Pay It Forward

My Student in Need® believes in the Pay It Forward System. When a student receives help through My Student in Need®, an anonymous donor has volunteered to assist that student through some type of donation. So, once a student has received help from My Student in Need®, it is encouraged that he/she learn about what it means to “pay it forward”. My Student in Need® does not require that students who have or are receiving help “pay it forward”, however, if the student wishes to give back, volunteering is a rewarding experience.

How does a school district get started with My Student in Need® ?

- The Superintendent of Schools writes a letter on school district letterhead to My Student in Need asking to be a part of the project.
- The letter should include a list of schools: Elementary, Middle, High School and a liaison for either the district or each school as appropriate. Include contact information. Finally the @hostname (for example: @gfps.k12.mt.us) for the school district.
- **It's that simple!**
