The last three years Leadership Academy has taken this trip to the Oregon Coast.

Some students may not have been on a trip like this before. The teachers do a great job of bringing learning to the beach as students see tide pools, use math skills and other fun activities. This becomes an educational experience for the students that attend.

**List possible disadvantages of your proposal:**

A long day of traveling and possibility of sunburns.

**List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?**

If the school board does not approve, we will have to consider a less enjoyable field trip.
