- B. It shall be the policy of the school district to provide transportation to and from

school, at the expense of the school district, for all resident elementary (K-5) students who reside approximately .7 miles or more from the school, and for all secondary (6-12) students who reside approximately 1.0 miles or more from the school except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student's parent or guardian. (Minn. Stat. § 123B.88, Subd. 1)

- C. The school district may, in its discretion, also provide transportation to any student to and from school, at the expense of the school district, for any other purpose deemed appropriate by the school board, such as safely crossing hazardous conditions. Hazardous crossings include Minnesota State Highways 55 and 25, US Highway 12, BNSF railroad tracks at Wright County Highway 19, Wright County Highway 35 and Wright County Highway 20.
- D. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. Parents of pupils not eligible for bus transportation may purchase transportation if additional seats are available. These purchases will be between contractor and other party. This includes part-time secondary students, early childhood family education participants and area learning center students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor, with the exception of early childhood family education participants and area-learning center students if the provision of such transportation services can be provided without an increase in the school district's expenditures. (Minn. Stat. § 123B.88, Subd. 10, 11, 12, and 13)

V. TRANSPORTATION OF NONRESIDENT STUDENTS

- A. If requested by the parent of a nonresident student, the school district shall provide transportation to a nonresident student within its borders at the same level of service that is provided to resident students. (Minn. Stat. § 124D.04, Subd. 7; Minn. Stat. § 123B.92, Subd. 3)
- B. If the school district decides to transport a nonresident student within the student's resident district, the school district will notify the student's resident district of its decision, in writing, prior to providing transportation. (Minn. Stat. § 123B.88, Subd. 6)
- C. When divorced or legally separated parents or parents residing separately reside in different school districts and share physical custody of a student, the parents shall be responsible for the transportation of the student to the border of the school district during those times when the student is residing with the parent in the nonresident school district. (Minn. Stat. § 127A.47, Subd. 3(b))

VI. TRANSPORTATION OF RESIDENT STUDENTS TO NONDISTRICT SCHOOLS

- A. In general, the school district shall not provide transportation between a resident student's home and the border of a nonresident district where the student attends school under the Enrollment Options Program. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to

the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minn. Stat. § 124D.03, Subd. 8)

- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the school district, if in the discretion of the school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district. (Minn. Stat. § 123B.88, Subds. 1 and 4)

VII. SPECIAL EDUCATION/DISABLED STUDENTS/STUDENTS WITH TEMPORARY DISABILITIES

- A. Upon a request of a parent or guardian, a resident disabled student who requires special education services in a location other than the student's home, shall be provided transportation to and from the student's home at the expense of the school district and shall not be subject to any distance requirement. All requests for special transportation of students with or without disabilities shall be approved by the Director of Special Education. (Minn. Stat. § 123B.88, Subd. 1)
- B. Resident disabled students whose handicapped conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district. The school district shall determine the type of vehicle used to transport disabled students on the basis of the handicapping condition and applicable laws. This provision shall not be applicable to parents who transport their own child under a contract with the school district. (Minn. Rules Part 7470.1600)
- C. Resident disabled students who are boarded and lodged at Minnesota state academies for educational purposes, but who also are enrolled in a public school within the school district, shall be provided transportation, by the school district to and from said board and lodging facilities, at the expense of the school district. (Minn. Stat. § 125A.65)
- D. If a resident disabled student attends a public school located in a contiguous school district and the school district of attendance does not provide special instruction and services, the school district shall provide necessary transportation for the student between the school district boundary and the educational facility where special instruction and services are provided within the school district. The school district may provide necessary transportation of the student between its boundary and the school attended in the contiguous district, but shall not pay the cost of transportation provided outside the school district boundary. (Minn. Stat.

§ 125A.12)

- E. When a disabled student or a student with a short-term or temporary disability is temporarily placed for care and treatment in a day program located in another school district and the student continues to live within the school district during the care and treatment, the school district shall provide the transportation, at the expense of the school district, to that student. The school district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the school district receives a copy of the order, then the school district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the school district during regular operating hours of the school district. (Minn. Stat. § 125A.15(b); Minn. Stat. § 125A.51(d))
- F. When a nonresident disabled student or a student with a short-term or temporary disability is temporarily placed in a residential program within the school district, including correctional facilities operated on a fee-for-service basis and state institutions, for care and treatment, the school district shall provide the necessary transportation at the expense of the school district. Where a joint powers entity enters into a contract with a privately owned and operated residential facility for the provision of education programs for special education students, the joint powers entity shall provide the necessary transportation. (Minn. Stat. § 125A.15(c) and (d); Minn. Stat. § 125A.51(e))
- G. Any parent of a disabled student who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minn. Stat. Ch. 125A. (Minn. Rules Part 7470.1600, Subd. 2)

VIII. HOMELESS STUDENTS

- A. Homeless students shall be provided with transportation services comparable to other students in the school district. (42 U.S.C. § 11432(e)(3)(C)(i)(III)(cc) and (g)(4)(A))
- B. Upon request by the student's parent, guardian, or homeless education liaison, the school district shall provide transportation for a homeless student as follows:
 - 1. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements within the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location if the shelter or non-shelter location is two or more miles from the school of origin and the student's transportation privileges have not been revoked. (42 U.S.C. § 11432(g)(1)(J)(iii)(I))
 - 2. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements outside of the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location if the shelter or non-shelter location is two or more miles from the school

of origin and the student's transportation privileges have not been revoked, unless the school district and the school district in which the student is temporarily placed agree that the school district in which the student is temporarily placed shall provide transportation. (Minn. Stat. § 125A.51(f); 42 U.S.C. § 11432(g)(1)(J)(iii)(II))

