

# **Maintenance Department Board Report**

## **September 2025**

We are pleased to report a strong and successful start to the 2025-2026 school year across all sites. Below are key highlights and updates from the Maintenance Department:

### **Open House Events**

Our recent open house events at the CTE Shop and Columbia Vista Intermediate School were a success. We welcomed an estimated 800–900 visitors who had the opportunity to tour the new school and connect with staff. The turnout exceeded expectations and helped build excitement in the community for the new school year.

### **School Year Kickoff**

The first day of school went smoothly across all four of our schools. It was especially exciting to see student's as they explored Columbia Vista Intermediate for the first time.

### **Grounds & Athletics Support**

The Grounds Crew has done an outstanding job preparing and supporting our athletics facilities:

- The football field was prepared for our first home game, which resulted in a 7–6 victory a great start to the season.
- The crew has also taken over the grounds at Columbia Vista Intermediate and has been working on preparing the soccer field.
- Final preparations are wrapping up this week, and we're excited to host our first home soccer game at the new school on Thursday, September 11th.

### **New Maintenance Staff**

We're excited to welcome Brok Buchanan to the Maintenance Department. He will begin his role on September 15th and will be located at the High School. Please join us in welcoming Brok to the team

### **Conclusion**

The Maintenance Department has had a productive and successful start to the school year. From supporting community engagement events to ensuring our facilities are ready for students and athletics. We look forward to continuing this momentum throughout the year.
