

Woodbridge School District Beecher Road School

Differentiated Instruction

In our school, we recognize that effective instruction must be differentiated instruction. We subscribe to the following definition:

Differentiated instruction means tailoring instruction and assessment to meet individual needs. Teachers consider students' modes of learning, interests and readiness. They adjust the content, presentation, and learning environment. They provide varied opportunities for students to demonstrate their learning.

Differentiated instruction supports the Mission and Vision of the Woodbridge School District.

Our Mission

To work together to prepare our children to pursue knowledge and learning throughout their lives so they can become responsible, caring and contributing members of an ever-changing and diverse global community. In the best interests of our children, we are committed to:

- Learning as a challenging process of choice, discovery, change and growth for all;
- Inspiring the development and sharing of everyone's unique gifts and talents;
- Providing a learning community that nurtures and integrates social, emotional, physical and academic development.

Our Vision

To accomplish our mission, Beecher Road School must be a nurturing and stimulating community that values achievement, creativity, personal integrity and self-discipline. Here, each child will develop intellectually, socially, emotionally, physically and ethically in an environment that promotes self-awareness and respect.
