EAST MINICO MIDDLE SCHOOL

Principal’s Message

People become educated because of the work they do. To learn we must talk, read, imagine, build, practice, and think. Merely being present while someone else tries to pour something into us does not mean we learn. Learning requires work. The staff of East Minico is continually working to provide a curriculum that meets the need of our modern world. We will provide a safe and secure environment for all students. Our school must be FREE of fighting, bullying, vulgarity, and drugs. We will achieve these goals with the help and cooperation of parents and students.

Sincerely,
Kevan Vogt - Principal
Karen Skeen – Vice Principal
Shelley Merrill - Counselor

No charging will be allowed the last three weeks of school. Charges not collected will be carried over to the next school year.

ATTENDANCE

1. School Release: The school cannot release students of compulsory school age (seven through sixteen) for hunting, working, going to conferences, travel, etc. Parents assume responsibility for taking their children out of school. Parents should notify the school of their intentions of taking their students out of school for reasons other than illness. It is better to make arrangements in advance so as not to jeopardize the academic standing of the student. The school will cooperate within reason for make-up work. When students are absent from school the parent/guardian is required to furnish to the school a statement of reason for the absence. Such a statement is to be furnished on the first day the student returns to school and should be signed and dated. Telephone calls of the school office may be substituted for a written statement.

2. Absences: Authorized: An authorized absence will be considered as an illness and or school activity. Students shall be counted as absent on a period by period basis unless they are involved in the following: approved school activities, individual and group counseling activities within the immediate school setting, involvement in discipline proceedings, special education Child Study Team meetings, standardized tests and health related activities within the immediate school setting such as health screening programs and emergency first aid. Parents should notify the school on the day their student is absent or prior to an expected absence. If the principal or designee determines that such absences are questionable, he/she may institute a review as may be needed. District Policy 501.12 states whenever a student is not present in a class at least 90% of the time, credit for the class will be denied. All absences, excused or unexcused count toward the 90% attendance requirement. Parents who wish to appeal the denial of credit may do so. Any such appeal must include reasons for each specific absence, and provide verification from a licensed physician regarding medically necessary absences.

3. Grading Procedure and Make-Up: Students missing a class because of extra-curricular activities, school functions, or an authorized absence must make arrangements for make-up work. For each day absent, two days will be allowed to complete all make-up work. No make-up work or grade will be allowed for truancy, but the student is held accountable for all course material.

4. Returning To School After An Absence: Students are required to bring their excuse to the office if their parents have not already called the school prior to the beginning of school on the day of their return. If a note is not taken to the office or a parent has not called, the student will be required to call home and get an excuse.

5. Homebound Student:

- a. Absence for illness or other extraordinary circumstances that equal ten consecutive days or more will be eligible to place a student on a home-bound instruction program in which the student will not be considered absent. Parents must contact the school if they desire their child to be placed on a homebound program.
- b. The teacher's roll book shall be the official attendance record for the student.

6. Extraordinary Circumstances: Extraordinary circumstances may be defined summarily as one time occurrences, absence or needs for absences which would not normally occur on any type of regular basis. Some examples of extraordinary circumstances are: (a) extended illness or disabilities of such severity that the student cannot attend school regularly; verification of the extended illness must be obtained from a licensed physician; (b) involvement in an accident or other malady which would preclude regular attendance until full recuperation; verification of the need to be away from the school setting until recuperated to be verified by a licensed physician and educational and travel programs initiated by the parents which may or may not be sanctioned or sponsored by the School District.

7. Withdrawals: All students withdrawing from school must be present a signed statement from their parent or guardian, stating the reason for withdrawal. These statements will be given to the counselor who will assist the student to withdraw properly.

