

**DU PAGE ELEMENTARY SCHOOL DISTRICT 13  
BOARD OF EDUCATION  
Bloomington, Illinois**

Regular Meeting    December 14, 2020

**FOR INFORMATION:**

**Subject:    Superintendent's Report**

Return to Learn Update-

During the meeting, I will brief the Board on the following topics:

- Focus Group and Westfield Staff work;
- Parent Survey Results;
- Possible Solutions for Additional In-Person Days;
- Possible Solutions for Middle School Instructional Delivery;
- Updates on County Health Metrics;
- Guidance updates from other regulatory agencies.

I will also be happy to answer any questions you may have that I did not address.

Board Union Meetings

Mr. Boebel, Mr. Moreth and I met with Ms. Albig and Ms. Winarczyk on December 1 and a follow up earlier this morning. I will let the members of the Board present comment on the meetings at this time.

Academic Recovery

During the meeting, I will review some elements of actions that are planned, or in process, to address the gaps in student learning as a result of the pandemic. This will include:

1. Revisions and supplemental instruction to increase educational rigor;
2. Review of test administration protocols for students taking high stakes assessments, either through remote or in-person means;
3. Engagement and communication with parents and students on assessments;
4. Metrics to monitor and measure progress for internal and external stakeholders.

Dr. Evonne Waugh, the Assistant Superintendent of Learning, will coordinate the efforts to address these key points and report back to the Board at upcoming meetings. These updates will include an analysis of data to determine the degree of progress and success in these efforts.
