## Tom Tiede- Director of Transportation/Buildings & Grounds

June 2025 Board Report

### Transportation

The school year ended successfully in the transportation world and before the dust could settle, we began two targeted summer school routes and one of three outplaced ESY bus routes for our special needs children attending summer ESY. Thank you to the drivers helping cover these as well as the weekly BACC field trips.

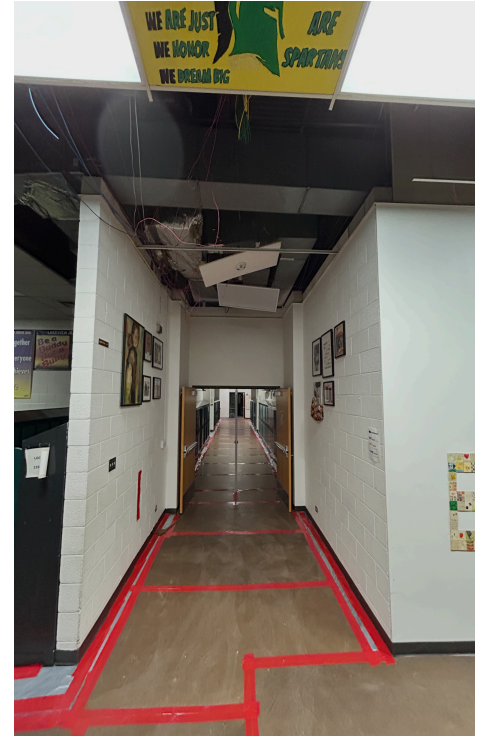

The bus fleet will begin going to the shops for summer maintenance and DOT certifications for the next school year beginning the last week of June and we hope to receive our 3 new buses by mid July.

### Buildings & Grounds

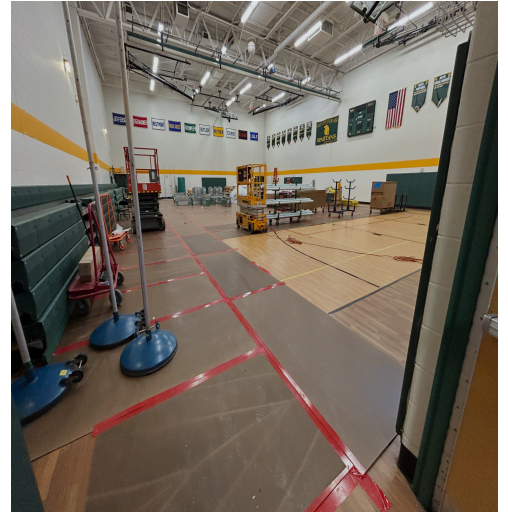

Building construction is in full swing in all three buildings as of the Saturday after our last day of attendance. A recap of all of the current activities and progress is below. As of now, progress is on track and things are moving along as expected.

#### Lakeview:

- Hallway Corridor and A-Wing carpeting has been removed and floor prep begun.
- Ceilings removed in areas where ductwork is being altered or VAV boxes are being added.
- Main electrical switchgear has been replaced and awaiting calibration and startup from COMED.
- Electrical wire and cable runs for new VAV boxes & Thermostats have begun into rooms and offices.

#### Prairieview:

- Classroom unit ventilators have begun to be outfitted with new components including damper controls, freezestat, valving, blower control, etc.
- Cabling runs began for new thermostats in each classroom and to connect new devices to updated BAS.

#### Elizabeth IDE:

- Gym Floor has been completely replaced with new LVT and game lines to match.
