MAKERSPACE: We continue the conversation as a staff about what a makerspace will look like and how the staff wants to use it. I recently attended a Makerspace Workshop with the ROE to bring back more ideas to share.

300 in 3!!!!!! Severe Weather Drill March 5, 2019 I have to give a shout out to the staff after practicing the Statewide Severe Weather Drill. We had 300 kiddos down in the basement all tucked, covered, safe and sound in under 3 minutes. Way to go Lincoln Elementary Faculty!!!!!!

Book Fair The Spring Book Fair was set up on March 7th and 8th for students to purchase reasonably priced books. Thanks to PTO and our volunteer helpers.

Miles of Smiles came on March 7th to provide free dental care to children who do not have access to oral health services. The dental care is provided by a licensed dentist and assistants Generally they set up in a school setting or social service agency, church or community location for ease of access.

PBIS (Positive Behavioral Intervention and Supports) We have been meeting as a team to analyze the current flow chart and behavioral T chart to assure alliance with board policy and the student handbook. The team has been establishing clearly defined behaviors and discipline consequences that follow a procedural guideline that insures consistency.

Apptegy The webinar training from Amanda Skinner went very well. The staff was able to set up accounts easily and began posting things immediately. Teachers felt it was very user friendly.

Report Cards The 3rd quarter ended on March 8th and th 3rd quarter report cards went home on Friday 3/15/19.

Parent Teacher Conferences The Spring P/T conferences were held the afternoon of March 13 with an adequate amount of parent participation.

IAR/PARCC: Infrastructure testing was held as a trial run on March 13 with Mr. Donahue and Mr. Savage present. There were no major issues. Everything went very well and we are prepared for testing to start on April 1st.

We held a Game Day online competition with 2 of our class on March 1st. This is a fast-paced 20-minute online event, where kids are playing math games against other schools in real-time. Texas and Oregon were the 2 state who were randomly selected to be our opponents. The link was posted on facebook so the parents could see the competition in real-time. One of our classes won in one of the rounds! This was a fun way to practice math facts before the upcoming IAR assessment.
