

**NORTHWEST REGIONAL ESD STATE SCHOOL FUND REVENUES REQUEST
RESOLUTION****POLICY ISSUE / SITUATION:**

House Bill 3401 approved by the 2013 Oregon Legislature allows school districts in Clatsop, Columbia, Tillamook, Washington, Lane, Hood River and Wasco Counties to request up to 75% of all amounts received from the State School Fund (SSF) and attributable to the school district directly from the Education Service District effective July 1, 2015. A school district board must make this request to the Education Service District board, and must designate the percentage to be withdrawn from the ESD. Districts who elect to request more than 50% of the State School Fund attributable to the school district may act only in an advisory capacity for decisions made in relation to the governance of the Education Service District, including the Local Service Plan.

BACKGROUND INFORMATION:

The purpose of Oregon's Education Service Districts is defined in Oregon law (ORS 334.005): *Education Service District assist school districts and the State of Oregon in achieving Oregon's education goals by providing equitable educational opportunities for all of Oregon's public school students.*

Each ESD provides regional services to its component school districts, primarily in areas that the school districts alone would not be able to adequately and equitably provide. Examples would be high cost technology systems and children with severe disabilities who qualify under the category of high cost but low incidence. These services are basically offered within four large categories: Special Needs Children, School Improvement, Technology and Administrative services.

The Northwest Regional Education Service District (NWRES D) is funded through the SSF formula (4.5% of SSF) on an ADMw basis. Beaverton will request 75% of NWRES D SSF revenues to be distributed directly to Beaverton School District.

Under the HB 3401 process, Beaverton will still be a regional partner with neighboring districts. However, Beaverton School Board will no longer be a voting member on the Local Service Plan.

Beaverton Schools used this model for 2014-15 to request the maximum 65%, and continued in 2015-16 with the maximum 75%. Beaverton Schools follows the path of other large districts in the state in regard to ESD services. Salem-Keizer has fully opted out. Portland, Eugene and Hillsboro have all requested distribution of revenue in lieu of service.

RECOMMENDATION:
