**March 18<sup>th</sup> Homedale Middle School 8<sup>th</sup> Graders visit the High School:** The whole 8<sup>th</sup> grade class came to the high school on March 18<sup>th</sup>. They were paired up with upper classmen to help guide them through building a four year plan, participate in an extra-curricular fair in the old gym, take a tour through the high school and participate in a question and answer session with the upper class students. This visit will be followed up with a visit to the middle school on May 6<sup>th</sup> to complete the four year plans.

**April 4<sup>th</sup> PTECH presentation to HHS Sophomore and Freshmen students:** Molly Huckabee, a PTECH representative came to HHS on April 4<sup>th</sup> to meet with our 9<sup>th</sup> and some of our interested 10<sup>th</sup> graders to discuss the potential for students to participate in the PTECH program that will be starting up at Homedale HS in the fall of 2015. Students who were interested in participating in PTECH were given application to fill out. Academics and behavior were used to identify potential students to be selected to participate in the PTECH program. Seventeen students who applied were invited to attend a parent meeting to explain the expectations for the PTECH program on April 15<sup>th</sup> in the HS library. Out of those who attend, ten to fifteen students will be chosen to participate in the PTECH program this fall. These students will receive a lap top computer, will be provided an online advisor

and will receive online tutoring for their rigorous course loads. They will also have all of their tuition paid for until they receive their two year degree. HHS will add ten to fifteen new students into the PTECH program each year. This will be a great opportunity for many of our students at HHS.

**April 8<sup>th</sup>-11<sup>th</sup> State FFA Convention in Twin Falls:** Thirty HHS students attended the State FFA Convention in Twin Falls April 8<sup>th</sup> – 11<sup>th</sup>.

The Homedale FFA received the FFA Monsanto Grow Your Community Grant for \$2,500.00 – this grant will fund two scholarships to the Washington Leadership Conference this summer.
