the Prior Valuation

Defined Benefit Pension and Postemployment Healthcare Benefit Plan

- a) Changes in Methods Since the Prior Valuation June 30, 2020 to June 30, 2021 There were no changes in actuarial methods since the prior valuation.
- b) Changes in Assumptions Since the Prior Valuation June 30, 2020 to June 30, 2021

 Healthcare claim costs are updated annually. Retired member contributions were updated to reflect the 5% decrease from CY20 to CY21. The amounts included in the normal cost for administrative expenses were changed from \$7,223,000 to \$7,625,000 for pension, and from \$4,934,000 to \$5,531,000 for healthcare (based on the most recent two years of actual administrative expenses paid from plan assets). There were no other changes in actuarial assumptions since the prior valuation.
- c) Changes in Benefit Provisions Since the Prior Valuation June 30, 2020 to June 30, 2021 There were no changes in benefit provisions since the prior valuation.

Defined Contribution Occupational Death and Disability and Retiree Medical Benefits Plan

a) Changes in Methods Since the Prior Valuation – June 30, 2020 to June 30, 2021 There were no changes in actuarial methods since the prior valuation.

Notes to Required Supplementary Information, Continued

- b) Changes in Assumptions Since the Prior Valuation June 30, 2020 to June 30, 2021

 Healthcare claim costs are updated annually. The amounts included in the normal cost for administrative expenses were changed from \$1,000 to \$16,000 for occupational death and disability, and from \$20,000 to \$24,000 for retiree medical (based on the most recent two years of actual administrative expenses paid from plan assets). There were no other changes in actuarial assumptions since the prior valuation.
- c) Changes in Benefit Provisions Since the Prior Valuation June 30, 2020 to June 30, 2021 There have been no changes in benefit provisions valued since the prior valuation.

The GASB requires ten years of information be presented. However, until a full ten years of information is available, the District will present only those years for which information is available.

Schedule of District Contributions (Pension) and (OPEB)

The table valuation date is June 30, 2021 which was rolled forward to June 30, 2022. Actuarially determined contribution rates are calculated as of June 30th, two years prior to the fiscal year in which contributions are reported.

Schedule of District Contributions (Pension) and (OPEB)

The table valuation date is June 30, 2020 which was rolled forward to June 30, 2021. Actuarially determined contribution rates are calculated as of June 30th, two years prior to the fiscal year in which contributions are reported.

3. Teachers' Retirement System

Schedule of District's Proportionate Share of Net Pension and OPEB Liability (Asset)

The table is presented based on the Plan measurement date which one year prior to fiscal year end for all years presented.

Changes in Actuarial Assumptions, Methods, and Benefits Since the Prior Valuation

Defined Benefit Pension and Postemployment Healthcare Benefit Plan

- a) Changes in Methods Since the Prior Valuation June 30, 2020 to June 30, 2021 There were no changes in actuarial methods since the prior valuation.
- b) Changes in Assumptions Since the Prior Valuation June 30, 2020 to June 30, 2021

 Healthcare claim costs are updated annually. The amounts included in the normal cost for administrative expenses were changed from \$3,003,000 to \$3,217,000 for pension, and from \$1,362,000 to \$1,604,000 for healthcare (based on the most recent two years of actual administrative expenses paid from plan assets). There were no other changes in actuarial assumptions since the prior valuation.
- c) Changes in Benefit Provisions Since the Prior Valuation June 30, 2020 to June 30, 2021

 There were no changes in benefit provisions since the prior valuation.

Notes to Required Supplementary Information, Continued

Defined Contribution Occupational Death and Disability and Retiree Medical Benefits Plans

- a) Changes in Methods Since the Prior Valuation June 30, 2020 to June 30, 2021 There were no changes in the asset or valuation methods since the prior valuation.
- b) Changes in Assumptions Since the Prior Valuation June 30, 2020 to June 30, 2021

 Healthcare claim costs are updated annually. The amounts included in the normal cost for administrative expenses were changed from \$0 to \$5,000 for occupational death and disability, and from \$8,000 to \$22,000 for retiree medical (based on the most recent two years of actual administrative expenses paid from plan assets). There were no other changes in actuarial assumptions since the prior valuation.
- c) Changes in Benefit Provisions Since the Prior Valuation June 30, 2020 to June 30, 2021 There have been no changes in benefit provisions valued since the prior valuation.

The GASB requires ten years of information be presented. However, until a full ten years of information is available, the District will present only those years for which information is available.

Schedule of District Contributions (Pension) and (OPEB)

The table valuation date is June 30, 2021 which was rolled forward to June 30, 2022. Actuarially determined contribution rates are calculated as of June 30th, two years prior to the fiscal year in which contributions are reported.

