Re: Permission to request bids for a new dishwasher

Background Information

The current food service dishwasher is nearly 20 years old.

Administrative Considerations

Food Service Director Scott Ringberg would like permission to request bids for the purchase of a new dishwasher, including installation. The estimated cost is approximately \$115,000.

If approved, we will begin soliciting bids with the intent to have the dishwasher installed during the 2025-2026 school year.

Options Considered

It is not considered cost effective to continue repairs on a machine this old.

Recommendation

We recommend the Board of Education approve seeking bids as requested.
