

Browning Public Schools Activities Report January-February 2022

January- Eekahkimaht Open Gym started mid-January. Because of basketball practice we opened only one gym, which was BMS gym from 8-10pm. The BMS weight room was opened a little earlier for those students who wanted to work out before playing basketball from 7-10pm. Eekahkimaht open gym has been averaging about 75-100 students nightly. Middle School and High School students have been showing up every night and there have been no major incidents or problems. There have been the normal housekeeping issues of trash here and there, but these are issues that are handled with-in the program.

February- On Valentines day, the Eekahkimaht crew made over 700 goody bags and gave them to KW-Vina, BES, and Napi students. We wanted to celebrate this holiday with students K-5. Bags were delivered on Valentines day towards the end of the school day.