3. If a nonresident student is homeless and is residing in a public or private homeless shelter or has other non-shelter living arrangements within the school district, the school district may provide transportation services between the shelter or non-shelter location and the student's school of origin outside of the school district upon agreement with the school district in which the school of origin is located. (Minn. Stat. § 125A.51(f))

IX. MANNER OF TRANSPORTATION

The scheduling of routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, the determination of fees, and any other matter relating thereto shall be within the sole discretion, control and management of the school board. The school district may, in its discretion, provide room and board, in lieu of transportation, to a student who may be more economically and conveniently provided for by that means. (Minn. Stat. § 123B.88, Subd. 1)

A. Alternate Destinations:

1. Students who are eligible for transportation because of the location of their residence may be transported from and/or to a day care provider. An Alternate Destination Form must be completed for permanent change. Transportation will be provided 5 working days after the receipt of an alternate destination form at the beginning of school. Parents are responsible for transportation during those five days. Two weeks after school begins this time period will be decreased to two days.
2. The District 877 transportation system will try to accommodate students being dropped off at alternate destinations (i.e., daycare) on a regular consistent basis. The District reserves the right to deny bus riding privileges for alternate destinations because of overloaded bus conditions, unreasonable scheduling requests or any other factor which may, at the district or transportation company's determination, adversely effect the safety and/or efficiency of the transportation system.

Requests for multiple location pick-ups and/or deliveries (i.e., 2 days here, 2 days there) are discouraged. The District reserves the right to deny these requests if they are multiple or inconsistent resulting in confusion, safety threat, longer bus ride, etc., to students, drivers, the District and/or transportation company.

3. Students will not be allowed to change routes for parties, meetings, or any other short-term event. Last minute changes to a regular schedule of drop off and pick up will not be allowed. A 48 hour notice is required for changing to another regular bus stop. A parental permission slip must be turned in to the Principal's office 48 hours before the change. The school district will attempt to verify if possible. Last minute changes can only be made for extreme emergencies.

B. Carry-On Items:

1. All students carrying additional items onto the bus must be able to accommodate these carry-on items on their lap or the item must be in complete control of the student and adequate space be available on the bus. There are no seat accommodations for large objects. Parents are reminded to eliminate any dangling or hanging item on student clothing.

C. Scheduling & Routing:

The following criteria has been selected for determining bus schedules:

1. **Walking Distance to Stop:** Whenever possible, a bus stop will be within $\frac{1}{4}$ mile of the driveway of a kindergarten student and $\frac{1}{2}$ mile of the driveway or road for all other students.
2. **Time on Bus:** Whenever possible, normal routing shall be scheduled so students will have a maximum of 60 minutes on the bus.
3. **Roadways:** Buses will travel on roads classified as at least five (5) ton roads. The road must be owned and/or adequately maintained by a governmental body. Buses will only travel on public roads to pick up regular students, except for routing convenience or safety as determined by the bus company.
4. **Housing Developments:** When buses are directed to enter housing developments, they will do so only if:
 - a. It has a Cul-Du-Sac with a minimum diameter of 100 feet for T turn-around of 100 feet.
 - b. It has a square block for a turn-around.
 - c. Maintenance and snow removal will be wide enough to accommodate a safe bus turnaround.
 - d. It complies with the five ton minimum.
 - e. Turn-around points must have a clear unobscured vision.
 - f. The road must be wide enough to safely accommodate on-coming traffic.

If these criteria are not met, buses may not enter roadways or housing developments to insure the safety of those students on the bus.

Pick Up Points: The Board of Education has designated the District's contractor to select pick up points subject to the transportation committee's approval.

Exceptions: Exceptions to these rules may become necessary due to various geographical conditions and factors as determined by the administration.

X. RESTRICTIONS

Transportation by the school district is a privilege and not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the school district's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 U.S.C. § 1415 (Individuals with Disabilities Act), 29 U.S.C. § 794 (the Rehabilitation Act), and 42 U.S.C. § 12132, (Americans with Disabilities Act) are governed by these provisions. (Minn. Stat. § 121A.59)

If a student does not show up at a bus stop for 10 consecutive days the stop will be eliminated until a parent informs the bus company of their intent to reinstate the bus stop. Forty-eight hours notice will be needed to reinstate the stop.

XI. FEES

- A. In its discretion, the school district may charge fees for transportation of students to and from extra curricular activities conducted at locations other than school, where attendance is optional. (Minn. Stat. § 123B.36, Subd. 1(10))
- B. The school district may charge fees for transportation of students to and from school when authorized by law. If the school district charges fees for transportation of students to and from school, guidelines shall be established for that transportation to ensure that no student is denied transportation solely because of inability to pay. (Minn. Stat. § 123B.36, Subd. 1(11))
- C. The school district may charge reasonable fees for transportation of students to and from post-secondary institutions for students enrolled under the post-secondary enrollment options program. Families who qualify for mileage reimbursement may use their state mileage reimbursement to pay this fee. (Minn. Stat. § 123B.36, Subd. 1(13))
- D. Where, in its discretion, the school district provides transportation to and from an instructional community-based employment station that is part of an approved occupational experience vocational program, the school district may require the payment of reasonable fees for transportation from students who receive remuneration for their participation in these programs. (Minn. Stat. § 123B.36, Subd. 3)
