ACTION ITEM #8 - Approve Schools of Choice for 2026-27

TRUSTEE  
*SUSAN FLAHERTY*

Move to approve the administrative recommendation to authorize Schools of Choice slots for the 2026-2027 school year, as presented. For Kindergarten through grade 8, the target SOC enrollment is not to exceed 10% of the building population or the total district enrollment, for non-resident students, where there is space available. For Learning Options High School, Schools of Choice acceptance will be determined by program circumstances with administrative input.
