### Principal's General Narrative:

March blew in and out as quick as the wind. We had a full month of activities including academic assessing, sex ed classes, tennis tournaments, and spring break. Our students are busy preparing academically as well as participating in many outside school activities. We are beginning to start preparing, registering and gearing up for our 8<sup>th</sup> graders to participate in graduation, and becoming freshmen next year. As we go into April and the testing season our teachers have done an excellent job of preparing our students for the many assessments they will be taking throughout the next couple of months. I look forward in planning and participating in all the end of year activities.

Respectfully,

*Christy Price*
