**Principal's General Narrative:** Students have taken the STAAR Exams and teachers are working with the few 8<sup>th</sup> grade students who will be taking a second round of tests in Math and Reading during the month of May.

Jr. High athletes are in the off-season program to condition and train for the various fall sports. They have competed well during the spring and represented the district well.

7<sup>th</sup> grade Band students have been preparing for competition and we expect them to do well also.

Teachers are working diligently to keep students focused on finishing up the course work that remains for the last six weeks.

Lizzie Sider presented a great program for the 3-8 grades on bully prevention. Her program was followed by a good informational program for 6-8 grades on cyber-bullying and dangers by Homeland Security Investigations.
