

## *DaviRuth Frankson*

Hello friends, it is an honor and an extreme pleasure to present DaviRuth Frankson as our Outstanding Elementary Student.

DaviRuth is a daughter of Amanda Brower and Clement Frankson, she is the granddaughter of Gloria Brown and Ronald Brower and Susie and Clement Frankson Sr. To know Davi is to love her. She fills each day with smiles and laughter to everyone she encounters. Her love of life is shared with others by her smile, laugh and genuine caring for others. She shares her joy with those around her. She is quick to respond if she encounters someone who needs help or understanding. She is a wonderful friend. Not only is Davi a wonderful young lady, but she works very hard every day to be an outstanding student and learner. She loves to work hard and share her work and accomplishments with those close to her. She is a wonderful example of how much a hard-working student can grow as a reader, writer, mathematician, scientist and artist every day. She will accomplish great things in her life. We are so very proud of her. Thank you DaviRuth for being such a wonderful student and person. Keep on working harder to get smarter!
