Re: Recommendation to hire the following: Katie Finucane for grade level teacher TBA @ Prairieview

Prairieview teachers have a tradition of collaboration, personal growth & enthusiasm for their students. Ms. Finucane will be an excellent addition to this tradition and our staff. She comes to us as a recent graduate from Illinois State University with strong recommendations for her relationships with students, willingness to try new instructional ideas, and responsiveness to student learning needs. Ms. Finucane will help our staff grow by bringing innovative new ideas, and benefit from the mentorship of a great veteran staff. Our interview team included teachers from each grade level, as well as support staff who thoroughly understand the needs of all students. Their endorsement was unanimous. We can't wait to have Ms. Finucane at Prairieview!
