

Terrell Independent School District

Executive Summary Report

Date	District Goal	
December 16, 2024	Goal 1: Student Achievement: Accelerate student learning to dramatically increase the number of students who perform on or above grade level.	

Agenda Item: Consider Approval of the MOU between Terrell State Hospital and Terrell ISD

Summary:

The purpose of this item is to have a board approved agreement for educational services provided to students that are residing at Terrell State Hospital (TSH) for the 24-25 School Year.

Upon admission to TSH, school-aged children are students living within the boundaries of Terrell ISD. Terrell ISD is responsible for providing free and appropriate educational services to these students. The Memorandum of Agreement documents the shared responsibilities that will be provided to these patients/students on behalf of the district and the TSH.

Attachments:

See attached Memorandum of Agreement between Terrell ISD and Terrell State Hospital.

Administrative Recommendation:

Administration recommends that the Board of Trustees Approves the MOU between TSH and Terrell ISD