8. Unauthorized Absences/Truancy:

- a. Occurs when student leaves school without permission after reporting to school.
- b. Occurs when there is an unauthorized absence from any class.
- c. Occurs when any student is absent from school without knowledge and permission of his/her parent/guardian or school authorities.
- d. Occurs when any student is involved in an excessive and consistent number of absences. Not more than three (3) absences of this type in any Semester will be permitted

9. Administration Of Truancy Policy:

- a. The home will be notified immediately after the first truancy and a conference with the student will be held with the principal, counselor, or teacher and parent/guardian.
- b. Upon the second truancy, the student will be temporarily suspended from school.
- c. Upon the third truancy, the student will be considered habitually truant and shall be referred to a school review committee, and or a truancy petition will be filed with the court as per Idaho Code 33-206, which may lead to suspension and/or expulsion from school.
- d. East Minico is a closed campus. Once a student arrives at school, he/she is not permitted to leave the school grounds during regular school hours (this includes lunch). If students must leave the building because of illness or any other emergency, they must sign out with the principal, counselor, or secretary, and not following the procedure will be considered truancy.
- e. If a student is not in the classroom when the tardy bell rings, he or she will be considered tardy. Students will be assessed detention for each tardy. (It is the teacher's prerogative to judge if the tardy is excused or unexcused based upon the information available). Also, the student will receive one class absence for each tardies. If a student is out of class without permission it is counted as a truancy. The parent will be called and they will serve one hour after school detention.
- f. No make-up work will be allowed for truancy.

Student Permanent Records: East Minico shall provide parents/guardians access to their student's records maintained by the school district office or the school according to School District Policy.

PROMOTION & RETENTION

It shall be the policy of School District No. 331 to promote a student in grades 1 - 8 to the next grade providing he/she is so recommended by the building principal. The building principal after consultation with parents, teachers, counselors and other pertinent consultants, shall have the prerogative to retain a student.

Whether or not a student remains at a middle school or goes to the High School will be evaluated on an individual basis as to what is best for the student at the conclusion of each semester.

LOCKERS

Students are to use only their assigned lockers and to keep their lock combination confidential. All lockers are to be kept locked! No personal locks are to be placed on lockers. A fee of \$5.00 will be charged to a student if his/her assigned P.E. lock is not turned in when requested.

Lockers shall be kept neat and clean. *No stickers, tape, pictures, or writing shall be placed on any part of the locker.* Drinking mugs are not allowed in the school or in the student lockers. *Lockers and desks are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers and desks. Authorized school officials may open and inspect lockers and desks when there is reasonable cause that the locker or desk may contain items which may be a threat to safety and security. Such a search may be conducted without a search warrant and without notice or consent.* Lockers are searched several times during the school year.

RENAISSANCE PROGRAM

What is Renaissance? Renaissance is an incentive program that recognizes and rewards students for academic excellence. It is a program in which area businesses reward students for working towards academic excellence via discounts and other incentives.

To participate in the program students must do three things:

- Obtain an activity card or an ID on which to attach their Renaissance sticker.
- Sign a contract.
- Maintain a minimum G.P.A. of 2.75

If you would like more information about the program, please contact Mrs. Prien in the library during school hours. A list of participating businesses will be handed out when first semester stickers are given out.

INTERNET POLICY

Individual users of the Internet have the ultimate responsibility to use Internet resources appropriately. All Internet users are expected to use the network for purposes appropriate to the educational environment at all times. Users must refrain from any use that is not consistent with the policies, purposes, or objectives of the Minidoka County School District. Every student and parent must sign this policy

East Minico requires every student and parent to sign for Internet use in accordance with District Policy number 512.97/412.97. Adopted December 16, 1997

This is for the safety of the students. Pirate Academy is from 3:15 – 5:00, Tuesday and Wednesday. There will **NOT** be Pirate Academy on early dismissal days. All students enrolled on the active list at East Minico are entitled to their right of freedom of expression as long as the actions are not in violation of State, District, or School Policy.

The Administration reserves the right to both search and seize any material (s) in violation of School Policy. This search and seizure can include a student's person, vehicle, locker, backpack, gym bag, purse, etc. This action can be done at any time, with no prior warning, as search warrants are not necessary to perform this action in the school setting. Any student found in violation of school policy during any search will be disciplined accordingly, which includes the possibility of legal action.

