Re: High School Principal Report December 2023

Greetings from HHS!

We are finishing up the first semester here at HHS. This time of year can be a little stressful for many of us as we complete projects, finish papers or work to wrap things up before the end of the semester. It is great to see the many opportunities that our students continue to get to experience here in Homedale. Mrs. Dorsey has been meeting individually with seniors to help them with their post-secondary plans - Apply Idaho, Scholarship Idaho, Idaho Launch & training opportunities. Many of our students took a field trip recently to learn about Union America Pipefitters, Plumbers, Sprinkler Fitters, Steamfitters, Service Techs in Meridian and Gowen Field. Winter Sports are now in full swing and the Drama Club is preparing for their Winter Wonderland walk through this coming weekend! Lots of great things are taking place this month and many great experiences are being had.

This current month we are focusing on the PBIS theme of Positive Attitude. With the Holiday seasons upon us it is important to think of the many blessings that we have in our lives. It can be easy at times in life to focus on the negatives or the obstacles we may face. We want our students to focus on their goals, their support system and the great things that they currently have in place. Then to remain positive as they build on the great resources they may not realize that they already have. Our goal as it is stated in our vision statement is to "Inspire our students to dream toward a better future, and equip them with the skills necessary to achieve those dreams!" We continue to work towards that vision!

We are truly blessed to be here and to be a part of HHS!

Matt Holtry
