Superintendent Report April 2025**Facilities**

We added some additional gravel next to the baseball field and storage containers over spring break. This is for Baseball and for the upcoming OTF. We had Schumacher electric on site to add a circuit to the elementary building from an underutilized panel to add some capacity in the work areas over what was an overloaded circuit. Hermanson was on site and replaced two pressure pumps to our well system. These provide the pressurized water to our site. Upcoming, OTF facility prep.