3. Not impede the free movement of traffic.

When students participate as members of an approved student body organization (s), they shall assemble as authorized by the Principal or said designee.

STUDENT INJURIES

Even with the greatest precautions and the closest supervision, accidents can and do happen at school. They are a fact of life and a part of the growing-up process children go through.

Parents/guardians need to be aware of this and be prepared for possible medical expenses that may arise should their student be injured at school. The School District does not provide medical insurance to automatically pay for medical expenses when students are injured at school. This is the responsibility of the parents or legal guardians. The district carries only legal liability insurance. The district does make student accident insurance available to families for their individual purchase. Brochures outlining the coverage and premiums are handed out at the beginning of the school year, and are available at the school office. Parents/guardians, please be prepared to pay for your student's possible medical expenses.

STUDENT BEHAVIOR

The law charges every teacher and principal with maintaining order and discipline among students and provides that students who do not comply with reasonable rules may be suspended and further discipline steps will be taken.

Actions taken to control and correct undesirable student behavior should take individual circumstances into account, but always be most concerned for the safety and educational welfare of the majority of the students. It is the principal's responsibility to take actions as necessary to protect students and teachers from dangerous or socially detrimental actions of students. Where there is serious doubt, the student would be suspended until the question is resolved to the satisfaction of the principal.

Drugs, Alcohol and Tobacco:

For complete District Policy Manual see District Office or East Minico's Office.

Date of Adoption: April 18, 1995

REVISED: July 21, 1998

Minidoka County School District recognizes that substance abuse, the harmful use of drugs and alcohol, and the problems associated with it are becoming increasingly commonplace in our society. We recognize that a student's involvement with drugs and alcohol may cause problems in their daily lives. We also recognize that in many instances a student's involvement can lead to the illnesses of chemical dependency and alcoholism. We support prevention, early intervention, and appropriate referral. Our intent is to identify and document behaviors/appearances that would be considered detrimental to the student. We will be involved in disciplinary action when a violation of this policy occurs in order to convey the message that drugs, alcohol, tobacco and controlled substance abuse will not be tolerated in our schools.

We believe in the value of training employees to help recognize and to increase awareness levels. We wish to encourage continuing training in this area among employees through the state and district programs and through our employee's own efforts.

Minidoka County School District believes that along with the parents and the community, the school has a role to play in helping students understand the health risks and dangers of alcohol and drug use. Therefore, we will cooperate by acting as a resource to students, parents and teachers. Our intent is to act as an educator, identifier, referring agent to promote the safety, health, and well-being of our students.

Upon completion of the school's evaluation, the building designee may choose to initiate procedures for evaluation by law enforcement. The law enforcement evaluation may result in the transfer of school custodial responsibility to that of law enforcement in accordance with Section 20-516, Idaho Code subject to disciplinary action as outlined in the following manner.

Drug, Alcohol, Tobacco and Controlled Substances Procedure:

First Offense: While in attendance at the middle school level: law enforcement and parents will be contacted immediately upon suspicion of the violation. The student and parent(s) may be required to attend the district's parenting classes and provide verification of completion to the school district. The student may, at their own expense, be required to receive a professional drug/alcohol assessment conducted by a qualified alcoholism/substance abuse counselor and follow recommendations. A release of information to the school district is required. Upon returning to school, the student will be required to follow the readmission conditions as specified by the school level administration.

Second Offense: While in attendance at the middle school level law enforcement and parents will be contacted immediately upon suspicion of the violation. Upon verification of the offense, the student will be suspended from school five (5) days. If an additional offense while in attendance at the middle school level occurs, parents and law enforcement will be contacted immediately upon suspicion of the violation. The student will receive suspension for the next five school days (additional days may be recommended by the Superintendent of Schools and the Board of Trustees). The student will be recommended for expulsion. The duration of the expulsion may be up to three semesters. Student Activities Drug and Alcohol Policy: Refer to the District Extra Curricular Activities Handbook.

