Enrollment and Registration

2007-2008

Enrollment and Registration

As of February 1, 2008, there are 811 students registered for the Extended School Day Program. At each school, the Kindergarten and 1st Grade classes have a maximum enrollment of 16 in order to ensure safety and quality of care. The larger schools which have a population to support more classes; EP Rayzor, Hawk, McNair, Pecan Creek and Providence have separate Kindergarten and 1st Grade classes, while the remaining 13 elementary schools have a combined Kindergarten and 1st Grade class. The second and third grade classes have a maximum enrollment of 22 students. Where the demand is higher and space is available; EP Rayzor, Hawk, and Pecan Creek, there are two second and third grade classes. The first class contains 22 students, while the second contains 15. Fourth and fifth grade classes at all schools are combined, and they are open to 22 students at each school.

The following schools; EP Rayzor, Hawk, McNair, Pecan Creek, Providence, and Wilson appear to have open spaces at this time, but the Extended School Day office staff have already called students to fill the available space, and we are just waiting on those students to register. The wait list exists for prospective Extended School Day participants in schools that are enrolled to capacity. Due to the fact that many parents are waiting on more than one space, some spots remain open when there is not a single child to fill them. For example, although there is one space available in the Kindergarten group at McNair Elementary, the child that is on the wait list has a sibling in the second grade that is a few spaces back on the waiting list. That Kindergartener's parent

is choosing to wait until space is available for both children before they enroll the kindergartener. The following is a breakdown of enrollment and waiting lists at each school:

Tuition and Scholarships

There is a one time fee of \$40 to register each child in the Extended School Day Program. Tuition is \$140 per month, per child. Broken down by week, it comes to \$35 per week or \$7 per day. Children that enroll in the middle of the month pay a pro-rated tuition for the number of days they will be attending. For the year 2007-2008, the ESD program has awarded one two month partial scholarship and one four month partial scholarship. These partial scholarships were for half of the monthly tuition amount, the parent paid \$70 and received a scholarship for the remaining \$70. Scholarships are given on an individual basis, and must be applied for through the main ESD office. The parent provides earnings statements, free/reduced lunch forms, and any other documentation they might deem relevant. The director reviews the information to determine the scholarship award.
