

December Board Report

The month of December was fast and productive. Browning Middle School hosted the December Board Meeting and we were able to showcase our staff and students for their hard work and dedication to BMS.

There were 11 instructional days and 1 snow day. The students and staff focused on Instruction and remaining healthy. During the month of December we had large numbers of COVID, the Flu and Strep Throat. The attendance numbers reflect this and it was our goal to remain healthy as much as we could control.

The Spookinapi Coordinator, Kayla Burns, planned, prepared and presented to all grade levels for one class period on the education of Vaping. Students were shown different chemicals that are in Vapes and were also shown the effects on a body that Vaping causes. Ms. Burns has also started the Insight Class for the students who have a behavior referral for vaping, drugs and/or alcohol. This class has not been provided to BMS students for several years and we are very excited to provide this educational opportunity and prevention for the students.

The Christmas Concert was a success and the Browning Middle School students did an amazing job. The feedback from the students, parents and community was positive and we are always proud of our students for their achievements and ability to showcase their talents.