Discipline of Special Education Students: A violation of prohibitions in this policy by any student who qualifies for special education services under the Individuals with Disability Education Act (IDEA) or Section 504 shall be handled on a case by case basis according to Federal and State laws.

Referral of Possible Substance Abuse to Behavioral Management Team: Whenever a concern is expressed regarding a student's behavior in conjunction with possible use of drugs, alcohol, tobacco, and/or controlled substances, the student will be referred to the Behavioral Management Team.

Controlled Substances Referral to Law Enforcement: Once a student is reasonably suspected of being in violation of the law and this policy regarding controlled substances, regardless of any previous voluntary disclosure, the building principal will immediately notify the local law enforcement agency and will seek a law enforcement evaluation of the student. The evaluation may seek transfer of school custodial responsibility to the state department of juvenile corrections.

Any student exhibiting inappropriate behavior that suggests "using" or "being under the influence" of controlled substances will be immediately escorted by a district employee to an administrative office for interviewing and observation by an intervention-trained specialist. Except in the case of an emergency, the student will not be left unattended and will not be allowed to leave the school premises.

The principal or designee will refer the student to the law enforcement agency upon observing and/or interviewing the student and reasonably suspecting that the student is using or under the influence of a controlled substance. The district employees will cooperate fully with any law enforcement investigation of a violation of this policy, including but not limited to providing access to lockers, desks, and other school property, and providing oral and/or written statements regarding the relevant events.

The principal, and/or any other employee having observed the student's behavior will document his or her observations of the student; the documentation will be provided to the law enforcement agency, and a copy will be placed in the student's discipline record.

Weapons and Dangerous Items: Implements manufactured, used or intended for use as weapons may not be carried at school or on the way to and from school. Students found in possession of weapons shall immediately be referred to the appropriate law enforcement agency and suspended from school until a thorough investigation is made of the circumstances. If there is satisfactory evidence that the student's continued attendance will be dangerous to other persons, expulsion proceedings shall be initiated. The following items are specifically prohibited: Guns, Ammunition, Snap blade knives, non-closing knives, razors, firearms, fireworks, explosives (including caps and fire crackers), "first loads" and brass knuckles, chains, iron bars, laser pointers, and other objects capable of being used as weapons will be considered as such unless the circumstances indicate contrary. All weapons, whether or not listed herein, are similarly prohibited. The use of any normally non-dangerous implement such as a stone, table fork, board, stick, baseball bat, matches, pins, darts, needles, and toothpicks, as a weapon shall not be brought to school by students. Any of the above mentioned items will be confiscated as evidence and not returned.

Possession, use, or attempt to use on school property or in any school building, anything as a weapon will result in the student being immediately handled in a manner that is consistent with the current school district policies entitled "Suspension" and "Expulsion."

Specific requirements and laws shall prevail under certain circumstances that relate to Special Education.

ANY STUDENT HAVING IN HIS/HER POSSESSION A WEAPON, AS DEFINED UNDER THE GUN FREE SCHOOL ACT, ON SCHOOL PROPERTY OR IN ANY SCHOOL BUILDING, OR AT ANY SCHOOL SPONSORED ACTIVITY, WILL BE IMMEDIATELY SUSPENDED FROM THE SCHOOLS OF THE DISTRICT AND RECOMMENDED TO THE BOARD OF TRUSTEES FOR EXPULSION. SUCH SUSPENSION WILL BE FOR THOSE DAYS PERMITTED BY LAW UNDER IDAHO CODE 33-205. SEE POLICY #502.41 FOR FURTHER DETAILS

Inappropriate Items for School: Riding skateboards, blade skates, etc, on school property is prohibited. Students who choose NOT to keep this rule will be subject to the consequences defined in the school discipline plan. (See #15 on page 14). The following items have no place on the school grounds: Walkmans, portable radios, cellular telephones, pagers, cameras, cassettes, CD's, electronic games, game boys, toys, hats, sunglasses, or large amounts of money.

