

Elizabeth Ide Elementary School
May 2023 Board Report

Goal One – Education

Students are enjoying Lego Lions Club. This lunch bunch is provided for all students through our student experience funding. Our intent is to provide additional enrichments that build inquiry, creativity, and collaboration.

Science Alive! First graders are eagerly learning and observing our incubators for 14 days. Only 7 more until we meet our baby chicks! Second graders are hard at work exploring owl pellets and classifying the types of bones they found!

Goal Two – Environment and Goal Three-Essentials

Last week we honored our wonderful team during Teacher Appreciation Week! Thank you to the PTO who poured so much love into the circus themed week with luncheons and many sweet treats. We even had the chance to take an ALL school photo. Last Friday, we welcomed our incoming kindergarten students and families during Kindergarten Preview Day. This opportunity allows us to learn more about our students, tour the school, and share important information.

This Friday we host our VIP (Very Important Person) Day! We can't wait to welcome our visitors with a coffee, songs, and a tour. It's wonderful to bring back this event and see so many of our grandparents and other special guests.
