

**LIVONIA PUBLIC SCHOOLS
BOARD OF EDUCATION MEETING
July 26, 2021**

TOPIC: **Central Office Abatement Change Order**

RECOMMENDATION:

Move that the Board of Education of the Livonia Public Schools School District approve funds to pay a change order for asbestos abatement at the Central Office Complex's Administration building to Global Green Services Group, Dearborn Heights, Michigan, in the amount of \$26,560.00.

RATIONALE:

Global Green was the awarded abatement contractor for the C.O. Administration Building renovation. Once work began, additional tile was required to be removed. This was not included in the original scope because the tile in question was underneath a layer of different tile and a layer of carpet. The asbestos tile found and removed was beyond the original scope and necessitates additional funds to be approved by the Board.

BUDGETARY INFORMATION:

General Fund – Capital Projects

RESOURCE PERSONNEL:

Phillip Francis, Director of Operations