The above items are considered to be disruptive to the educational process. Items not previously approved by the teacher for use in the classroom will be confiscated and turned into the office. Confiscated items may be relinquished.

Immoral Conduct: Although students come from homes and social groups with differing moral practices, the school shares responsibility with the homes and other agencies for teaching students what behavior does and does not meet generally acceptable community standards of morality. Children cannot always be sheltered from exposure to immoral influences. However, the principal must exercise judgment and care to prevent exposure of students to harmful influences.

Any student who commits or attempts to induce another student to commit an act or acts of immoral conduct, that in the principal's judgment may be harmful to others or bring discredit to the District, shall be suspended until suitable corrective action can be determined. If it appears that the law may be violated, the student shall be referred to the police. After study of the problem, the student shall either be (1) readmitted or (2) recommended to the School Board for expulsion.

Hazing and Initiation: There will be no hazing or initiation of students. Students who fail to keep these rules will be subject to appropriate disciplinary consequences.

DRESS POLICY

Policy Number 507.98

Date of Adoption: July 21, 1998

In order to ensure academic excellence, behavior and personal responsibility, dress will be of a nature that sets a school-wide tone of caring about personal pride, and the courteous customs of the society in which we live. The purpose of this policy is to model and promote a safe, productive, and professional environment for students, staff and the community. This policy will apply equally and without bias based on race, color, religion, national origin, disability.

Requests for clothing and/or appearance change, assignment of discipline referrals and general discipline policies will be used as the enforcement tools of this policy. Pursuant to the above philosophy and in an attempt to create a workable and enforceable standard of dress, the following guidelines are delineated:

- 1. General:** Clothing should always be clean, mended, and suitable to body size and in good taste. Clothing including shirts, book bags, backpacks, accessories (including notebooks and binders) with messages, writing, graffiti, and/ or insignia which advertise, endorse, and/or promote drugs, tobacco, alcohol, profanity, illegal activities, racially derogatory or “hate group” references, Satanism, death or destruction, violence, shock-rock, sadism, gangs, racial separatism, and sexual innuendo are prohibited.

Pants that cannot be held up without a belt are forbidden. Bib type overalls/coveralls shall be worn with the bib up. Clothes must conceal undergarments at all times. Clothing which is unduly revealing or attire which detracts in any way from the educational mission of the schools’ instructional program is unacceptable.

Bandannas are prohibited as attire in the school building.

Final Considerations: This policy will be in effect during all school hours and regular work days and at all school sponsored activities and events. Coaches and teachers, with the approval of the individual school site administration, may impose dress requirements to accommodate the special needs of participants in certain

sports, classes, and activities. The administration of the individual school site or district department has the authority to set the mode of attire for “special occasion” days and activities. The administration of the individual school site or district department shall have the discretion to determine if a student’s attire, hair and/or grooming is acceptable and within appropriate standards. DISCIPLINE PLAN

1. **School Wide/Classroom Discipline Plan:** In order to guarantee your child and all the students in our school the excellent educational climate they deserve, we have developed a School wide/Classroom Discipline Plan that will be in effect at all times.

2. **School Wide Rules:**
 - Follow all rules for good conduct.
 - Be present and on time to class unless excused with a hall pass from a teacher.
 - No alcohol, illegal drugs or tobacco.
 - No swearing, obscene language or gestures.
 - Fighting, stealing, disrespect to staff or any action where the safety or welfare to yourselves or others is involved is not permitted.

3. **Outdoors, Hall And Lunchroom:**
 - No crowding in the lunch line. No throwing food. Eat and visit in an orderly manner.
 - No running. No loud noises. No tackle football.
 - Keep hands and feet to yourselves. No horseplay.
 - Be courteous. Do not disrupt classrooms, from inside or outside.
 - The back playing field, trees, and parking lots are off limits during school.

