STUUCO SENIORS

**Dawson
Rice**

**Isabel
Clark**

**Zahyra
Cejudo**

Isabel Clark

Isabel is our blood drive aficionado — passionate, dedicated, and endlessly driven when it comes to the things she cares about. She approaches every interest, project, and commitment with genuine heart and determination, always giving nothing less than her absolute best. Whether she is organizing, helping others, or pouring her energy into a cause she believes in, Isabel's enthusiasm is contagious and inspiring to everyone around her. Her compassion, leadership, and unwavering dedication make a lasting impact, and her presence has truly helped shape our community for the better.

Dawson Rice

Dawson is the kind of student who does it all — a dedicated leader, committed servant, and dependable presence in every space he steps into. From his work at the state capitol to the offices and leadership roles he holds in multiple clubs, Dawson consistently gives his time, energy, and heart to making his community stronger. He has a natural ability to motivate others, facilitate meaningful work, and keep people moving forward even when challenges arise. His leadership is steady, encouraging, and deeply respected by those around him. Dawson's drive, work ethic, and passion for serving others make him someone people naturally look up to, and his impact on our school community will be felt long after graduation.

Z Cejudo

Zahyra, or “Z” as many know her, is one of the most dedicated leadership students you could ever hope to work with. She leads with heart, consistency, and an unwavering commitment to making every student feel included and valued. Through her hard work, creativity, and constant support, she has helped guide and shape this class into something truly special for everyone involved. Z has a natural ability to step up when needed, encourage those around her, and turn ideas into meaningful experiences that bring people together. Her leadership is not only seen in what she accomplishes, but in the positive and lasting impact she leaves on the people around her. Our class is better because of her, and her influence will continue to be felt long after this year ends.

**STUCO IS
PROUD OF OUR
SENIORS!**

Thank you!
