- 21-Track@Harper
  - Tennis @ Big Lake
- 22- Tennis @ Eldorado
  - BsB@Eldorado
  - SB@McCamey
- 23- District UIL @ Mertzon

Strategic questioning – Our math and science departments are receiving ongoing training in strategic questioning and instructional strategies in order to improve student learning in the areas of math and science. Recently, the service center came out to provide walk-through training for me and Mr. Clayton. We only focused on strategic questioning and the level of questioning observed. We had follow-up meetings with the math and science departments.

SLR – Our math team is working on our Student Level Review as an ongoing data file for school improvement purposes. We must input cycle grades and benchmark scores for OHS Math students each six weeks and turn this in to TEA.

Senior meetings – We have a few seniors in danger of not graduating; therefore, we have set up parent/student/teacher/counselor/principal meetings each 3 weeks to monitor these individuals. We are continuing to monitor and meet as needed.

The flu season is hit the high school hard as you can see by our attendance decline; however, with the ongoing attendance incentives, I believe we will see another steady incline in attendance.

College Tour - We went to UTPB with over 30 students. They enjoyed the tour. Fed the kids there and they received a free UTPB T-shirt.

UIL – Our recent UIL meet at Sonora revealed great results. We had nine students place in 12 events and the following teams placed as well: Calculator- 1<sup>st</sup> place team; Computer Science- 1<sup>st</sup> place Team; and Literary Criticism- 2<sup>nd</sup> place Team.

Basketball – As you are aware, Congratulations are in order for our playoff boy's basketball team.

Spring Activities –As you can see with our upcoming events, we have many spring activities. Please come support our kiddos.