4. **School Bus Discipline:** Safety is of prime importance for our boys and girls as we transport them to and from school. This depends upon safety alertness on the part of the bus drivers and good conduct on the part of the students being transported. Rules and regulations will be enforced by the bus driver. Parent/guardian and teachers can cooperate to make the bus ride a safe one. We ask that parent(s)/guardian(s) discuss good bus conduct with their children and to assume responsibility for good conduct. The administration, the principals and the teachers will also do their best in promoting good school bus conduct. Loud talking, swearing, pushing, general nuisance, and pranks cannot be tolerated on a school bus to distract the attention of the drivers. We will appreciate the cooperation of all to aid in good safety habits.

Bus drivers will report all cases of violation of bad conduct to the Principal(s) and the Director of Pupil Transportation. The student will be given a notice of violation of bad conduct. The following will be necessary:

The “first” note is only a warning that the above has taken place. (This note must be signed and returned to the driver the next morning in order for the student to ride the bus).

The “second” note will bring disciplinary action and possible suspension of bus riding privileges from one (1) to four (4) days. Parent/guardian must be contacted by the Director of Pupil Transportation to see if a solution to the problem can be reached. If a solution is not agreed upon, the conference is held with the Superintendent or his representative.

The “third” note may bring suspension from one day to complete suspension from riding the bus. Parent/guardians must meet with the bus driver, the Director of Pupil transportation and the Principal (s) if the student is to be allowed to ride the bus after the temporary suspension periods. The Principal(s) may suspend students from riding the bus from one (1) to two (2) weeks. Students recommended for permanent suspension must be referred to the School Board for official action.

The bus driver will not exclude a student from the bus as it goes to or from the school unless an emergency endangering the safety of the other children demands immediate exclusion of the violator. In all cases, except emergencies, exclusion of the violator will come after the parent/guardian has been properly notified under the above regulations for first, second and third notices.

- 5. Severe Clause:** Written notice will be issued to student and the parent will be notified (call or written notification) Suspension, in school or out issued may be up to 5 days. Continued defiance student may be referred to Expulsion Committee.

Requests for clothing and/or appearance change, assignment of discipline referrals and general discipline policies will be used as the enforcement tools of this policy.

- 6. With Law Enforcement Agencies:** Schools are obliged to work closely with law enforcement agencies in the control of student behavior. In general, these agencies will be called on to assist in handling instances of theft or physical danger, and situations requiring involuntary searching of students.
- 7. Insubordination/Inappropriate Language/Disrespect To Staff:** Any student who refuses to obey a member of the school staff or uses obscene or profane language or gestures in the presence of a staff member are subject to automatic one-hour after school detention and up to an including suspension/expulsion from school.

Students who fail to keep these rules will be subject to appropriate disciplinary consequences.

Sexual harassment may include but not limited to inappropriate touching (patting), implied sexual favors; suggested sexual activity; verbal harassment or abuse that is gender oriented. Any person who believes he or she has been a victim of sexual harassment should report the alleged acts immediately to an appropriate teacher, counselor, and supervisor, principal or superintendent. The Board of Trustees believes that students and employees of the Minidoka County School District #331 have the right to learn and work in an atmosphere which is conducive to the achievement of their fullest potential. Complaints will be investigated following procedures of the School District Policy (502.13)

- 10. Cheating:** To cheat is defined by Webster’ Dictionary as follows: 1) to defraud, swindle; 2) to be dishonest or deceitful. The teachers and administrators at East Minico consider cheating or taking another’s work as

