The use of technology to provide educational material is a privilege at school that we wish all students to have beginning in grade six. When abused, privileges will be taken away. When respected, they will benefit the learning environment tremendously.

Students and parents who bring their own device must adhere to the Student Code of **Responsibility and Respect Conduct** as well as all Board policies, particularly the Internet Acceptable Use and Internet Safety. Additionally, students must adhere to the following:

Devices are to be used for instructional purposes connected to the approved curriculum, not to cheat on assignments or tests, not to plagiarize, not to post information, photos, or videos not authorized by the teacher, and not to make personal phone calls or send text messages during instructional time.

Students acknowledge the following:

- Only the school's Internet should be accessed. Attempts will not be made to bypass the local connection.
- The District's network filters will be applied to one's connection to the Internet and attempts will not be made to bypass them.
- Only authorized data can be accessed. Infecting the network with a virus, Trojan, or program designed to damage, alter, or destroy the network; and hacking, altering, or bypassing security policies are not allowed.
- The District has the right to collect and examine any device that is suspected of causing problems or was the source of an attack or virus infection.
- As we are working to achieve a more paperless environment, printing from personal laptops will not be possible.
- As we do not have enough outlets for all students to charge their devices in classrooms, each student is encouraged to charge his or her own device prior to bringing it to school daily.
- Using a personal device to transmit or share inappropriate content during the school day or outside of the school day that disrupts the school environment will result in the loss of BYOD privileges. Additional consequences may be applied depending upon the circumstances. Transmission of material of a bullying nature or sexual nature will not be tolerated.
- Devices cannot be used during assessments, unless otherwise directed by a teacher.
- Students must immediately comply with teachers' requests to shut down devices or close the screen.
- Devices, particularly cell phones, must be in "Do Not Disturb" mode, or its equivalent, and stored in backpacks, lockers, purse or other personal belonging during instructional time, unless otherwise directed by a teacher. **If a child or parent needs to be reached, the office will assist with connecting families.**
