INSTRUCTION

6:135 Accelerated Placement Program

The District provides an Accelerated Placement Program (APP). The APP advances the District's goal of providing educational programs with opportunities for each student to develop to his or her maximum potential. The APP provides an educational setting with curriculum options usually reserved for students who are older or in higher grades than the student participating in the APP. APP options include, but may not be limited to: (a) accelerating a student in a single subject; (b) other grade-level acceleration; and (c) early entrance to kindergarten or first grade. Participation in the APP is open to all students who demonstrate high ability and who may benefit from accelerated placement. It is not limited to students who have been identified as gifted and talented. Eligibility to participate in the District's APP shall not be conditioned upon the protected classifications identified in Board policy 7:10, *Equal Educational Opportunities*, or any factor other than the student's identification as an accelerated learner.

The Superintendent or designee shall implement an APP that includes:

1. Decision-making processes that are fair, equitable, and involve multiple individuals, e.g. District administrators, teachers, and school support personnel, and a student's parent(s)/guardian(s);
2. Notification processes that notify a student's parent(s)/guardian(s) of a decision affecting a student's participation in the APP; ~~and~~
3. Assessment processes that include multiple valid, reliable indicators; ~~and~~
4. By the fall of 2023, the automatic enrollment, in the following school term, of a student into the next most rigorous level of advanced coursework offered by the high school if the student meets or exceeds State standards in English language arts, mathematics, or science on a State assessment administered under 105 ILCS 5/2-3.64a-5, as follows:[PRESSPlus1](#)
 1. A student who meets or exceeds State standards in English language arts shall be automatically enrolled into the next most rigorous level of advanced coursework in English, social studies, humanities, or related subjects.
 2. A student who meets or exceeds State standards in mathematics shall be automatically enrolled into the next most rigorous level of advanced coursework in mathematics.
 3. A student who meets or exceeds State standards in science shall be automatically enrolled into the next most rigorous level of advanced coursework in science.

The Superintendent or designee shall annually notify the community, parent(s)/guardian(s), students, and school personnel about the APP, the process for referring a student for possible evaluation for accelerated placement, and the methods used to determine whether a student is eligible for accelerated placement, including

strategies to reach groups of students and families who have been historically underrepresented in accelerated placement programs and advanced coursework. [PRESSPlus2](#) Notification may: (a) include varied communication methods, such as student handbooks and District or school websites; and (b) be provided in multiple languages, as appropriate.

PRESSPlus Comments

[PRESSPlus 1.](#) Required by 105 ILCS 5/14A-32(a-5), added by P.A. 101-654 and amended by P.A. 102-209, for all districts, including elementary-only districts. Though not explained in the statute, this is likely because State assessments in English language arts, mathematics, and science are required in grades 3 through 8 (105 ILCS 5/2-3.64a-5) and a student's State assessment results may place the student in high school courses. Consult the board attorney about practical implementation issues for an elementary school district, e.g., what to do if the elementary school district does not have a program for students to enroll in high school courses (If the Board has not adopted policy 6:315, *High School Credit for Students in Grade 7 or 8*, the sample can be found at **PRESS** Online by logging in at www.iasb.com.), or if the elementary school district would like to offer advanced coursework not offered by the high school.

A district must provide the parents/guardians of a student eligible for automatic enrollment with the option to instead enroll in alternative coursework that better aligns with the student's postsecondary education or career goals. For a student entering grade 12, the next most rigorous level of advanced coursework in English language arts or mathematics must be a *dual credit course* (as defined in the Dual Credit Quality Act, 110 ILCS 27/5), an *Advanced Placement course* (as defined in the College and Career Success for All Students Act, 105 ILCS 302/10), or an International Baccalaureate course. The same is true for all other subjects, except that the next most rigorous level of advanced coursework may also include an honors class, an enrichment opportunity, a gifted program, or another program offered by the district. 105 ILCS 5/14A-32(a-5), added by P.A. 101-654 and amended by P.A. 102-209. See 6:135-AP, *Accelerated Placement Program Procedures*, at **PRESS** Online. **Issue 108, November 2021**

[PRESSPlus 2.](#) 105 ILCS 5/14A-32(b)(1), amended by P.A. 101-654, permits, but does not require this notification. **Issue 108, November 2021**
