

STUDENT RECORDS

In order to provide appropriate educational services and programming, the Board of Education must collect, retain, and use information about individual students and groups of students. Simultaneously, the Board recognizes the need to safeguard a student's privacy and restrict access to a student's records.

The Board is responsible for maintaining records of all students attending schools in this District. The student record is the legal record for each student who is attending or has attended schools within the District. All information contained in the student record must be factual, verifiable, and of a constructive nature. Only records mandated by the State or Federal government and/or necessary and relevant to the function of the School District or specifically permitted by the Board will be compiled by District employees. The Board authorizes district personnel to request records from previous schools for students transferring into the district. However, no school shall refuse to admit or enroll a student because of that student's failure to present his/her student permanent or temporary record from a previously attended school.

The Board hereby authorizes collection of the following student records, in addition to information provided under Section 8.6 of the Abused and Neglected Child Reporting Act and other records required by law:

- A. observations and ratings of individual students by professional staff members acting within their sphere of competency

 - 2. vocational preference inventories
 - 3. achievement tests
 - 4. standardized intelligence tests

The Board directs that reasonable and appropriate methods (including, but not limited to, physical and/or technological access controls) are utilized to control access to student records and to make certain that school officials obtain access to only those education records in which they have legitimate educational interests.

The Board authorizes the administration to:

- A. forward student records on request from an official records custodian to a school or school district in which a student of this District seeks or intends to enroll upon condition that the student's parents be notified of the transfer, receive a copy of the record if desired or be given opportunity to inspect it, and have an opportunity for a hearing to challenge the content of the record;