Notes to Schedule of Expenditures of Federal Awards

Year Ended June 30, 2023

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Southeast Island School District under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Because the Schedule presents only a selected portion of the operations of Southeast Island School District, it is not intended to and does not present the basic financial statements of Southeast Island School District.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Southeast Island School District has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

Note 3. Nonmonetary Assistance

Nonmonetary assistance is reported in the schedule at fair market value of the commodities received and disbursed at June 30, 2023 the District had food commodities totaling \$20,097.

Notes to Schedule of State Financial Assistance

Year Ended June 30, 2023

Note 1. Basis of Presentation

The accompanying schedule of state financial assistance (the "Schedule") includes the state award activity of Southeast Island School District under programs of the State of Alaska for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Because the Schedule presents only a selected portion of the operations of Southeast Island School District, it is not intended to and does not present the basic financial statements of Southeast Island School District.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting, which is described in Note 1 to the District's basic financial statements.

Note 3. Subrecipients

No state funds were passed through to Subrecipients.

Note 4. Major Programs

Note 5. Reconciliation of State Expenditures to the Financial Statements

The following programs are reported as Intergovernmental – State of Alaska revenues, however are not subject to compliance in accordance with the State of Alaska Audit Guide and Compliance Supplement for State Single Audits:

State expenditures per previous page	\$ 12,162,791
PERS On-Behalf	28,875
TRS On-Behalf	216,195
Total revenue from State of Alaska per basic financials	\$ 12,407,861

^{*} denotes a major program for compliance audit purposes.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Basic Financial Statements Performed in Accordance with Government Auditing Standards

Independent Auditor's Report

Members of the School Board Southeast Island School District Thorne Bay, Alaska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Southeast Island School District, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Southeast Island School District's basic financial statements, and have issued our report thereon dated October 25, 2023.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Southeast Island School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Southeast Island School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Southeast Island School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

Altman, Rogers & Co.

As part of obtaining reasonable assurance about whether the Southeast Island School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program and on Internal Control Over Compliance Required by Uniform Guidance

Independent Auditor's Report

Members of the School Board Southeast Island School District Thorne Bay, Alaska

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Southeast Island School District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Southeast Island School District's major federal programs for the year ended June 30, 2023. Southeast Island School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Southeast Island School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (Government Auditing Standards); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Southeast Island School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Southeast Island School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Southeast Island School District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Southeast Island School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Southeast Island School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on a
 test basis, evidence regarding Southeast Island School District's compliance with the compliance
 requirements referred to above and performing such other procedures as we considered necessary
 in the circumstances.
- Obtain an understanding of Southeast Island School District's internal control over compliance
 relevant to the audit in order to design audit procedures that are appropriate in the circumstances
 and to test and report on internal control over compliance in accordance with the Uniform Guidance,
 but not for the purpose of expressing an opinion on the effectiveness of Southeast Island School
 District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Members of the School Board Southeast Island School District

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Compliance for Each Major State Program and Report on Internal Control Over Compliance Required by the State of Alaska Audit Guide and Compliance Supplement for State Single Audits

Independent Auditor's Report

Members of the School Board Southeast Island School District Thorne Bay, Alaska

Report on Compliance for Each Major State Program

Opinion on Each Major State Program

We have audited Southeast Island School District's compliance with the types of compliance requirements identified as subject to audit in the State of Alaska Audit Guide and Compliance Supplements that could have a direct and material effect on each of Southeast Island School District's major state programs for the year ended June 30, 2023. Southeast Island School District's major state programs are identified on the Schedule of State Financial Assistance.

In our opinion, Southeast Island School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2023.

Basis for Opinion on Each Major State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (Government Auditing Standards); and the audit requirements in the State of Alaska Audit Guide. Our responsibilities under those standards and the State of Alaska Audit Guide are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Southeast Island School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major state program. Our audit does not provide a legal determination of Southeast Island School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Southeast Island School District's state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Southeast Island School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the State of Alaska Audit Guide requirements will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Southeast Island School District's compliance with the requirements of each major state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the State of Alaska Audit Guide, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on a
 test basis, evidence regarding Southeast Island School District's compliance with the compliance
 requirements referred to above and performing such other procedures as we considered necessary
 in the circumstances.
- Obtain an understanding of Southeast Island School District's internal control over compliance
 relevant to the audit in order to design audit procedures that are appropriate in the circumstances
 and to test and report on internal control over compliance in accordance with the State of Alaska
 requirements, but not for the purpose of expressing an opinion on the effectiveness of Southeast
 Island School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State of Alaska. Accordingly, this report is not suitable for any other purpose.
