

President's Report

November 2020

Strategic Plan

We continue to work on our Mission, Vision and Values statements. Our work has identified key words that represent the essence of our college. Now that work is informing the modifications to our statements. It is a lot of work and discussions to get to this point, but it is a critical step in the process.

Election

Overall election ran very smooth. Having each of the county election administrators conduct the election on our behalf was a great decision. No major issues were noted. Team set up a process to receive vote tabulations and quickly make them available via our website.

Covid-19

Positive covid-19 cases continue to rise. Recorded a video for students & employees, reminding them to remain vigilant. Most of the reported cases are a result of family gatherings. We continue to experience disruptions to our technical and workforce training programs. See the Covid exposure report for details.

Del Rio Roofs

Our private adjusters are still going back and forth with TASB on our insurance claim. We expect another report within next few days that will give us a status update.

Deferred Maintenance

Our team continues to work on developing preliminary cost estimates to address major deferred maintenance items. As we further refined dollar amounts, a report will be presented to the board in order to evaluate if we move forward with a bond restructure to addresses these items.

Events

Turkey Trot will take place as a virtual run – registration is now open
Christmas at the College – limited lights and displays will be put up but no formal event

Upcoming Meeting/Events

11/17	November Board Meeting
11/25-27	Thanksgiving Holiday
12/10	December Board Meeting
12/15	Offices close for Christmas Break
