PRESCOTT VISION + BELIEFS

Our vision is simple; It's to see, center and serve every single child in our care to the best of our ability. It is our belief that children heal in safety. Our commitment is to build a liberated campus where all scholars can dream beyond boxes, binaries and biases about who they are and what they will become.

VISUAL THINKING STRATEGIES

Prescott Celebrates Pi Day!

Principal Watson is calling all mathematicians and aspiring mathletes to demonstrate their skills on March 14th by reciting as many digits of Pi as possible. The student from each class who recites the most digits of Pi will receive their very own pie of their choice.

May the odds be ever in your favor...
