TECH EXPANSION DEL RIO WELDING, CONSTRUCTION SCIENCE

- **WELDING LAB READY**
- **EYE WASH STATION & SHOWER COMPLETE**
- **RESTROOMS COMPLETED**
- **BUILDING SIGN INSTALLED**

The image shows a vast, empty industrial or warehouse interior. The ceiling is high, with a complex network of exposed metal beams, pipes, and ductwork. Large, silver, flexible ducts run horizontally across the upper part of the room. Numerous fluorescent light fixtures are suspended from the ceiling. In the foreground and middle ground, there are several rows of black, rectangular privacy screens or partitions, each supported by a thin metal pole. The floor is a smooth, light-colored concrete. On the right side, there is a large open bay door leading outside, where a fire extinguisher is visible on the wall. The overall atmosphere is one of a clean, modern, and spacious facility.

DEL RIO CAMPUS

A photograph of a public restroom. On the left, there is a white pedestal sink with a chrome faucet and a rectangular mirror mounted above it. To the right of the sink, a silver paper towel dispenser is mounted on the wall, with a clear plastic bottle of water placed on top of it. Further right, there are several beige-colored stall doors. The floor is made of concrete and appears somewhat dirty with some stains. A red banner with white text is overlaid at the bottom of the image.