UP-STEP PROGRAM

- Upon receiving the 5th notice, a conference will be held with all of the student's teachers to review the student's status in all classes.
- Upon receiving the 5th notice, a parent conference may be required with all of the student's teachers and principal(s). The student will be up-stepped to 1 hour in all classes. Probation time from all school activities will be assigned by school vice-principal. Students may earn back activities by not receiving any more detentions during said probation time.
- A parent conference includes teachers (if possible) with the principal(s).
- Students can receive 5 more notices at 1 hour after school detention.
- Upon receiving the 10th notice, a conference will be held with all of the student's teachers to review the student's status in all classes.
- With the 10th notice, another parent conference is required with all of the student's teachers and principal(s). A parent conference includes teachers, if possible with principal(s). After School Detention Plan: If a student is given a detention, he/she will take a copy of the detention notice home. The student must bring the notice signed by parent/guardian into the after school detention room or he/she will not be admitted. The detention notice will inform you of the reason for the detention, the date the detention is to be served, the length of the detention, and the teacher who issued it.

By your awareness of the detention, it is our hope that together we might impress upon the student the importance of obeying each teacher's classroom rules. By obeying the rules, the students will not be assigned any detention time and this is the goal desired by both the school and the parents.

If a student does not serve his/her detention on the assigned date, the teacher has the right to increase the amount of time to serve. The only exception to this is if the student had an excused absence on the date of the detention. If this is the case, the student will be required to make up the detention on the next detention date that the student is present.

Detentions are served after school 2 times per week, Tuesday, Wednesday. The student must be in the detention room by 3:15 p.m. The school reserves the privilege of dismissing students from detention if they are disruptive or if they do not come with proper materials. It is the student's responsibility to have transportation following detention and students are to leave school immediately following dismissal from detention.

SCHOOL NURSE

The Idaho Department of Education requires that formal classroom instruction on Sexually Transmitted Disease and HIV/AIDS be presented in Middle School. All seventh grade students will be asked to participate in a program called Sex Respect. Sex Respect is a Minidoka County School Board Approved Curriculum. Sex Respect is taught by certified educators with the option of utilizing a Registered Nurse. The program involves approximately fifteen class periods. The program is taught in a coed classroom setting.

The goals of the Sex Respect curriculum are to enable each individual to develop responsible behavior, positive self-esteem, and respect for others as they make decisions involving their use of sexual freedom. The students will realize that true sexual freedom includes the freedom to say "NO" to sex outside of marriage.

All students are required to have a signed permission slip from a parent/legal guardian in order to participate in this program.

Parents, we would like to encourage your involvement and interest in your student's course work. Parent's manuals are available for you to check out and read so that you can be aware of what your child is studying. If you have any questions or would like to check out a parent manual please call your building principal or contact your child's teacher. Parents you are welcome to attend one or all of the scheduled classes. If you desire to attend a class you must check in with the Principal or Assistant Principal of the school. You must be on time and attend the entire length of the class; this is done to minimize any classroom disruption.

IMMUNIZATIONS

Immunize Today For A Healthy Tomorrow: The Idaho 1992 Legislature Session amended the 1978 Immunization Law making it mandatory that all children (preschool and kindergarten through twelve) have all their immunizations before they can be admitted to school.

Children without an immunization record will not be admitted to school this fall. To register a student for school, a parent/guardian must present a birth certificate and show records of completed immunizations.

Completed immunizations required by the State Of Idaho include:

- 3 Polio
- 4 DPT (Diphtheria, Pertussis, Tetanus)
- 1 MMR (Measles, Mumps, Rubella)
- 3 Hepatitis B (required for children born on or after 11/22/1991)

Parents/Legal Guardians, if your children do not have a completed immunization record, you must take the initiative to have shot records, specific dates, and times of their next inoculation. By Idaho State Law, children will not be registered unless pre-scheduling of needed immunizations has taken place.

Children with medical contradictions of immunization vaccine will be exempted from taking the inoculations. Exemptions are granted on an individual bases.

The rules of "no immunizations--no enrollment" applies to public, private and parochial schools. The State of Idaho felt (specifically measles, diphtheria, and pertussis) they had no choice but to legislate a mandatory immunization ruling. Remember, this legislative mandate affects all school age children. The action of the legislature is to secure a safe and healthy learning environment for all children. Immunization is prevention in action.
